(hereinafter called the "Company")
OF THE FIRST PART

AND

LOCAL 4207, Unifor
(hereinafter called the "Union")
OF THE SECOND PART

ARTICLE I - PURPOSE

- 1.01 The general purpose of this agreement is to establish mutually satisfactory relations between the Company and its employees and to provide a process for the prompt and equitable disposition of grievances and to establish and maintain satisfactory working conditions, hours of work and wages for all employees who are subject to the provisions of this agreement.

The Company and the Union recognize that the two plants covered under this collective agreement may have different needs and interests. Both parties agree to adhere to the terms of this collective agreement at each location but also recognize that each plant may agree on separate solutions to meet their individual needs. If such need arises, Representatives of the Company and Representatives of the Union, which will include the President of the Union and the two (2) respective chairpersons, will meet in order to attempt to find a mutually agreeable solution to the specific issue.

ARTICLE II - RECOGNITION

- 2.01 The Company recognizes the Union as the sole bargaining agent of all employees of the Company, save and except supervisors, persons above the rank of supervisor, engineering, office and sales staff and persons regularly employed for not more than twenty-four (24) hours per week.

Resources. Such permission will not be unreasonably withheld.

- 3.03 Union dues will be deducted from employees' pay as per the Unifor Constitution upon commencement of employment with the Company. The Company shall remit the same promptly to the Financial Secretary of Local 4207 together with a list of employees from whose pay deductions have been made.

ARTICLE IV - MANAGEMENT RIGHTS

- 4.01a) The Union acknowledges that it is the exclusive function of the Company to hire, promote, demote, classify, transfer and suspend employees, and also the right of the Company to discipline or discharge any employee for just cause, providing that a claim by an employee, who has acquired seniority, that he/she had been discharged or disciplined without just cause, may be the subject of a grievance and dealt with as hereinafter provided.
- b) The Company will hear grievances from employees during the probationary period, however, it reserves the right to apply a lesser standard for discipline and discharging such an employee than one who has attained seniority.
- 4.02a) The Union further recognizes the right of the Company to operate and manage its business in all respects in accordance with its commitments and responsibilities. The location of the plants, the products to be manufactured, the schedules of production, the methods, processes and means of manufacturing used, the right to decide on the number of employees needed by the Company at any time, the right to use improved methods, machinery and equipment and jurisdiction over all operations, buildings, machinery, tools and employees at the Company are solely and exclusively the responsibility of the Company. These rights will not be exercised in an arbitrary or unjust manner contrary to the expressed provisions of this agreement.

- b) Temporary transfers between Wescast facilities not covered by this collective agreement will only be allowed where there is mutual agreement between the Union President or designate and the Plant Leader or designate.

The details of this arrangement, including costs and length of accommodation will be included in the offer letter.

- 4.03 Without limiting the generality of the foregoing provisions, it is expressly understood and agreed that breach of any of the plant rules, or of any of the provisions of this agreement, may be deemed to be sufficient cause for written reprimand, suspensions and/or dismissal of any employee; provided that nothing herein shall prevent an employee going through the grievance procedure.
- 4.04 The intent of the Article is to assist in maintaining a safe work place by identifying and providing assistance to employees who have a substance dependency and is not intended to be used for dismissal purposes.

In all circumstances where an accident results, in serious injury or serious damage to Company property, the individual(s) may, upon agreement of management and the Union President or his/her designate, be required to submit to a medical examination by the Hospital's on-call Physician to determine whether the individual was, at the time, under the influence of illegal or prescription drugs or alcohol.

- a) Anyone reporting to work whom the Supervisor suspects is under the influence of illegal drugs, prescriptions drugs, or alcohol may, at the discretion of the Company and Union President or his/her designate, be required to immediately submit to specific testing for drug, prescription drug, or alcohol by the Hospital's on-call Physician. ARTICLE VI - GRIEVANCE PROCEDURE

- 6.01 The parties to this agreement agree it is of the utmost importance to address complaints and grievances as quickly as possible. For the purpose of Article 6, “working days” refers to regularly scheduled worked days of the grievor, which do not include overtime shifts; “week days” refers to Monday to Friday excluding statutory holidays and floaters.
- 6.02 No grievance shall be considered where the circumstances giving rise to the grievance occurred or originated more than three (3) scheduled working days prior to the alleged issue. This time limit does not apply to grievances relating exclusively to rates and wages
- 6.03 Grievances properly arising under this agreement shall be scheduled and settled as follows:

Step 1 (Issue Resolution)

The employee and his/her Union Representative shall discuss the issue and potential grievance with his/her immediate Supervisor. The Supervisor shall respond in writing to the Grievor, the Union Representative and the Plant Chairperson within three (3) working

days of the meeting. If no agreement is reached, a grievance will be presented to the Supervisor and Human Resources, in writing, within three (3) working days of the response from the Supervisor on a form supplied by the Union and approved by the Company. If the Supervisor fails to respond in writing within the time limits above, the issue and potential grievance will automatically move to Step 2. In such cases the time limits to file a written grievance at Step 2 will not apply to the Union

Step 2

Management and the Union shall hold a monthly meeting with the Plant Union Grievance Committee to consider Step 1 Grievance(s). The Company will respond in writing within five (5) week days of this meeting to the Plant Chairperson. If the Company fails to respond within the time limits, the grievance shall be considered settled in favour of the Union without prejudice and precedent subject to the approval of the Union President.

If the grievor(s) wishes to attend the 2nd Step Meeting, the meeting will be held on their scheduled shift on the day of the Union/Management Meeting. Weekend Grievor(s) will have their grievance reviewed on their next weekday scheduled shift after the Union/Management Meeting. At the request of either party the Unifor National Representative may attend this meeting.

Grievance(s) as a result of termination(s) or other time sensitive grievance(s) as determined between the Company and the Union will be heard at Step 2 meeting within three (3) working days of the grievance submission.

The Company or the union can initiate a meeting with/without the Unifor National Representative when required to review a grievance prior to initiating the arbitration language for the grievance.

In the case of a policy grievance, the written grievance will be submitted to Human Resources by the Plant Chairperson or his/her designate and will be inserted at Step 2 of the Grievance Procedure.

The above time limits may be extended by mutual consent of the Company and the Union in writing.

ARTICLE VII - ARBITRATION

7.01 a) Both parties to this agreement agree that any dispute or grievance concerning the interpretation or application or administration or alleged violation of this agreement, which has been properly carried through all the steps of the grievance procedure outline in Article VI above, and which has not been settled, will be referred to a Board of Arbitration or Commissioner Arbitration at the written request of either party within twenty-one (21) calendar days of the response at Step 2. If the union's written request for arbitration or commissioner arbitration is not submitted within twenty-one (21) days of the step 2 response, then the grievance will be considered to be withdrawn.

b) The Board of Arbitration or commissioner arbitration, shall consist of a single arbitrator designated by the Company and the Union who shall act as the Board of Arbitration. The arbitrator will be selected in Company/ Union rotation from the following list:

P. Knopf	B. Mclean
C. White	P. Chauvin
C. Schmidt	J. Johnston
J. Bloch	

If in the selection rotation, an arbitrator is unable to specify a mutually agreed upon date for the arbitration within a reasonable period of time, the party whose turn it is to select, may select an alternate arbitrator from this list which meets a reasonable period of time to hear the matter.

c) As an alternative to the regular arbitration process the parties shall have the option to refer a step 2 grievance to commissioner arbitration. The same list of arbitrators will be used in rotation as outlined in article 7.01 b)

- a) The purpose of the grievance commissioner will be to settle grievances which the Company and the Union desire to be settled in a expeditious, effective, and summary manner. The Company and the Union will meet to determine which grievances shall be dealt with in this alternative method to arbitration and the facts of each individual grievance shall be agreed upon prior to the hearing(s).
 - b) The grievance commissioner's decision shall not constitute a precedent for present or future cases.
 - c) The commissioner's decision shall be consistent with the provisions of the agreement, and shall be confined to the grievance referred to him/her.
 - d) The Company and the Union shall equally share the expenses of such arbitrator(s) in accordance with the Collective Agreement.
 - e) The Company and the Union will each present their own case, using only the predetermined facts which were mutually agreed upon between the parties, otherwise the grievance(s) will be set aside to a future date.
 - f) The grievance commissioner shall render a decision based on the above facts presented by the parties. Such decision can be given at the time of the hearing, but no later than seven (7) days after the conclusion of the hearing. Either party can request a written decision, along with a brief explanation for such decision.
-
- d) The Company and Union shall equally share the expenses of the Arbitrator for regular arbitration and commissioner arbitration.
 - e) The above time limits may be extended by mutual consent of the

Company and the Union in writing.

