ARTICLE 1 – PURPOSE

- 1.01 The general purpose of this Agreement is to establish and maintain collective bargaining relations between the Hospital and the nurses covered by this Agreement; to provide for on-going means of communication between the Union and the Hospital and the prompt disposition of grievances and the final settlement of disputes and to establish and maintain mutually satisfactory salaries, hours of work and other conditions of employment in accordance with the provisions of this Agreement.
- 1.02 It is recognized that nurses wish to work together with the Hospital to secure the best possible nursing care and health protection for patients. Appropriate committees have been created under this Agreement to work towards this objective.
- 1.03 The employer shall not propose and/or enter into any agreement with an employee that pertains to any terms or conditions of employment that contravene the collective agreement. Any such agreement shall be null and void.

NOTE: In this collective agreement, where the context otherwise requires, the word “nurse(s)” shall include employees in affiliated bargaining units who are represented by the Ontario Nurses’ Association.

ARTICLE 2 – DEFINITIONS

- 2.01 A registered nurse is a nurse who holds a Certificate of Registration with the College of Nurses of Ontario in accordance with the *Regulated Health Professions Act*, and *the Nursing Act*.

NOTE: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, she or he shall be treated in a manner consistent with this Article.

- 2.02 A nurse who holds a Temporary Class Certificate of Registration must obtain her or his General Class Certificate of Registration prior to the expiry of her or his Temporary Class Certificate of Registration. If the nurse fails to obtain her or his General Class Certificate of Registration prior to the expiry of her or his Temporary Class Certificate of Registration she or he may be placed on an unpaid leave of absence, otherwise she or he will be deemed to be not qualified for the position of registered nurse and she or he will be terminated from the employ of the Hospital. Such termination shall not be the subject of a grievance or arbitration.

NOTE: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, she or he shall be treated in a manner consistent with this Article.

- 2.03 A nurse who holds a Temporary Class Certificate of Registration will be classified, for purposes of salary, at a level equal to the level previously accorded to the graduate nurse category.

- 2.04 A full-time nurse is a nurse who is regularly scheduled to work the normal full-time hours referred to in Article 13.

- 2.05 A regular part-time nurse is a nurse who regularly works less than the normal full-time hours referred to in Article 13 and who offers to make a commitment to be available for work on a regular predetermined basis. All other part-time nurses shall be considered casual nurses. The predetermined basis upon which the commitment to be available is made shall be determined in local negotiations.

The definitions shall not have the effect of changing the composition of any existing bargaining units. The Hospital shall not refuse to accept an offer from a nurse to make a commitment to be available for work on a regular predetermined basis solely for the purpose of utilizing casual nurses so as to restrict the number of regular part-time nurses.

- 2.06 This combined agreement contains provisions applicable to full-time nurses and provisions applicable to part-time nurses. The combination of the agreements shall not have the effect of changing the composition of any existing bargaining units nor shall it have the effect of conferring representation rights where such rights do not presently exist. The scope of the applicable bargaining unit is set out in the Appendix of Local Provisions.

ARTICLE 3 – RELATIONSHIP

- 6.13 The Hospital will discuss government initiatives with the Union that impact on the bargaining unit.

ARTICLE 7 – GRIEVANCE PROCEDURE

- 7.01 For purposes of this Agreement, a grievance is defined as a difference arising between the parties relating to the interpretation, application, administration or alleged violation of the Agreement including any question as to whether a matter is arbitrable.
- 7.02 At the time formal discipline is imposed or at any stage of the grievance procedure, including the complaint stage, a nurse is entitled to be represented by her or his union representative. In the case of suspension or discharge, the Hospital shall

notify the nurse of this right in advance. The Hospital also agrees, as a good labour relations practice, in most circumstances it will also notify the local Union.

The Hospital agrees that where a nurse is required to attend a meeting with the Hospital that may lead to disciplinary action, as a good labour relations practice, it will inform the nurse of the purpose of the meeting and her or his right to union representation.

All investigations related to a nurse's employment will be completed in a timely manner.

- 7.03 It is the intent of the parties that complaints of nurses shall be adjusted as quickly as possible, and it is understood that a nurse has no grievance until she or he has first given her or his immediate supervisor the opportunity of adjusting the complaint. Such complaint shall be discussed with her or his immediate supervisor within nine (9) calendar days after the circumstances giving rise to it have occurred or ought reasonably to have come to the attention of the nurse. This discussion may include consultation, advice and assistance from others. If there is no settlement within nine (9) calendar days, it shall then be taken up as a grievance within nine (9) calendar days in the following manner and sequence:

Step No. 1

The nurse may submit a written grievance, through the Union, signed by the nurse, to the Chief Nursing Executive; or designate. The grievance shall be on a form referred to in Article 7.09 and shall identify the nature of the grievance and the remedy sought and should identify the provisions of the Agreement which are alleged to be violated. The parties may, if they so desire, meet to discuss the grievance at a time and place suitable to both parties. The Chief Nursing Executive or designate will deliver her or his decision in writing within nine (9) calendar days following the day on which the grievance was presented to her or him. Failing settlement, then:

Step No. 2

Within nine (9) calendar days following the decision under Step No. 1, the grievance may be submitted in writing to the Hospital Administrator or designate. A meeting will then be held between the Hospital Administrator or designate and the Grievance Committee within nine (9) calendar days of the submission of the grievance at Step 2 unless extended by agreement of the parties. It is understood and agreed that a representative(s) of the Ontario Nurses' Association and the grievor may be present at the meeting. It is further understood that the Hospital Administrator or designate may have such counsel and assistance as she or he may desire at such meeting. The decision of the Hospital shall be delivered in writing to the Labour Relations Officer and the local Union representative within nine (9) calendar days following the date of such meeting.

- 7.04 A complaint or grievance arising directly between the Hospital and the Union concerning the interpretation, application or alleged violation of the Agreement shall be originated at Step No. 2 within fourteen (14) calendar days following the circumstances giving rise to the complaint or grievance. A grievance by the Hospital shall be filed with the Bargaining Unit President or designate.

- 7.05 Where a number of nurses have identical grievances and each nurse would be entitled to grieve separately they may present a group grievance in writing signed

by each nurse who is grieving to the Chief Nursing Executive or designate within fourteen (14) calendar days after the circumstances giving rise to the grievance have occurred or ought reasonably to have come to the attention of the nurse(s). The grievance shall then be treated as being initiated at Step No. 1 and the applicable provisions of this Article shall then apply with respect to the processing of such grievance.

7.06 (a) Probationary Release

The release of a probationary nurse for reasons based on performance and ability to do the job, including skills, suitability and availability shall not be subject to the grievance procedure unless the probationary nurse is released for:

- i) Reasons which are arbitrary, discriminatory or in bad faith.
- ii) Exercising a right under this Agreement.

The Hospital agrees to provide a probationary nurse with written reasons for her or his release within seven (7) days of such release, with a copy to the Local Union.

A claim by a probationary nurse that she or he has been unjustly released shall be treated as a grievance, provided the nurse is entitled to grieve, if a written statement of such grievance is lodged by the nurse with the Hospital at Step 2 within seven (7) days after the date the release is effective. Such grievance shall be treated as a special grievance as set out below.

(b) Discipline/Discharge/Suspension

The Hospital agrees to provide written reasons within seven (7) calendar days to the affected nurse in the case of discharge or suspension and further agrees that it will not suspend, discharge or otherwise discipline a nurse who has completed her or his probationary period, without just cause.

A claim by a nurse who has completed her or his probationary period that she or he has been unjustly discharged or suspended shall be treated as a grievance if a written statement of such grievance is lodged by the nurse with the Hospital at Step No. 2 within seven (7) calendar days after the date the discharge or suspension is effected. Such special grievance may be settled under the Grievance or Arbitration Procedure by:

- i) Confirming the Hospital's action in dismissing the nurse; or
- ii) Reinstating the nurse with or without loss of seniority and with or without full compensation for the time lost; or
- iii) By any other arrangement which may be deemed just and equitable.

7.07 (a) Failing settlement under the foregoing procedure of any grievance between the parties arising from the interpretation, application, administration or alleged violation of this Agreement, including any question as to whether a matter is arbitrable, such grievance may be submitted to arbitration as

hereinafter provided. If no written request for arbitration is received within thirty-six (36) calendar days after the decision under Step No. 2 is given, the grievance shall be deemed to have been abandoned. Where such a written request is postmarked within thirty-four (34) calendar days after the decision under Step No. 2, it will be deemed to have been received within the time limits.

- (b) The parties agree that it is their intent to resolve grievances without recourse to arbitration, wherever possible. Therefore, notwithstanding (a) above, the parties may, upon mutual agreement, engage the services of a mediator in an effort to resolve the grievance and may extend the time limits for the request for arbitration. The parties will share equally the fees and expenses, if any, of the mediator.

7.08 It is understood and agreed that the Union has carriage of all grievances throughout the grievance and arbitration procedure and not any individual or group of individuals. All agreements reached under the grievance procedure between the representatives of the Hospital and the representatives of the Union will be final and binding upon the Hospital and the Union and the nurses.