- 7.02 Failing agreement on the date of the arbitration hearing within seven (7) calendar days of the response outlining the arbitrator's availability, the matter may be referred within the next seven (7) calendar days to the Ministry of Labour, who shall appoint an arbitrator. No persons involved directly in the controversy under consideration shall be an arbitrator.
- 7.03 The Arbitrator shall receive and consider such material evidence and contentions as the parties may offer and shall make such independent investigation as it deems essential to a full understanding and determination of the issues involved. In reaching its decision, the Arbitration Board shall be governed by the provisions of this agreement. The Board of Arbitration shall not be vested with the power to change, modify, or alter any of the terms of this agreement.
- 7.04 The findings and decisions of the Board of Arbitration on all arbitrable questions shall be binding and enforceable on all parties.

ARTICLE VIII - MANAGEMENT GRIEVANCES

- 8.01 It is understood and agreed that the Management may lodge a complaint, with the Union Executive Committee, with respect to the conduct of the Union, its Officers or Union Representatives, within three (3) working days of the incident. It is agreed that if such a complaint by the Management is not settled to the mutual satisfaction of both parties, it may be treated as a grievance and referred to arbitration in the same way as the grievance of an employee.

ARTICLE IX-DISCIPLINE & DISCHARGE CASES

For the purposes of Article 9, "working days" refers to regularly scheduled worked days of the employee, which do not include overtime shifts; "week days" refers to Monday to Friday excluding statutory holidays and floaters.

- 9.01 In all cases which require disciplinary action, the procedure to be followed will be as per **Progressive Discipline System 4.1 signed**

and dated July 18, 2011. Discipline is defined as a warning, suspension or termination of an employee. A Union Representative will be present during all discipline. When an employee is called to an interview by a member of supervision, and the subject of the interview is discipline; the employee will be so informed before the interview and the interview will not proceed until his/her Union Representative is present. Any meetings involving the administration of discipline will take place in an office, which will provide privacy. A copy of the discipline must be given to the Union Representative.

- 9.02 Discipline will be issued to the employee(s) concerned within three (3) working days of the date the incident becomes known or ought to have been known.
- 9.03 The Company agrees to conduct an investigation prior to the discharge of an employee. At the time of the interview the employee must have the Union President or his/her designate present. This requirement for the conducting of an investigation or interview of an employee does not relinquish any other rights of the Company including their right to suspend the employee, without pay pending the outcome of the investigation. In the event the investigation finds the employee not at fault, the employee will be reimbursed for lost wages, benefits and seniority. The length of the suspension shall not exceed forty (40) regular working hours or equivalent for weekend and continental workers.
- 9.04 When an employee has been discharged, he/she shall have the right to interview the Plant Chairperson or his/her designate for a reasonable period of time before leaving the plant premises.
- 9.05 In the event of an employee being discharged from employment and the employee feels an injustice has been done, a written grievance may be submitted within three (3) week days after the employee has been notified of discharge. The grievance will be presented to Human Resources, and will be inserted at Step 2 of the grievance procedure. (Refer to 6.03)

9.06 Such special grievances may be settled by confirming Management's action in discharging the employee, or by reinstating the employee with full compensation for time lost, or by any other arrangement which is just and equitable in the opinion of the conferring parties.

ARTICLE X - NO STRIKES - NO LOCKOUTS

10.01 In view of the orderly procedures established by this agreement for the settling of disputes and the handling of grievances, the Union agrees that during the life of this agreement, it will not sanction, counsel, procure or encourage any picketing, slow down or stoppage of work either complete or partial, and the Company agrees that there will be no lockout.

10.02 The Company shall have the right to discharge or otherwise discipline employees who take part in or instigate any illegal strike, picketing, stoppage or slow down, but claim of unjust discharge or treatment may be the subject of a grievance and dealt with as provided in Article VI.

10.03 Should the Union claim that a cessation of work constitutes a lockout, it may take the matter up with the Company at Step No. 2 of the Grievance Procedure.

ARTICLE XI - WAGES

11.01 During the term of this agreement, the Company and the Union agree that all payment of wages will be made weekly in accordance with the wage rates set forth in Schedule "A", hereto, which is hereby made a part of this agreement.

23.02 Bumping provisions are allowed based on the following:

Bumping is exercised within an employee's Plant first and then the other plant covered by the Collective Agreement.