7.09 Union grievances shall be on the form set out in Appendix 1. Alternately, the local parties may agree to an electronic version of this form and a process for signing.

7.10 Where a difference arises between the parties relating to the interpretation, application or administration of this Agreement, including any questions as to whether a matter is arbitrable, or where an allegation is made that this Agreement has been violated, either of the parties may, after exhausting the grievance procedure established by this Agreement, notify the other party in writing of its decision to submit the difference or allegation to arbitration. Where the grievance concerns:

- (a) Selection decisions on job vacancies;
- (b) Premiums;
- (c) Scheduling issues;
- (d) Article 19 – Compensation issues;
- (e) Entitlement to leaves, including vacation;
- (f) Discipline up to, but not including discharge;
- (g) Short term layoffs;
- (h) Dues issues;
- (i) Any other issues agreed by the parties.

The matter shall be determined by a sole arbitrator, unless the parties agree to proceed under Article 7.11. The sole arbitrator shall proceed by way of mediation-arbitration at the request of either party. When either party requests that any such matter be submitted to mediation-arbitration or to arbitration as provided above, it shall make such request in writing addressed to the other party to this Agreement and, at the same time, it shall propose the name of a sole arbitrator. Within seven

(7) calendar days thereafter, the other party shall agree in writing or propose an alternate name(s). If there is no agreement within fourteen (14) calendar days, the Minister of Labour for the Province of Ontario shall have the power to effect such appointment upon application thereto by the party invoking the arbitration procedure. No person may be appointed as an arbitrator who has been involved in an attempt to negotiate or settle the grievance.

Subject to Article 7.13, once appointed, the sole arbitrator shall have all powers as set out in Section 50 of the *Labour Relations Act*, including the power to mediate/arbitrate the grievance, to impose a settlement and to limit evidence and submissions.

- 7.11 For all other grievances, including those grievances dealing with nursing practice issues and those agreed to be central rights issues, the matter shall be determined by a three (3) person Board of Arbitration, unless the parties agree to proceed under Article 7.10. The party requesting arbitration shall, at the time of notification of its decision to submit the difference or allegation to arbitration shall name a nominee. Within seven (7) calendar days thereafter the other party shall name a nominee. However, if such party fails to name a nominee as herein required, the Minister of Labour for the Province of Ontario shall have the power to effect such appointment upon application by the party invoking the arbitration procedure. The two (2) nominees, or the parties, if they have agreed not to utilize nominees shall attempt to select by agreement a chair of the arbitration board. If they are unable to agree upon such a chair within a period of fourteen (14) calendar days, they shall then request the Minister of Labour for the Province of Ontario to appoint a chair. No person may be appointed as an arbitrator who has been involved in an attempt to negotiate or settle the grievance.

Subject to Article 7.13, once appointed, the Board of Arbitration shall have all powers as set out in Section 50 of the *Labour Relations Act*, including the power to mediate/arbitrate the grievance, to impose a settlement and to limit evidence and submissions.

- 7.12 No matter may be submitted to arbitration, which has not been properly carried through all requisite steps of the Grievance Procedure.
- 7.13 The Arbitration Board/sole Arbitrator shall not be authorized to make any decision inconsistent with the provisions of this Agreement, nor to alter, modify, add to or amend any part of this Agreement.
- 7.14 The proceedings of the Arbitration Board/sole Arbitrator will be expedited by the parties hereto and the decision of the majority and where there is no majority the decision of the chair will be final and binding upon the parties hereto and the nurse or nurses concerned.
- 7.15 Each of the parties hereto will bear the expense of any nominee appointed by it and the parties will share equally the fees and expenses, if any, of the chair of the Arbitration Board or sole Arbitrator.
- 7.16 The time limits set out in the Grievance and Arbitration Procedures herein are mandatory and failure to comply strictly with such time limits except by the written agreement of the parties, shall result in the grievance being deemed to have been abandoned subject only to the provisions of Section 48 (16) of the *Labour Relations Act*.

ARTICLE 8 – PROFESSIONAL RESPONSIBILITY

(Article 8.01 applies to employees covered by an Ontario College under the *Regulated Health Professions Act* only.)

8.01 The parties agree that patient care is enhanced if concerns relating to professional practice, patient acuity, fluctuating workloads and fluctuating staffing are resolved in a timely and effective manner. This provision is intended to appropriately address employee concerns relative to their workload issues in the context of their professional responsibility. In particular, the parties encourage nurses to raise any issues that negatively impact their workload or patient care, including but not limited to:

- Gaps in continuity of care;
- Balance of staff mix;
- Access to contingency staff;
- Appropriate number of nursing staff.

In the event that the Hospital assigns a number of patients or a workload to an individual nurse or group of nurses such that they have cause to believe that they are being asked to perform more work than is consistent with proper patient care, they shall:

- (a)
 - i) At the time the workload issue occurs, discuss the issue within the unit/program to develop strategies to meet patient care needs using current resources.
 - ii) If necessary, using established lines of communication as identified by the hospital, seek immediate assistance from an individual(s) (who could be within the bargaining unit) who has responsibility for timely resolution of workload issues.
 - iii) Failing resolution of the workload issue at the time of occurrence or if the issue is ongoing the nurse(s) will discuss the issue with her or his Manager or designate on the next day that the Manager (or designate) and the nurse are both working or within ten (10) calendar days whichever is sooner.

When meeting with the manager, the nurse(s) may request the assistance of a Union representative to support/assist her/him at the meeting.

- iv) Complete the ONA/Hospital professional Responsibility Workload Report Form. The manager (or designate) will provide a written response on the *ONA/Hospital Professional Responsibility Workload Report Form* to the nurse(s) within ten (10) calendar days of receipt of the form with a copy to the Bargaining Unit President, Chief Nursing Executive, and the Senior Clinical Leader (if applicable).

When meeting with the manager, the nurse(s) may request the assistance of a Union representative to support/assist her/him at the meeting.

- v) Every effort will be made to resolve workload issues at the unit level. A Union representative shall be involved in any resolution discussions at the unit level. The discussions and actions will be documented.
- vi) Failing resolution at the unit level, submit the *ONA/Hospital Professional Responsibility Workload Report Form* to the Hospital-Association Committee within twenty (20) calendar days from the date of the Manager's response or when she or he ought to have responded under (iv) above.
- vii) The Chair of the Hospital-Association Committee shall convene a meeting of the Hospital-Association Committee within fifteen (15) calendar days of the filing of the *ONA/Hospital Professional Responsibility Workload Report Form*. The Committee shall hear and attempt to resolve the issue(s) to the satisfaction of both parties and report the outcome to the nurse(s) using the Workload/Professional Responsibility Review Tool to develop joint recommendations (Appendix 9).
- viii) Any settlement arrived at under Article 8.01 (a) iii) v), or vi) shall be signed by the parties.
- ix) Failing resolution of the issues through the development of joint recommendations within fifteen (15) calendar days of the meeting of the Hospital Association Committee the issue shall be forwarded to an Independent Assessment Committee.
- x) Failing development of joint recommendation(s) and prior to the issue(s) being forwarded to the Independent Assessment Committee, the Union will forward a written report outlining the issue(s) and recommendations to the Chief Nursing Executive.
- xi) For professionals regulated by the RHPA, other than nurses, the Union may forward a written report outlining the issue(s) and recommendations to the appropriate senior executive as designated by the Hospital.

(Article 8.01 (a), (x), (xiii) and (xiv) and 8.01 (b) applies to nurses only)

- xii) The Independent Assessment Committee is composed of three (3) registered nurses; one chosen by the Ontario Nurses' Association, one chosen by the Hospital and one chosen from a panel of independent registered nurses who are well respected within the profession. The member of the Committee chosen from the panel of independent registered nurses shall act as Chair.

If one of the parties fails to appoint its nominee within a period of thirty (30) calendar days of giving notice to proceed to the Independent Assessment Committee, the process will proceed. This will not preclude either party from appointing their nominee prior to the commencement of the Independent Assessment Committee hearing.

A copy of the Procedural Guidelines contained in Appendix 8 shall be provided to all Chairpersons named in Appendix 2.

- xiii) The Assessment Committee shall set a date to conduct a hearing into the issue(s) within fourteen (14) calendar days of its appointment and shall be empowered to investigate as is necessary and make what findings as are appropriate in the circumstances. The Assessment Committee shall render its decision, in writing, to the parties within forty-five (45) calendar days following completion of its hearing.
 - xiv) It is understood and agreed that representatives of the Ontario Nurses' Association, including the Labour Relations Officer(s), may attend meetings held between the Hospital and the Union under this provision.
 - xv) Any issue(s) lodged under this provision shall be on the form set out in Appendix 6. Alternately, the local parties may agree to an electronic version of the form and a process for signing.
 - xvi) The Chief Nursing Executive, relevant Clinical Leaders, Bargaining Unit President, and the Hospital-Association Committee, will jointly review the recommendations of the Independent Assessment Committee within thirty (30) calendar days of the release of the IAC recommendations, and develop an implementation plan for mutually agreed changes. Such meeting(s) will be booked prior to leaving the Independent Assessment Committee hearing.
- (b) i) The list of Assessment Committee Chairs is attached as Appendix 2. During the term of this Agreement, the central parties shall meet as necessary to review and amend by agreement the list of chairs of Professional Responsibility Assessment Committees.
- The parties agree that should a Chair be required; the Ontario Hospital Association and the Ontario Nurses' Association will be contacted. They will provide the name of the person to be utilized on the alphabetical listing of Chairs. The name to be provided will be the top name on the list of Chairs who has not been previously assigned.
- Should the Chair who is scheduled to serve decline when requested, or it becomes obvious that she or he would not be suitable, the next person on the list will be approached to act as Chair.
- ii) Each party will bear the cost of its own nominee and will share equally the fee of the Chair and whatever other expenses are incurred by the Assessment Committee in the performance of its responsibilities as set out herein.

NOTE: It is understood and agreed that the provisions of Article 3 have application to conduct pursuant to this provision.

8.02

The delegation of Controlled Acts shall be in accordance with the *Regulated Health Professions Act*, Medical Directives, and related statutes and regulations and in

accordance with guidelines established by the College of Nurses of Ontario from time to time, and any hospital policy related thereto, provided that if the Union is of the opinion that such delegation would be detrimental to quality patient care, the Union may refer the issue to the Hospital-Association Committee.

- NOTE: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, she or he shall be treated in a manner consistent with this Article.
- 8.03 The Hospital will notify the nurse when it reports her or him to the College of Nurses of Ontario and refer them to the Union as a resource.
- 8.04 Should an employee, who is a Health Professional under the *Regulated Health Professions Act*, be required to provide her or his Regulatory College with proof of liability insurance, the Hospital, upon request from the employee, will provide the employee with a letter outlining the Hospital's liability coverage for Health Professionals in the Hospital's employ.

ARTICLE 9 – PROFESSIONAL DEVELOPMENT

- 9.01 Continuous professional development is a hallmark of professional nursing practice. As a self-regulating profession, nursing recognizes the importance of maintaining a dynamic practice environment which includes ongoing learning, the maintenance of competence, career development, career counselling and succession planning. The parties agree that professional development includes a diverse range of activities, including but not limited to formal academic programs; short-term continuing education activities; certification programs; independent learning committee participation. The parties recognize their joint responsibility in and commitment to active participation in the area of professional development.
- 9.02 Committee
- (a) There shall be a committee to address the planning of professional development initiatives for nurses as described in Article 9.01. This committee shall include representatives of the Hospital, one of whom shall be the Chief Nursing Executive; or designate and another, a Human Resources representative; and of the Union, one of whom shall be the Bargaining Unit President or designate. The number of representatives is set out in the Appendix of Local Provisions. The membership of the Committee may be adjusted by mutual agreement, but at least fifty (50%) percent will be elected by the Union membership. The parties may agree to incorporate other disciplines into the Committee. The Hospital agrees to pay for time spent during regular working hours for representatives of the Union attending such meetings and will provide replacement staff where needed for such absences. Where a nurse is required to attend such meetings outside of her or his regularly scheduled working hours, the nurse shall be paid for all time spent in attendance at such meetings at either her or his regular straight time hourly rate of pay or elect to receive lieu time off. Where a nurse elects equivalent time off, such time off must be taken within the period set out in the Appendix of Local Provisions or payment in accordance with the former option shall be made.
- (b) The Committee shall meet every two (2) months unless otherwise agreed. Where possible, agenda items will be exchanged in writing at least five (5)

calendar days prior to the meeting. A record shall be maintained of matters referred to the Committee and the recommended disposition, if any, unless otherwise agreed. Copies of the record shall be provided to Committee members.

- (c) The parties agree that the following key principles will provide direction for the committee functioning:
 - i) Professional development will be recognized.
 - ii) All nurses will have equal access to professional development opportunities.
 - iii) Responsibilities for professional development will be shared between the individual and the Hospital.

- (d) The purpose of the committee is to assist the Hospital in promoting a practice environment that supports continuous learning and enhances opportunities for career development through:
 - i) Reviewing annually the organization's strategic directions and priorities which impact on nursing competencies including the budget and expenditures related to nursing education. Through the Chief Nursing Executive, provide recommendations with respect to professional development initiatives in the development of the Hospital Operating Plan.
 - ii) Reviewing the demographics of the nursing complement.
 - iii) Developing guidelines for the development, implementation and evaluation of professional development initiatives.
 - iv) Developing means to promote equal access to professional development opportunities including, but not limited to programs (such as conferences, seminars and workshops), funding, scheduling, leaves, mentoring roles and preceptorship.
 - v) Reviewing and making recommendations regarding professional development initiatives, including but not limited to mentorship and internship.
 - vi) Reviewing and making recommendations regarding the existing nursing continuing education programs; and on the use of technology to enhance access.
 - vii) Developing and implementing an ongoing communication plan to advise nurses about the work of this committee and what opportunities are available for continuous learning.

9.03 Orientation and In-Service Program

The Hospital recognizes the need for a Hospital Orientation Program of such duration as it may deem appropriate taking into consideration the needs of the Hospital and the nurses involved.

- 9.04 Before assigning a nurse to be in charge of a unit, the nurse will receive orientation to the role of the charge nurse on that unit. It is understood that such nurse may be assigned to any tour as part of the nurse's orientation program, providing such assignment is in accordance with any scheduling regulations or objectives contained in the Appendix of Local Provisions which forms part of this Collective Agreement.
- 9.05 Nurses who displace other nurses in the event of a long-term layoff, nurses recalled from layoff, nurses whose probationary period has been extended under Article 10.01, and nurses who are transferred on a permanent basis may be provided any orientation determined necessary by the Hospital for the purposes of allowing the nurse to assume satisfactorily the duties of such position. A request by such a nurse for orientation shall not be unreasonably denied.
- 9.06 Both the Hospital and the Union recognize their joint responsibility and commitment to provide, and to participate in, in-service education. The Union supports the principle of its members' responsibility for their own professional development and the Hospital will endeavour to provide programs related to the requirements of the Hospital. Available programs will be publicized, and the Hospital will endeavour to provide nurses with opportunities to attend such programs during their regularly scheduled working hours.
- 9.07 The Hospital will endeavour to schedule mandatory in-service programs during a nurse's regular working hours. When a nurse is on duty and authorized to attend any in-service program within the Hospital and during her or his regularly scheduled working hours the nurse shall suffer no loss of regular pay. When a nurse is required by the Hospital to engage in any learning opportunities outside of her or his regularly scheduled working hours, the nurse shall be paid for all time spent on such learning opportunities at her or his regular straight time hourly rate of pay.
- Where the hospital requires e-learning, it will make reasonable efforts to enable hospital e-learning requirements during a nurse's regular working hours. Where a nurse is unable to complete required hospital e-learning during regular working hours and is required to complete hospital e-learning outside of her/his regular working hours, the hospital will identify in advance the time that will be paid at her or his regular straight time hourly rate of pay.
- Part-time nurses will be credited with seniority and service for all such hours paid as provided above while engaged in such learning opportunities.
- 9.08 (a) Student Supervision
- Nurses may be required, as part of their regular duties, to supervise activities of students in accordance with the current College of Nurses of Ontario *Practice Guidelines – Supporting Learners*. Nurses will be informed in writing of their responsibilities in relation to these students and will be provided with what the Hospital determines to be appropriate training. Any information that is provided to the Hospital by the educational institution with respect to the skill level of the students will be made available to the nurses recruited to supervise the students. Upon request, the Hospital will review the nurse's workload with the nurse and the student to facilitate successful completion of the assignment.

Where a nurse is assigned nursing student supervision duties, the Hospital will pay the nurse a premium of sixty cents (\$0.60) per hour for all hours spent supervising nursing students. This article will not apply to job classifications that are paid above the Registered Nurse Classification rates set out in Article 19.01(a) where the higher rate of pay is, in part, based on nursing student supervision duties.

(b) Nurses are expected, as part of their regular duties, to provide guidance and advice to members of the health care team.

(c) Mentorship

Nurses may, from time to time, be assigned a formal mentorship role for a designated nurse. Mentorship is a formal supportive relationship between two (2) nurses, which results in the professional growth and development of an individual practitioner to maximize her or his clinical practice. The relationship is time limited and focused on goal achievement. Orientation to the organization or general functioning of the unit does not constitute mentorship.

After consultation with the nurse being mentored and the mentor, the Hospital will identify the experiences required to meet her or his learning needs, will determine the duration of the mentorship assignment and expectations of the mentor, and appropriate training. During the consultation process, the Hospital will review the mentor's workload with the mentor and the nurse being mentored to facilitate successful completion of the mentoring assignment.

The Hospital will provide, on a regular basis, all nurses with an opportunity to indicate their interest in assuming a mentorship role, through a mechanism determined by the local parties. The Hospital selects and assigns the mentor for a given mentoring relationship. At the request of any nurse, the Hospital will discuss with any unsuccessful applicant ways in which she or he may be successful for future opportunities.

The Hospital will pay the nurse for this assigned additional responsibility a premium of sixty cents (60¢) per hour, in addition to her or his regular salary and applicable premium allowance.