Bumping will be allowed into a specific job where the bumper has greater seniority and meets the requirements as described in 23.01.

The individual with seniority who is unable to bump into a job where he/she has the skill and ability as described in 23.01 will be allowed to bump the then lowest seniority job in the plant and will be provided a ten (10) day training period to determine ability to successfully do the job.

If the above mentioned individual is unable to demonstrate ability to do the job, he/she will be laid off and the incumbent reinstated.

- 23.06 Because of their position in the Union, the President, Vice President, Secretary, Treasurer, Skilled Trades Chairperson and the Plant Chairperson (Plant Specific) will have senior seniority for the purpose of layoff, only if they are employed at WCW or WCN and provided they have the necessary qualifications to do the work required.
- 23.07 In the event an employee bumps out of their original department due to layoff, the employee will have up to thirty-six (36) months to be recalled to that department. After thirty-six (36) months, the employee will not be recalled to that department and the department to which they have bumped, will be their department.
- 23.08 The Company agrees to discuss overtime requirements with the Union Plant Committee where there has been a layoff.
- 23.09 For the purpose of Skilled Trades layoff and recall, the following will apply.

Accumulation of production seniority is frozen and excludes time served in apprenticeship. Employees who enter the Apprenticeship Training Program shall retain their seniority until such time as they complete their apprenticeship when the regular Skilled Trades seniority shall apply. The apprentice will exercise his/her seniority at a time of layoff from the apprenticeship.

23.10 The Company agrees that employees can purchase benefits directly from the provider in the event of a layoff.

23.11 Temporary recalls anticipated not to exceed twenty (20) working days in length may be required by the Company to meet short term production demands. The Company and Union representatives, including a representative from the Joint Health and Safety Committee, will review the Manual and make recommendations for revisions if necessary. The Company and Union will mutually agree on the final version.

Management will give due consideration to the recommendations of the Local Union before making the final decision as to whether or not maintenance work will be contracted. Maintenance employees presently at the Company will not be laid off as a result of contracting of work presently done by the bargaining unit.

The Company and Union will review staffing of the Maintenance Department annually at budget time. The review will be of the contracted hours which can directly be applied to maintenance tasks and must show a direct, regular dependency on contractors.

Should the hours of work by contractors, as above, exceed 2000 hours/year in the electrical or millwright trades and indicate a need for a full-time person, the Company will consider additions to the maintenance department. Where additions are made, preference to existing bargaining unit members will be made where they have the required skill and ability to do the work.

A Union Representative is responsible to attend such meetings and provide input. The discussions at these meetings will include but not be limited to the nature of the change; the possible effects the change may have on the employees working conditions and any anticipated effect the change may have on employee's skill levels. The Company agrees to provide a cost of living allowance determined in the manner hereinafter set forth in accordance with changes in the official Ontario Consumer Price Index, published by Statistic Canada (2002 =100), and hereinafter referred to as the CPI. The “Average CPI” is defined to be the average CPI for the 3 months prior to the measurement point. For example, the CPI at June 2020 is 137.2 the average of the CPI at the end of March 2020 (136.6), April 2020 (135.7) and May 2020 (136.1); the average is 136.13.

Cost of Living adjustments will be made upward quarterly as indicated in

the Average CPI, but in no event will a decline in the Average CPI below that of **136.13** provide a basis of reduction in the wages set forth in this agreement. **The maximum annual COLA will be 1% for year one, 1% for year 2 and 2% for year 3.**

The first COLA adjustment shall be made on **October 5, 2020** comparing the Average CPI at **September 2020** to the base Average CPI at **June 2020**. Subsequent COLA adjustments will be made according to the following schedule:

Effective Date of Cost of Living Adjustment each year:	Based on the Average CPI at:
October 5, 2020 (for October 1, 2020)	September 2020
January 4, 2021 (for January 1, 2021)	December 2020
April 5, 2021 (for April 1, 2021)	March 2021
July 5, 2021 (for July 1, 2021)	June 2021
October 4, 2021 (for October 1, 2021)	September 2021
January 3, 2022 (for January 1, 2022)	December 2021
April 4, 2022 (for April 1, 2022)	March 2022
July 4, 2022 (for July 1, 2022)	June 2022
October 3, 2022 (for October 1, 2022)	September 2022
January 2, 2023 (for January 1, 2023)	December 2022
April 3, 2023 (for April 1, 2023)	March 2023

At each quarterly measurement point, the Average CPI will be compared to the Average CPI at **June 2020 (137.2)**. The amount of the cost of living adjustment shall be one cent (\$0.01) per hour for each whole 0.0495 increase in the Average CPI less the cumulative cost of living adjustment as at the prior quarterly measurement point.

The continuance of the cost of living allowance shall be contingent upon the availability of the official monthly CPI calculated on the same basis and in the same form as published in 2002. However, if during the life of the Agreement, this method should be replaced by another method of computing the index, the parties will meet to determine the method of converting the escalator formula for wage rate adjustments.

The Cost of Living allowance will be also included in computing overtime pay, holiday pay, vacation pay, jury duty pay and bereavement pay.

LETTER OF UNDERSTANDING

SLOWDOWN PAY BANK

Effective December 1, 2002, a separate bank will be created to permit employees to deal with slow market conditions. This cash only bank does not generate hours for time away from work.

The pay may not be transferred to or from the normal bank of hours created under the Banked Time Policy.

Only the straight time portion of an overtime hour at the time it was worked may be banked.

LETTER OF UNDERSTANDING CROSS TRAINING

During negotiations the parties discussed the need for increased cross training opportunities within each plant. The Company and Local Union leadership commit to work together to encourage members to learn other positions in their plant.

It is the Company's intention to provide cross training to interested employees where feasible and provided it does not adversely affect the operations of the plant. It is agreed that on shift seniority will be the criteria used when providing cross training to employees. This will ensure employees who are interested in improving their skill levels and learning

other positions are afforded the opportunities and cross training necessary for them to reach this goal.

LETTER OF UNDERSTANDING SUBCONTRACTING AND OUTSOURCING

During negotiations the parties had considerable discussions pertaining to the Contracting of Maintenance and Engineering work language currently contained in Article 28.01 of the Collective Agreement. These discussions included but were not limited to planning, advance notice of outside contracting activities, scope of the work to be contracted, full utilization of skilled trades employees in their respective trades and the installation of new or existing equipment.

While the parties agree that the language in the Collective Agreement currently provides for a mechanism to ensure that there is input and communications relating to the issues noted above, it was also recognized that there are further opportunities available to ensure a more effective use of the article.

The Company agrees that in the application of article 28.01 to arrange meetings as needed to provide the Union with prior notice of all work the Company is considering to subcontract. The Skilled Trades Chairperson or his designate will attend the meeting representing the Union. At this Pre-Subcontracting Meetings (PSCM) the Union will be provided with any and all documentation relating to the work to be subcontracted upon request. The Skilled Trades Chairperson will be also provided with a list of all outside contractors' hours listing the name of the Company, hours charged and material costs upon request. It is the intention that this procedure takes place as far in advance as possible to allow thorough discussions between the parties.

The parties also recognize there are further opportunities where the Skilled Trades workforce can be utilized to perform work which is currently being outsourced. The Company and the Union will maintain a Skilled Trades Committee for this process. The purpose of the committee is to consider ways of reducing maintenance costs through eliminating contractors and to define skilled trades work. The Committee will meet quarterly or as needed to review these opportunities. The parties agree that meaningful discussions concerning these types of work prospects will maximize the use of the Skilled Trades workforce while at the same time save money for the Company.

It is the parties' expectations that if the current language is made use of in a

proficient manner that many of the current difficulties relating to this article can and will be avoided.

The Company and the Union agree to work more closely together to open up the lines of communications through meaningful dialogue to ensure language in Article 28.01 is being fully taken advantage of in the most efficient manner for the benefit of each side.

LETTER OF UNDERSTANDING **SKILLED TRADES TRAINING**

During the current negotiations the Company and the Union discussed several issues that affect the Skilled Trades at Wescast.

On the issue raised with respect to training, the parties have reaffirmed that it is in the best interest of both parties to ensure apprentices receive the proper training under a certified journeyman.

It is imperative that these employees are provided proper exposure to all the process's and equipment throughout the plant. This will lead to a successful apprenticeship program, which will increase the Company's flexibility and the effective utilization of the Skilled Trades.

The movement of apprentice(s) will be evaluated prior to any moves, to

ensure there is sufficient competency within the department. This information will be reviewed with the joint apprenticeship/training Committee.

The current language in the collective agreement allows for cross training, and the parties have agreed that a joint apprenticeship/training Committee will be identified and utilized to address the issues raised above. The parties have agreed to setup a skilled trades committee made up of one electrician and one millwright appointed by the union and two members of management appointed by the Company.