NOTE: See Appendix 7, Letter of Understanding re Mentorship Guidelines.

9.09

Internships

The Hospital may establish internships for the purpose of meeting future projected nursing shortages and/or providing career opportunities where there are no internal qualified candidates for job postings. In such circumstances, the implementation and guidelines of such an arrangement will be determined locally by the Hospital and the Union subject to the following:

Internships are designed to develop the Hospital's staff in order to fill positions for which there are currently no qualified internal candidates and/or for which shortages are predicted within a five (5) year period. Internships enable hospitals to maximize the use of qualified internal staff to meet their human resources needs, while at the same time providing career development opportunities for their employees.

To provide direction to the local parties in developing and implementing internship(s) the Ontario Nurses' Association and Participating Hospitals have agreed to the following principles:

- (a) The Hospital will establish the expectations for each internship opportunity.
- (b) There will be an open application process for internship opportunities.
- (c) The opportunities will be open to currently employed nurses who can demonstrate continuous learning, and a commitment to the Hospital.
- (d) Nurses who are selected for internship opportunities will commit to continued employment on a mutually determined basis.
- (e) Initiatives to support selected candidates may include but are not limited to:
 - i) No loss of regular wages while attending a requisite course.
 - ii) Paid course fees.
 - iii) Paid time for clinical practicums in the Hospital or another clinical site.
 - iv) Any other initiatives, as agreed.
- (f) Part-time nurses will be credited with seniority and service for all such hours paid while participating in these initiatives as provided above.

9.10 The Hospital undertakes to notify the Union in advance, so far as practicable, of any technological changes which the Hospital has decided to introduce which will significantly change the status of the nurse within the bargaining unit.

The Hospital agrees to discuss with the Union the effect of such technological changes on the employment status of the nurses and to consider practical ways and means of minimizing the adverse effect, if any, on the nurses concerned.

Nurses who are subject to layoff due to technological change will then be given notice of such layoff at the earliest reasonable time and in keeping with the requirements of the applicable legislation and the provisions of Article 10.08 will apply.

9.11 Where computers and/or new computer technology (e.g. computer charting) are introduced into the workplace that nurses are required to utilize in the course of their duties, the Hospital agrees that necessary training will be provided at no cost to the nurses involved, in accordance with Article 9.07.

9.12 A copy of any completed evaluation, which is to be placed in a nurse's file, shall be first reviewed with the nurse. The nurse shall initial such evaluation as having been read and shall have the opportunity to add her or his views to such evaluation prior to it being placed in her or his file. It is understood that such evaluations do not constitute disciplinary action by the Hospital against the nurse.

Each nurse shall have reasonable access to all her or his files for the purpose of reviewing their contents in the presence of her or his supervisor. A copy of the

evaluation will be provided to the nurse at her or his request. A request by a nurse for a copy of other documents in her or his file will not be unreasonably denied.

Notwithstanding Article 9.13, upon review of the file, should the nurse believe that any coaching/counselling letter is no longer applicable, she or he may request that such documentation be removed. Such request shall not be unreasonably denied.

No document shall be used against a nurse where it has not been brought to her or his attention in a timely manner.

9.13 Any letter of reprimand, suspension or other sanction will be removed from the record of a nurse eighteen (18) months following the receipt of such letter, suspension or other sanction provided that such nurse's record has been discipline free for one year. Leaves of absence in excess of sixty (60) continuous calendar days will not count towards either period referenced above.

9.14 The Peer Feedback Process of the Quality Assurance Program Required by the College of Nurses of Ontario

The above referenced Peer Feedback is confidential information which the nurse is expected to obtain by requesting feedback from peer(s) of her or his choice, for the sole purpose of meeting the requirements of the Quality Assurance Program required by the College of Nurses of Ontario. The parties recognize the importance of supporting the confidential nature of the Peer Feedback component of the Quality Assurance Program. For further clarity, the above referenced Peer Feedback will not be used as a performance evaluation under Article 9.12.

9.15 A nurse shall be entitled to leave of absence without loss of earnings from her or his regularly scheduled working hours for the purpose of writing exams arising out of the Quality Assurance Program required by the College of Nurses of Ontario.

The period of the leave will include a scheduled night shift that extends into the day of the examination and any scheduled shift commencing on the day of the examination.

Part-time nurses will be credited with seniority and service for all such hours paid as provided above for the purpose of writing such exams.

Note: Where exams are available online, this provision will interpret online as "writing the exam".

9.16 The Hospital will meet with the Union to discuss any remediation or continuing education required by the College of Nurses of Ontario (CNO) to re-establish eligibility for clinical practice following a nurse's return from an approved absence.

9.17 To support succession planning and retention, the local parties will discuss mid-career opportunities for nurses to receive training/education.

9.18 Within fourteen (14) days of receipt of a written request from the nurse, either during or at the end of employment, the Hospital will provide the nurse with a letter detailing her or his employment dates, length of service (including total hours worked, available as of the date of the request) and experience at the Hospital.

ARTICLE 10 – SENIORITY

10.01 Probationary Period

- (a) i) Newly hired nurses shall be considered to be on probation for a period of seventy (70) tours worked from date of last hire (525 hours of work for nurses whose regular hours of work are other than the standard work day). If retained after the probationary period, the full-time nurse shall be credited with seniority from date of last hire and the part-time nurse shall be credited with seniority for the seventy (70) tours (525 hours) worked. With the written consent of the Hospital, the probationary nurse and the Bargaining Unit President of the Local Union or designate, such probationary period may be extended. Where the Hospital requests an extension of the probationary period, it will provide notice to the Union at least seven (7) calendar days prior to the expected date of expiration of the initial probationary period. It is understood and agreed that any extension to the probationary period will not exceed an additional sixty (60) tours (450 hours) worked and, where requested, the Hospital will advise the nurse and the Union of the basis of such extension with recommendations for the nurse's professional development.
- ii) The parties recognize that ongoing feedback about the nurse's progress is important to the probationary nurse.
- (b) A nurse who transfers from casual or regular part-time to full-time status shall not be required to serve a probationary period where such nurse has previously completed one since her or his date of last hire. Where no such probationary period has been served, the number of tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) during the nine months immediately preceding the transfer shall be credited towards the probationary period.
- (c) A nurse who transfers from casual part-time or full-time to regular part-time status shall not be required to serve a probationary period where such nurse has previously completed one since her or his date of last hire. Where no such probationary period has been served, the number of tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) during the nine (9) months immediately preceding the transfer shall be credited towards the probationary period.

10.02 Seniority Lists

- (a) A seniority list shall be established for all full-time nurses covered by this Agreement who have completed their probationary period. For information purposes only, the names of all full-time probationary nurses shall be included in the seniority list. Seniority on such lists will be expressed in terms of a date.
- (b) A seniority list shall be established for all regular part-time nurses covered by this Agreement who have completed their probationary period. For information purposes only, the names of all regular part-time probationary nurses shall be included in the seniority list. Seniority on such lists will be expressed in terms of total hours worked.

- (c) A seniority list shall be maintained for casual part-time nurses for the purposes of Article 10.07 only. Seniority on such lists will be expressed in terms of total hours worked, and shall be established on the following basis:
- i) At hospitals where casual nurses had seniority under the provisions of a Collective Agreement prior to October 23, 1981, such seniority shall continue with accumulation of hours worked since October 23, 1981.
 - ii) At hospitals where there was no such seniority, the seniority list in 10.02 (c) shall show accumulation of hours worked since October 23, 1981.
- Articles 10.02 (c) (i) and (ii) apply to nurses only.
- iii) Subsequently certified Hospitals shall establish dates for the commencement of the accumulation of seniority by local negotiations in accordance with the terms of the Memorandum of Conditions for Joint Bargaining.
- (d) A copy of the current seniority list will be filed with the Bargaining Unit President of the Local Union, or designate, on request but not more frequently than once every six (6) months at a time to be mutually determined. At the same time, a copy of the seniority list shall also be posted and made available to the nurses on each unit, in a manner and location determined by the local parties. Where available, Hospitals will include the nurses' work unit on the seniority list.

10.03 Retention/Transfer of Service and Seniority

A nurse's full seniority and service shall be retained by the nurse in the event that the nurse is transferred from full-time to part-time or in the event the nurse is transferred from casual to regular part-time or vice-versa. A nurse whose status is changed from full-time to part-time shall receive credit for her or his full seniority and service on the basis of 1500 hours worked for each year of full-time seniority or service. A nurse whose status is changed from part-time to full-time shall receive credit for her or his full seniority and service on the basis of one year of seniority or service for each 1500 hours worked. Any time worked in excess of an equivalent shall be pro-rated at the time of transfer. For the purpose of job posting competitions only, full-time or part-time seniority, once converted to a date, shall not precede the nurse's date of hire.

10.04 Effect of Absence (Full-time)

(Article 10.04 and Note 1 following Article 10.04 apply to full-time nurses only; Note 2 provides that the accrual of seniority and service on pregnancy and parental leave also applies to part-time nurses; Note 3 provides that the clause (including the notes) must be interpreted in a manner consistent with the *Ontario Human Rights Code* and the *Employment Standards Act*).

If a nurse's absence without pay from the Hospital including absences under Article 11, Leaves of Absence, exceeds thirty (30) continuous calendar days the nurse will not accumulate seniority or service for any purposes under the Collective Agreement for the period of the absence in excess of thirty (30) continuous calendar days unless otherwise provided and the nurse will become responsible

for full payment of any subsidized employee benefits in which she or he is entitled to participate during the period of absence. In the case of unpaid approved leaves of absence in excess of thirty (30) continuous calendar days a nurse may arrange with the Hospital to prepay the full premium of any applicable subsidized benefits during the period of leave in excess of thirty (30) continuous calendar days to ensure continuing coverage. In circumstances where a full-time nurse is on an unpaid leave of absence in excess of thirty (30) calendar days and voluntarily works occasional tour(s) during the leave period, the nurse shall be deemed to have continued on unpaid leave.

Notwithstanding this provision, seniority shall accrue if a nurse's absence is due to disability resulting in W.S.I.B. benefits or L.T.D. benefits including the period of the disability program covered by Employment Insurance.

Notwithstanding this provision, seniority and service will accrue and the Hospital will continue to pay the premiums for benefit plans for nurses for a period of up to seventeen (17) weeks while a nurse is on pregnancy leave under Article 11.07 and for a period of up to sixty-one (61) weeks while a nurse is on parental leave under Article 11.08. Seniority and service will accrue for an adoptive parent or a natural father for a period of up to sixty-three (63) weeks while such nurse is on a parental leave under Article 11.08.

NOTE 1: Nurses presently enjoying the accumulation of seniority for greater periods shall continue to receive such seniority benefits while employed by the Hospital.

NOTE 2: The accrual of seniority and service for nurses on pregnancy and parental leave applies to both full-time and part-time nurses.

NOTE 3: This clause shall be interpreted in a manner consistent with the *Ontario Human Rights Code* and the *Employment Standards Act*.

10.05 Effect of Absence (Part-time)

Seniority for part-time nurses shall accrue for absences due to a disability resulting in WSIB benefits, or illness or injury in excess of thirty (30) consecutive calendar days. The rate of accumulation will be based on the employee's normal weekly hours paid over the preceding qualifying twenty-six (26) weeks. A qualifying week is a week where the nurse is not absent due to vacation, pregnancy-parental leave, WSIB, or illness or injury that exceeds thirty (30) consecutive calendar days.

10.06 Deemed Termination

A full-time or regular part-time nurse shall lose all service and seniority and shall be deemed to have terminated if the nurse:

- (a) Leaves of her or his own accord.
- (b) Is discharged and the discharge is not reversed through the grievance or arbitration procedure.
- (c) Has been laid off for thirty-six (36) calendar months.

- (d) Refuses to continue to work or return to work during an emergency which seriously affects the Hospital's ability to provide adequate patient care unless a satisfactory reason is given to the Hospital.
- (e) Is absent from scheduled work for a period of three (3) or more consecutive working days without notifying the Hospital of such absence and providing a satisfactory reason to the Hospital.
- (f) Fails to return to work (subject to the provisions of 10.06 (e)) upon termination of an authorized leave of absence without satisfactory reason or utilizes a leave of absence for purposes other than that for which the leave was granted.
- (g) Fails upon being notified of a recall to signify her or his intention to return within twenty (20) calendar days after she or he has received the notice of recall mailed by registered mail to the last known address according to the records of the Hospital and fails to report to work within thirty (30) calendar days after she or he has received the notice of recall or such further period of time as may be agreed upon by the parties.

10.07

Job Posting

- (a)
 - i) Where a permanent full-time vacancy occurs in a classification within the bargaining unit or a new full-time position within the bargaining unit is established by the Hospital, such vacancy shall be posted for a period of seven (7) consecutive calendar days. Nurses in this bargaining unit and nurses in another ONA bargaining unit at the Hospital, if any, may make written application for such vacancy within the seven (7) day period referred to herein. Subsequent vacancies created by the filling of a posted vacancy are to be posted for seven (7) consecutive calendar days. Where a vacancy under this provision has remained unfilled for a period of six (6) months from the date of the initial posting, and the employer still requires the position to be filled, it will be reposted as noted above.
 - ii) Where a permanent regular part-time vacancy occurs in a classification within the bargaining unit or a new regular part-time position within the bargaining unit is established by the Hospital, such vacancy shall be posted for a period of seven (7) consecutive calendar days. Nurses in this bargaining unit and nurses in another ONA bargaining unit at the Hospital, if any, may make written application for such vacancy within the seven (7) day period referred to herein. Subsequent vacancies created by the filling of a posted vacancy are to be posted for seven (7) consecutive calendar days. Where a vacancy under this provision has remained unfilled for a period of six (6) months from the date of the initial posting, and the employer still requires the position to be filled, it will be reposted as noted above.
 - iii) Absent exceptional circumstances, the hospital will endeavour to move nurses who have been selected for positions in accordance with Article 10.07 (c) and (d) into their positions within forty-five (45) days of their selection to the positions.

- iv) The job posting provisions take precedence over any recall rights that employees may have under this Agreement, unless otherwise provided herein.

Where a full-time employee on layoff is the successful candidate for a vacant part-time position, she or he shall retain recall rights to her or his former position in the full-time bargaining unit for a period of six (6) months from the date of her or his layoff. This shall also apply to a part-time employee on layoff who is the successful candidate for a vacant full-time position. In these circumstances, the job posting provisions will not apply.

- (b) A nurse may make a written request for transfer by advising the Hospital and filing a Request for Transfer form indicating her or his name, qualifications, experience, present area of assignment, seniority and requested area of assignment. A Request for Transfer shall become active as of the date it is received by the Hospital and shall remain so until December 31 following. Such requests will be considered as applications for posted vacancies and subsequent vacancies created by the filling of a posted vacancy.

Unsuccessful applicants will be notified. The local parties will ensure that there is a means of notifying the unsuccessful applicants in a timely manner.

At the request of the nurse, the Hospital will discuss with unsuccessful applicants ways in which they can improve their qualifications for future postings.

- (c) Nurses shall be selected for positions under either Article 10.07 (a) or (b) on the basis of their skill, ability, experience and qualifications. Where these factors are relatively equal amongst the nurses considered, seniority shall govern providing the successful applicant, if any, is qualified to perform the available work within an appropriate familiarization period. Where seniority governs, the most senior applicant, regardless of her or his ONA bargaining unit, will be selected. Where the applicant has been selected in accordance with this Article and it is subsequently determined that she or he cannot satisfactorily perform the job to which she or he was promoted or transferred, the Hospital will attempt, during the first sixty (60) tours (450 hours for nurses whose regular hours of work are other than the standard work day) worked from the date on which the nurse was first assigned to the vacancy, to return the nurse to her or his former job, and the filling of the subsequent vacancies will likewise be reversed. If the nurse requests the Hospital will give due consideration to returning the nurse to the nurse's former position, provided that the former position has not been filled or eliminated. Such request shall not be unreasonably denied. Where the nurse is returned to her or his former position within thirty (30) tours, the hospital will select an applicant, in accordance with this provision, from the previous posting to fill the position. Where there were no qualified applicants, the position will be reposted in accordance with Article 10.07 (a). Notwithstanding the level of entry to practice (baccalaureate degree in nursing) which became effective in 2005, the Hospital will not establish qualifications, or identify them in job postings, in an arbitrary or unreasonable manner.

- (d) i) Vacancies which are not expected to exceed sixty (60) calendar days (including vacancies caused due to illness, accident, leaves of absence [including pregnancy and parental]) may be filled at the discretion of the Hospital. In filling such vacancies consideration shall be given to regular part-time nurses in the bargaining unit on the basis of seniority who are qualified to perform the work in question. If the temporary vacancy is not filled by a regular part-time nurse, consideration will be given to casual part-time nurses in the bargaining unit on the basis of seniority who are qualified to perform the work in question, prior to utilizing non-bargaining unit nurses supplied by an agency or registry. It is understood, however, that where such vacancies occur on short notice, failure to offer part-time nurses such work shall not result in any claim for pay for time not worked while proper arrangements are made to fill the vacancy. Where part-time nurses fill temporary full-time vacancies, such nurses shall be considered regular part-time and shall be covered by the terms of the part-time collective agreement. Upon completion of the temporary vacancy, such nurse shall be reinstated to her or his former position unless the position has been discontinued, in which case the nurse shall be given a comparable job. Where the Local parties agree, full-time nurses may be considered for temporary full-time vacancies on the same basis as regular part-time nurses. A list of all vacancies expected to be sixty (60) days or more that were filled in the preceding month under this provision, including the names of the nurses selected and the anticipated duration of the vacancy, will be provided to the Union.
- ii) Vacancies due to illness, accident, leaves of absence (including pregnancy and parental) which are expected to exceed sixty (60) calendar days will be posted in accordance with Article 10.07 (a).