The Committee will meet on a monthly basis with agreed upon minutes being published to track the issues and solutions raised by either party. Either party may put items on the agenda to be discussed at the monthly meeting at least one week prior to the meeting when possible.

Outlines of the Agreement are as follows:

When additional vacancies are required to be filled the blocks will be offered to the affected employees prior to utilizing the unplanned process

This will be managed by department, not by shift. Once the department employees have been offered the vacancies and there are still required vacancies to be filled, the unplanned process will be managed accordingly.

The affected employees will be given the opportunity to declare if they wish to make up the lost time at the time of the event. It will be the employee's responsibility at the time of the event to make the Company aware by completing the proper GA paperwork. This will be co-managed between the union and the company and is to be fulfilled within 60 days.

The Company and the union will agree to sit down and address any issues with the process and come up with a resolution that meets both parties' expectations.

LETTER OF UNDERSTANDING **APPRENTICES**

It is agreed that there is a rising problem with respect to a shortage of skilled trades in Ontario. Through discussion at the 2020 round of negotiations the Company and the Union agreed to a process for new apprentices covered under this Collective Agreement.

Using the existing language in Article 27.08 for the selection of

apprentices, the Company and the Union agree that this LOU supersedes any sections in this Collective Agreement pertaining to lay off, training and overtime in a Skilled Trades Department.

When an employee is in the apprenticeship program he/she will work with a journey person for the first four thousand (4000) hours. Apprentices may not work on their own (straight time or overtime) until after they have completed Level 2 schooling, and at no time throughout the apprenticeship program will an apprentice be permitted to work unless there is a journey-person in the same trade on site.

The Company and Union agree apprentices are not considered as part of the trades head count. For the purposes of layoff and recall the apprentices will not displace a trades person and in turn not be laid off while in the apprenticeship unless and until the ratio 3:1 is reached.

In addition, each apprentice will be on a 180 (one hundred and eighty) day probation. During the probation period the apprentice's progress and learning capabilities will be monitored by the apprenticeship committee. The apprentice will be interviewed as needed to discuss their progress. If the apprenticeship committee deems the apprentice is incapable of completing the apprenticeship program during the probation period, their reasons will be discussed with the Union President, Plant Skilled Trades Rep and the Company before being removed from the program. In the event the employee is removed from the program, he/she will be returned to their last posted position if available, if not available they will be placed in an entry level position.

For further clarity if 8 (eight) employees are affected by the loss of a program/part number then 8 (eight) severance packages will be available.

In the event of a program being reallocated to a different location, the Company will sit down with the union in advance to review this program reallocation and if there will be any reduction impact to the current hourly headcount. The Production crewing will be reviewed at the monthly union management meetings.

All Severance payments will be in a lump sum.

The severed employees may transfer all/part of the severance payments to an individual and/or spousal RRSP or the RPP subject to the individual's available income tax RRSP deductions and Revenue Canada Limits.

WAGE LOSS REPLACEMENT

Overview

This is a description of the income benefits available to employees during a period of non-work related disability. Disability means that the employee is unable to perform the substantial duties of their job as a result of an injury or illness.

Employee Eligibility

All permanent employees are covered by this plan after the completion of their probationary period.

Benefit Amount

Employees will receive a percentage equal to 66 2/3rds of their regular weekly earnings according to their regular work schedule, which includes overtime that is regularly scheduled as part of the regular shifts. **(Excludes posted overtime)**

Benefit Waiting Period

If the employee is absent from work as a result of a non-work related disability and is under the active continuing care of a physician legally licensed to practice medicine, have submitted the required forms to the company, and are following the appropriate treatment prescribed by their physician for that disability, benefits will start from the following dates:

- First (1st) work day of disability if the employee is hospitalized.
- First (1st) work day of disability due to an injury.
- After 24 consecutive regularly scheduled working hours of disability due to illness
- Weekend Shift Employees – working hours of disability will be computed based on the applicable premium rate that is part of an employee's regular shift including scheduled overtime.