(e) Specific Time-Limited Temporary Positions

Specific time-limited temporary positions which are expected to exceed a term of sixty (60) calendar days but no greater than six (6) months will be posted in accordance with Article 10.07 (a). This term may be extended a further six (6) months by mutual agreement of the local parties. Where a nurse is transferred under this Article, their vacated position shall be posted in accordance with Article 10.07 (a).

Upon completion of such temporary position, the nurse will be reinstated to her or his former position.

Should such position continue beyond the expected term, it shall be considered to be a permanent bargaining unit position and posted as such at that time.

- (f) The Hospital shall have the right to fill any permanent vacancy on a temporary basis until the posting procedure or the Request for Transfer procedure provided herein has been complied with and arrangements have been made to permit the nurse selected to fill the vacancy to be assigned to the job.
- (g) A nurse selected as a result of a posted vacancy or a Request for Transfer need not be considered for a further permanent vacancy for a period of up

to nine (9) months from the date of her or his transfer to the vacant position. This does not apply to nurses applying for vacancies or requesting a transfer to full-time or regular part-time positions posted in accordance with Article 10.07 that are on their unit.

- (h) Where nurses are reassigned to meet patient care needs at the hospital, they will be reassigned to units or areas where they are qualified to perform the available work.

10.08

Layoff – Definition and Notice

- (a) A "Layoff" shall include a reduction in a nurse's hours of work and cancellation of all or part of a nurse's scheduled shift.

Cancellation of single or partial shifts will be on the basis of seniority of the nurses on the unit on that shift unless agreed otherwise by the Hospital and the Union in local negotiations.

A partial or single shift reassignment of a nurse from her or his area of assignment will not be considered a layoff. The parties agree that the manner in which such reassignments are made will be determined by local negotiations.

- (b) A "short-term layoff" shall mean:
 - i) A layoff resulting from a planned temporary closure of any part of the Hospital's facilities during all or part of the months of July and August (a "summer shutdown") or during the period between December 15th and January 15th inclusive (a "Christmas shutdown"); or
 - ii) A layoff resulting from a planned temporary closure, not anticipated to exceed six months in length, of any part of the Hospital's facilities for the purpose of construction or renovation; or
 - iii) Any other temporary layoff which is not anticipated to exceed three months in length.
- (c) A "long-term layoff" shall mean any layoff which is not a short-term layoff.
- (d) The Hospital shall provide the local Union with no less than 30 calendar days' notice of a short-term layoff. Notice shall not be required in the case of a cancellation of all or part of a single scheduled shift, provided that Article 14.12 has been complied with. In giving such notice, the Hospital will indicate to the local Union the reasons causing the layoff and the anticipated duration of the layoff and will identify the nurses likely to be affected. If requested, the Hospital will meet with the local Union to review the effect on nurses in the bargaining unit.

- (e) Notice

In the event of a proposed layoff at the Hospital of a permanent or long-term nature within the bargaining unit, the Hospital shall:

- i) Provide the Union with no less than five (5) months written notice of the proposed layoff.
- ii) Provide to the affected employee(s), no less than four (4) months written notice of layoff or pay in lieu thereof.

NOTE: Where a proposed layoff results in the subsequent displacement of any member(s) of the bargaining unit, the original notice to the Union provided in (i) above shall be considered notice to the Union of any subsequent layoff.

In the event of the elimination of a vacant position or in circumstances where the Hospital decides not to fill a vacated position, the Union will be provided with notice at the time the decision is made.

The Hospital shall meet with the local Union to review the following:

- iii) The reasons causing the layoff/elimination.
- iv) The service which the Hospital will undertake after the layoff/elimination.
- v) The method of implementation including the areas of cut-back and the nurses to be laid off.
- vi) Any limits which the parties may agree on the number of nurses who may be newly assigned to a unit or area.

10.09 Layoff – Process and Options

- (a) In the event of a layoff, nurses shall be laid off in the reverse order of seniority provided that the nurses who are entitled to remain on the basis of seniority are qualified to perform the available work. Subject to the foregoing, probationary nurses shall be first laid off.
- (b) Nurses shall have the following entitlements in the event of a layoff.

Prior to implementing a short-term layoff on a unit, nurses will first be offered, in order of seniority, the opportunity to take vacation day(s), utilize any compensating/lieu time credits or to take unpaid leaves in order to minimize the impact of a short-term layoff.

- i) A nurse who has been notified of a short-term layoff may:
 - (A) Accept the layoff; or
 - (B) Opt to retire if eligible under the terms of the Hospital's pension plan as outlined in Article 17.04; or
 - (C) Elect to transfer to a vacant position, provided she or he is qualified to perform the available work; or

- (D) Displace the least senior nurse in the bargaining unit whose work she or he is qualified to perform.
- ii) A nurse who has been notified of a long-term layoff may:
- (A) Accept the layoff; or
 - (B) Opt to retire if eligible under the terms of the Hospital's pension plan as outlined in Article 17.04; or
 - (C) Elect to transfer to a vacant position provided that she or he is qualified to perform the available work; or
 - (D) Displace another nurse in any classification who has lesser bargaining unit seniority and who is the least senior nurse on a unit or area whose work the nurse subject to layoff is qualified to perform.
- iii) In all cases of layoff:
- (A) Any agreement between the Hospital and the Union concerning the method of implementation of a layoff shall take precedence over the terms of this article. While an individual nurse is entitled to Union representation, the unavailability of a representative of the Union shall not delay any meeting regarding layoffs or staff reductions.
 - (B) Where a vacancy occurs in a position following a layoff hereunder as a result of which a nurse has been transferred to another position, the affected nurse will be offered the opportunity to return to her or his former position providing such vacancy occurs within six (6) months of the date of layoff. Where the nurse returns to her or his former position there shall be no obligation to consider the vacancy under Article 10.07. Where the nurse refuses the opportunity to return to her or his former position the nurse shall advise the Hospital in writing.
 - (C) No reduction in the hours of work shall take place to prevent or reduce the impact of a layoff without the consent of the Union.
 - (D) All regular part-time and full-time nurses represented by the Union who are on layoff will be given a job opportunity in the full-time and regular part-time categories before any new nurse is hired into either category.
 - (E) Full-time and part-time layoff and recall rights shall be separate.
 - (F) Casual part-time nurses shall not be utilized while full-time or regular part-time nurses remain on layoff, unless the provisions of Article 10.10 have been complied with or unless the matter is covered by local scheduling.

- (G) No new nurses shall be hired until all those nurses who retain the right to be recalled have been given an opportunity to return to work.
 - (H) In this Article (10.09), a "vacant position" shall mean a position for which the posting process has been completed and no successful applicant has been appointed.
 - (I) The option to "accept a layoff" as provided in this Article includes the right of an employee to absent her or himself from the workplace.
- (c)
 - i) Where there are vacant positions available under Article 10, but the nurse is not qualified to perform the available work, and if such nurse is not able to displace another nurse under Article 10, the nurse will be provided with the necessary training up to sixteen (16) weeks' training to enable the nurse to become qualified for one of the vacant positions. In determining the position for which training will be provided the Hospital shall take account of the nurse's stated preference.
 - ii) When nurses would otherwise be recalled pursuant to Article 10 but none of the nurses on the recall list are qualified to perform the available work the Hospital will provide necessary training up to sixteen (16) weeks to nurses, in order of seniority, to enable them to become qualified to perform the available work.
 - iii) Where a nurse receives training under this provision, she or he need not be considered for any further vacancies for a period of six (6) months from the date she or he is placed in the position.

10.10

Recall from Layoff

Full-time and regular part-time nurses shall be recalled in the order of seniority unless otherwise agreed between the Hospital and the local Union, subject to the following provisions, provided that a nurse recalled is qualified to perform the available work:

- (a) Full-time and regular part-time nurses on layoff may notify the Hospital of their interest in accepting occasional vacancies and/or temporary vacancies which may arise and for which they are qualified. Such notification of interest shall state any restrictions on the type of assignment which a nurse is willing to accept and shall remain valid for six weeks. However, if a nurse declines an occasional or temporary vacancy the Hospital shall not be obliged to call upon the nurse again during the balance of such six-week period.
- (b) For the purposes of this article, an "occasional vacancy" shall mean an assignment which is anticipated not to exceed five shifts (37.5 hours). Occasional vacancies shall be offered first to regular part-time nurses on layoff who have expressed interest, and if no such part-time nurse accepts then to full-time nurses on layoff who have expressed interest, and if no such full-time nurse accepts then to casual part-time nurses.

- (c) For the purposes of this article, a "temporary vacancy" shall mean an assignment which is anticipated to exceed five shifts (37.5 hours). Temporary vacancies which arise in the full-time bargaining unit shall be offered by seniority first to full-time nurses on layoff who have expressed interest, and if no such full-time nurse accepts then by seniority to regular part-time nurses on layoff who have expressed interest, and if no such part-time nurse accepts then to casual part-time nurses. Temporary vacancies which arise in the part-time unit shall be offered by seniority first to regular part-time nurses on layoff who have expressed interest, and if no such part-time nurse accepts then by seniority to full-time nurses on layoff who have expressed interest, and if no such full-time nurse accepts then to casual part-time nurses.
- (d) A nurse to whom an occasional or temporary vacancy is offered may accept or decline such vacancy and in either case shall maintain her or his position on the recall list.

The acceptance of a temporary vacancy that is anticipated to exceed sixty (60) calendar days shall be considered a recall from layoff for purposes of Article 10.06 (c). No new notice of layoff will be required, and the nurse will be deemed to be laid off at the conclusion of the temporary vacancy.

A full-time nurse on layoff who accepts a temporary full-time vacancy within thirty (30) days of the effective day of layoff will continue to receive benefit coverage for the duration of the temporary vacancy.

A full-time nurse who has worked for more than 600 hours in 140 calendar days as the result of accepting one or more temporary vacancies shall thereafter be eligible for benefit coverage as a full-time nurse and shall be paid accordingly, and shall continue to receive benefit coverage so long as she or he continues to fill a temporary vacancy and such full-time employee shall accrue seniority in the manner prescribed for full-time employees throughout the period of employment.

Otherwise, a full-time employee who accepts a temporary or occasional vacancy shall be paid her or his regular full-time rate of pay together with a percentage payment in lieu of benefits at the rate specified for part-time nurses.

A full-time employee who accepts a temporary part-time vacancy or occasional vacancies as provided herein will accrue seniority throughout the period of such employment in the manner prescribed for part-time nurses.

A part-time employee who accepts a temporary or occasional vacancy will accrue seniority throughout the period of such employment in the manner prescribed for part-time nurses.

10.11 Transfer outside of the Bargaining Unit

- (a) A nurse who is transferred to a position outside of the bargaining unit for a period of not more than three (3) months, or is seconded to teach for an academic year shall not suffer any loss of seniority, service or benefits.

A nurse who is transferred to a position outside of the bargaining unit for a period of more than three (3) months, but not more than one (1) year, or in the case of pregnancy or parental leave up to eighteen (18) months shall retain, but not accumulate, her or his seniority held at the time of the transfer. In the event the nurse is returned to a position in the bargaining unit, she or he shall be credited with seniority held at the time of transfer and resume accumulation from the date of her or his return to the bargaining unit.

The union will be provided notice prior to the commencement of the transfers mentioned above.

A nurse must remain in the bargaining unit for a period of at least five (5) months before transferring out of the bargaining unit again or she or he will lose all seniority held at the time of the subsequent transfer.

- (b) In the event that a nurse is transferred to a position outside of the bargaining unit for a period in excess of one (1) year, or in the case of pregnancy or parental leave up to eighteen (18) months, she or he will lose all seniority held at the time of transfer. In the event the nurse is returned to a position in the bargaining unit, the nurse's seniority will accrue from the date of her or his return to the bargaining unit.
- (c) It is understood and agreed that a nurse may decline such offer to transfer and that the period of time referred to above may be extended by agreement of the parties.
- (d) The Hospital agrees that it will not make work assignments that violate the purpose and intent of this provision. The Hospital will advise the local Union of the names of any nurses performing the duties of positions outside of the bargaining unit pursuant to Articles 10.11 and/or 19.04 (b), the date the assignment commenced, the area of assignment and the duration of such assignments.
- (e) A nurse who accepts a transfer under Article 10.11 will not be required to pay union dues for any complete calendar month during which no bargaining unit work is performed.

10.12 Work of the Bargaining Unit/Agency Nurses

- (a) Nurses who are in supervisory positions excluded from the bargaining unit shall not perform duties normally performed by nurses in the bargaining unit which shall directly cause or result in the layoff, loss of seniority or service or reduction in benefits to nurses in the bargaining unit.

Nurses will be assigned duties and responsibilities in accordance with the *Regulated Health Professions Act* and other applicable statutes and regulations thereto. Hospitals will not assign such duties and responsibilities to employees not covered by this agreement unless those duties and responsibilities are appropriate to the position occupied by the person to whom the duties and responsibilities are being assigned and are consistent with quality patient care.

Unless otherwise agreed by the Union and the Hospital, work performed by full-time nurses will not be assigned to part-time nurses for the purpose of eliminating full-time positions.

- (b) The Hospital shall not contract out the work of a bargaining unit nurse if, as a result of such contracting out, any bargaining unit nurse other than a casual part-time nurse is laid off, displaced or loses hours of work or pay. Prior to contracting out any available work, the Hospital will first offer the work on the basis of seniority to regular part-time nurses in the bargaining unit. Contracting out to an employer who is organized and who will employ the employees of the bargaining unit who would otherwise be laid off, with similar terms and conditions of employment, is not a breach of this provision. This clause will not apply to the ad hoc use of agency or registry nurses for single shift coverage of vacancies due to illness or leaves of absence.
- (c) It is agreed that ad hoc usage of agency nurses (RN) will not exceed the lesser of 1.5% of the total bargaining unit hours or the Hospital's actual usage for 2005-2006 base fiscal year. The Hospital will make ongoing best efforts to reduce any use of agency nurses. Any use of Agency nurses beyond 1.5% in a fiscal year will result in a payment to the Union of 62 cents per hour of agency use above 1.5% to be determined annually at the end of each fiscal year.

For clarity: The use of agency nurses is limited to *ad hoc* single shift coverage of vacancies due to illness or leaves of absence. Any other usage of agency nurses requires the Union's written consent.

10.13 Integrations/Rationalization

To minimize the adverse impact of integration on employees, the parties agree that a standardized approach to Human Resources Adjustment Planning should be used, including the development of provincial standards or principles.

For the purposes of this Article, the parties agree that 'integrate', 'integration' and 'health service provider' have the same meaning as defined by the Local Health System Integration Act. Throughout this agreement, the words rationalization, consolidation or integration may be used interchangeably.

In the event of a health service integration or rationalization with another service provider, the Employer and the Union agree to be guided by the following principles:

- (a) The Hospital shall notify affected nurses and the Union as soon as a formal decision to rationalize or integrate is taken.
- (b) The Hospital shall provide the Union with pertinent financial and staffing information and a copy of any reorganization plans which impact on the bargaining unit relating to the rationalization or integration of services.
- (c) The Hospital and the Union shall begin discussions concerning the specifics of the rationalization or integration forthwith after a decision to rationalize or integrate is taken.

- (d) As soon as possible in the course of developing a plan for the implementation of the rationalization or integration, the Hospital shall notify affected nurses and the Union of the projected staffing needs, and their location, which are anticipated to result; notice to affected nurses and the Union shall include the estimated number and types of positions anticipated to be available, and their location, as the result of the rationalization or integration.
- (e) If services in the Hospital are to be reduced, transferred or eliminated as the result of rationalization or integration, or if the employment of nurses is otherwise to be affected, the Hospital shall prepare a list of the affected nurses in order of seniority by jobs for which it considers such nurses are eligible. This list will be updated to reflect any changes due to employees leaving or entering the unit.
- (f) If a rationalization or integration is anticipated to result in a loss of employment for nurses at another service provider by reason of the establishment of a new unit or the enlargement or extension of services at the hospital:
 - i) In the period before an integration or rationalization takes place, where a permanent vacancy occurs and has not been filled after Article 10.07 has been complied with, the vacancy shall be filled by the senior qualified employee of the other service provider who wishes to make an early transfer. A nurse taking such a position shall be treated as a transferring employee and not as a new hire.
 - ii) When the integration or rationalization takes place, and when nurses formerly employed by the other service provider or providers involved are transferred to the Hospital, such nurses shall maintain their seniority dates and shall be placed on seniority lists at the Hospital accordingly. Thereafter they shall exercise seniority rights in accordance with this agreement. Following implementation of the rationalization or integration, no nurse who has been transferred to the Hospital shall suffer a reduction in wages. If the wage grid in effect at the Hospital does not correspond to the grid in effect at the service provider at which such nurses were formerly employed, nurses whose wages were not identical to a wage step on the Hospital's grid shall be moved to the next higher step. Where the transferring nurse's salary exceeds the range maximum, the nurse's salary will be maintained.
 - iii) Nurses who have been transferred to the Hospital shall be subject to the benefit plans of the Hospital in the manner provided under the collective agreement. The retention, modification or abandonment of superior conditions and the provisions of sick leave plans, to which nurses who have been transferred to the Hospital were formerly subject, shall be negotiated between the Union and the Hospital. - i) Notice of positions at the other service provider shall be posted at the hospital for a period of seven (7) consecutive calendar days. Nurses in this bargaining unit and nurses in other ONA bargaining units at the Hospital, if any, may make written application for such vacancy within the seven (7) day period referred to herein.
 - ii) Nurses shall be selected for positions on the basis of their skill, ability, experience and qualifications. Where these factors are relatively equal amongst the nurses considered, seniority shall govern providing the successful applicant, if any, is qualified to perform the available work within an appropriate familiarization period. Where seniority governs, the most senior applicant, regardless of her or his ONA bargaining unit, will be selected. Where the applicant has been selected in accordance with this Article and it is subsequently determined that she or he cannot satisfactorily perform the job to which she or he was promoted or transferred, the Hospital will attempt, during the first sixty (60) tours (450 hours for nurses whose regular hours of work are other than the standard work day) worked from the date on which the nurse was first assigned to the vacancy, to return the nurse to her or his former job, and the filling of the subsequent vacancies will likewise be reversed.