Maximum Benefit Period

Benefits are payable for a maximum of 26 weeks. **Week 1 would be managed by the Company per the wait period listed above. Weeks 2-15, benefits will be under Employment Insurance Sickness benefit with an Employer paid, Service Canada approved SUB, top up to 66 2/3% of weekly earnings. Weeks 16-26, benefits will be under the employer insured benefits, 66 2/3% of weekly earnings. Once the 26 weeks of short term disability coverage expires, the employee will be entitled to apply for Long Term Disability (LTD) if they remain disabled.**

NOTE: If an employee fails to qualify for EI Sickness Benefit coverage who would have otherwise qualified through the employer's prior plan, the employer will provide coverage up to 66 2/3% of weekly earnings.

It is the employee's responsibility to submit the required employee paperwork and the doctor's paperwork to the insurance provider.

In a rare case where an employee has applied for and is waiting to receive EI sickness benefits and payment is delayed, the employee may apply to the employer for an advance. In such case, the employee must present the employer with proof of application for the EI sickness benefit. Repayment will happen immediately following EI Benefits being received. The Company reserves the right to deduct unpaid advances from future payments or wages.

Benefits will be paid only if the employee supplies the company with the following:

The company's "Initial Claim for Short Term Disability Benefits – Physician's Statement" form that is completed by their doctor. In order to qualify for benefits, the employee must be physically seen by a physician at least sometime during the contractual waiting period. If the employee has not been seen by a physician during the contractual waiting period, his/her benefits will not commence until

he/she has been seen by a physician. The employee will return the “Initial Claim for Short Term Disability Benefits – Physician’s Statement” form as soon as possible. It is understood that benefits may be delayed until the form has been submitted to the Company.

If the employee is having trouble getting an appointment to see their doctor, please notify the company nurse to make the Company aware of this situation.

Ongoing medical information supporting the employee’s total disability will be required by the Company. Benefits may be suspended if the requested information is not provided within a reasonable period of time. This suspension of benefits will not apply if the requested information is not provided through no fault of the employee. The Company may also require the employee to be examined by a Company appointed physician, and/or other medical professional. The Company will assume the costs of all medical documentation supplied by the employee to the Company.

Limitations/Exclusions

Benefits will not be paid:

- Unless the employee is under the active continuing care of a physician legally licensed to practice medicine, and are following the treatment prescribed by the physician for that disability;
- During any period of time that the employee is in receipt of maternity or parental benefits under the Employment Insurance Act (This does not apply for any disability which may occur outside the time they are in receipt of maternity or parental benefits.);
- While the employee is engaged in any employment for wage or profit not authorized by a physician and the Company;
- Due to or resulting from any cause for which indemnity or compensation is provided under any worker’s compensation legislation or similar legislation;
- While on a leave of absence;

- If the employee's illness or injury results from service in the armed forces;
- While the employee is serving a prison sentence that would impede their ability to attend work;
- If the employee becomes disabled while travelling outside of Canada (for reasons other than business travel) until such time as they return to Canada, unless the attending physician advises that they are unable to return due to their disability.

Statutory Holidays

If a statutory holiday falls during the employee's waiting period for benefits, the employee will be reimbursed for the statutory holiday, and the waiting period will be extended by one day. If a statutory holiday falls after the employee has satisfied the waiting period, the employee will be paid full-pay for the statutory holiday on the day it falls.

Employee Obligations

An employee who is in receipt of benefits will be required to keep the Company informed of the disability status on a regular basis. The employee will be obligated to contact the Company Nurse if there are any changes and or updates in their condition. Failure to do so may result in the suspension of benefits.

Employees will be expected to participate in an early return to work program when the medical information from the physician supports it and the Company can accommodate such a return.

Return to Work

Prior to returning to work, the employee must provide written verification from their physician to the Company Nurse that they are able to perform their regular duties noting any restrictions that are imposed. The employee may be required to visit the Company Doctor before returning to work to assess their ability to perform assigned duties. An employee will not lose any regular wages if the visit to the Company Doctor cannot be accommodated prior to the employee's scheduled return to work date.

Reinstatement of Benefits

If an employee after collecting benefits has returned to active employment for three (3) months or less and becomes disabled due to the same disability, they will be eligible to claim for benefits under the same disability for the duration of the claim without the requirement of a further waiting period for duration of the maximum benefit period. If the employee after collecting benefits has returned to active employment and becomes disabled due to a new disability, the employee will be entitled to file for a new claim for benefits for up to the maximum benefit period.

If an employee is either on vacation or is scheduled for vacation and becomes either sick or receives a non-occupational injury, he/she will be entitled to apply for benefits and the waiting period as specified in this article will commence at the time the employee advises the Company of such sickness and/or non-occupational injury.