Nothing in the foregoing shall be deemed to limit or restrict the parties rights under the *Labour Relations Act, 1995*, the *Local Health System Integration Act* or the *Public Sector Labour Relations Transition Act, 1997*, as may be amended from time to time.

- iv) If a nurse(s) on the unit referred to in paragraph (i) does not accept the offer, the Hospital will then extend the offer, in order of seniority, to eligible nurses in the same classification in the unit where a nurse who has been notified of a long-term lay-off elects to displace in accordance with Article 10.09 (b) ii) (D) and one subsequent displacement. The Hospital is not required to offer retirement allowances in accordance with this provision on any subsequent displacements i.e., the offer shall follow the displaced nurse, to a maximum of two displacements.

The nurse shall be credited with tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) towards the probationary period provided in Article 10.01 (a) to a maximum of 30 tours (225 hours for nurses whose regular hours of work are other than the standard work day).

The Hospital will outline to nurses hired to fill such temporary vacancies the circumstances giving rise to the vacancy and the special conditions relating to such employment.

That benefit will be equivalent to the difference between eighty-four percent (84%) of her regular weekly earnings and the sum of her weekly Employment Insurance benefits and any other earnings. Biweekly payment shall commence following completion of the one (1) week Employment Insurance waiting period, and receipt by the Hospital of the nurse's Employment Insurance cheque stub as proof that she is in receipt of Employment Insurance pregnancy benefits, and shall continue for a maximum period of fifteen (15) weeks. The nurse's regular weekly earnings shall be determined by multiplying her regular hourly rate on her last day worked prior to the commencement of the leave times her normal weekly hours. The normal weekly hours for a part-time employee shall be calculated by using the same time period used for calculation of the Employment Insurance benefit.

The employee does not have any vested right except to receive payments for the covered employment insurance period. The plan provides that payments in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

The employer shall continue to pay the percentage in lieu of benefits for part-time employees based on the employee's normal weekly hours for the full duration of the pregnancy leave in addition to pension contributions if applicable.

11.08

Parental Leave

- (a) A nurse who becomes a parent of a child is eligible to take a parental leave in accordance with the provisions of the *Employment Standards Act*, except where amended in this provision.

- (b) A nurse who has taken a pregnancy leave under Article 11.07 is eligible to be granted a parental leave of up to sixty-one (61) weeks' duration, in accordance with the *Employment Standards Act*. Otherwise, a nurse who is eligible for a parental leave may extend the parental leave for a period of up to sixty-three (63) weeks' duration, consideration being given to any requirements of adoption authorities. In cases of adoption, the nurse shall advise the hospital as far in advance as possible with respect to a prospective adoption and shall request the leave of absence, in writing, upon receipt of confirmation of the pending adoption. If, because of late receipt of confirmation of the pending adoption, the nurse finds it impossible to request the leave of absence in writing, the request may be made verbally and subsequently verified in writing.
- (c) The nurse shall be reinstated to her or his former position, unless that position has been discontinued, in which case the nurse shall be given a comparable job.
- (d) Nurses newly hired to replace nurses who are on approved parental leave may be released and such release shall not be the subject of a grievance or arbitration. If retained by the Hospital, in a permanent position, the nurse shall be credited with seniority from date of hire subject to successfully completing her or his probationary period. The nurse shall be credited with tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) towards the probationary period provided in Article 10.01 (a) to a maximum of 30 tours (225 hours for nurses whose regular hours of work are other than the standard work day).

The Hospital will outline to nurses hired to fill such temporary vacancies, the circumstances giving rise to the vacancy and the special conditions relating to such employment.

- (e) On confirmation by the Employment Insurance Commission of the appropriateness of the Hospital's Supplemental Unemployment Benefit (SUB) Plan, a nurse who is on parental leave as provided under this Agreement who has applied for and is in receipt of Employment Insurance parental benefits pursuant to Section 23 of the *Employment Insurance Act* shall be paid a supplemental employment benefit. That benefit will be equivalent to the difference between eighty-four (84%) percent of the nurse's regular weekly earnings and the sum of her or his weekly Employment Insurance benefits and any other earnings. Biweekly payment shall commence following completion of the one (1) week Employment Insurance waiting period, and receipt by the Hospital of the employee's Employment Insurance cheque stub as proof that she or he is in receipt of Employment Insurance parental benefits and shall continue while the nurse is in receipt of such benefits for a maximum period of twelve (12) weeks. The nurse's regular weekly earnings shall be determined by multiplying her or his regular hourly rate on her or his last day worked prior to the commencement of the leave times her or his normal weekly hours. The normal weekly hours for a part-time employee shall be calculated by using the same time period used for calculation of the Employment Insurance benefit.

The employee does not have any vested right except to receive payments for the covered employment insurance period. The plan provides that payments in respect of guaranteed annual remuneration or in respect of

deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

The employer shall continue to pay the percentage in lieu of benefits for part-time employees based on the employee's normal weekly hours for the portion of the parental leave for which SUB payments are being made, i.e. 12 weeks, in addition to pension contributions if applicable.

Where an employee elects to receive parental leave benefits pursuant to Section 12 (3) (b) (ii) of the *Employment Insurance Act*, the amount of any Supplemental Unemployment Benefit payable by the Hospital will be no greater than what would have been payable had the employee elected to receive the parental leave benefit pursuant to Section 12 (3) (b) (i) of the *Employment Insurance Act*.

The nurse agrees to notify the immediate manager of the date of the examination as soon as possible after she or he has become aware of the date of the exam.

- (c) Leave of absence without loss of regular earnings from regularly scheduled hours for the purpose of attending short courses, workshops or seminars to further professional nursing career development may be granted at the discretion of the Hospital upon written application by the nurse to the Chief Nursing Executive, Supervisor or designate.

- 12.02 Effective the first of the month following the transfer, all existing sick leave plans in the Participating Hospitals shall be terminated and any provisions relating to such plans shall be null and void under the respective Collective Agreements except as to those provisions relating to pay out of unused sick leave benefits which are specifically dealt with hereinafter.

- 12.03 Existing sick leave credits for each employee shall be converted to a sick leave bank to the credit of the employee. The sick leave bank shall contain the unused sick leave days to the credit of the nurse on the effective date of the transfer to the Plan set out in Article 12.01. The "sick leave bank" shall be utilized to:

- (a) Supplement payment for sick leave days under the new plan which would otherwise be at less than full wages.
- (b) Where a pay out provision existed under the former sick leave plan in the Collective Agreement, pay out shall be made on the termination of employment, or in the case of death, to the nurse's estate. The parties may agree to voluntarily cash out existing sick leave banks. The amount of the pay out shall be a cash settlement at the nurse's then current salary rate for any unused sick credits to the maximum provided under the sick leave plan in which the nurse participated as of October 23, 1981.
- (c) Where, as of the effective date of transfer, an employee does not have the required service to qualify for pay out on termination, her or his existing sick leave credits as of that date shall nevertheless be converted to a sick leave bank in accordance with the foregoing and the nurse shall be entitled to the same cash out provisions as set out in paragraph (b) above providing the nurse subsequently achieves the necessary service to qualify for pay out under the conditions of the sick leave plan in which she or he participated as of October 23, 1981.

- (d) Where a pay out provision existed under the former sick leave plan in the Collective Agreement, a nurse who, as of the date of this award, has accumulated sick leave credits and is prevented from working for the Hospital on account of an occupational illness or accident that is recognized by The Workplace Safety and Insurance Board as compensable within the meaning of the *Workplace and Safety Insurance Act*, the Hospital, on application from the nurse, will supplement the award made by The Workplace Safety and Insurance Board for loss of wages to the nurse by such amount that the award of The Workplace Safety and Insurance Board for loss of wages, together with the supplementation of the Hospital, will equal one hundred per cent (100%) of the nurse's net earnings to the limit of the nurse's accumulated sick leave credits. Nurses may utilize such sick leave credits while awaiting approval of a claim for WSIB benefits.

- 12.04 When a nurse has completed any portion of her or his regularly scheduled tour prior to going on sick leave benefits or WSIB benefits, the nurse shall be paid for the balance of the tour at her or his regular straight time hourly rate. This provision will not disentitle the nurse to a lieu day under Article 15.05 if she or he otherwise qualifies.
- 12.05 Any dispute which may arise concerning a nurse's entitlement to short-term or long-term benefits under HOODIP or an equivalent plan may be subject to grievance and arbitration under the provisions of this Agreement. If a claim for long-term disability is denied, the employee must fully comply with the carrier's medical appeals process, if available to the nurse, prior to referring a grievance to arbitration, provided that the process is completed within ninety (90) days of its inception, unless that time is extended by mutual agreement of the Hospital and the Union.
- 12.06 Nurses presently employed who are covered by a long-term disability plan in effect as of October 21, 1981, may elect to be covered by HOODIP or to continue their present coverage.
- 12.07 No sick pay benefit is payable under HOODIP for the first fifteen (15) hours of absence for the sixth (6th) and subsequent period(s) of absence in the same fiscal year (April 1st through March 31st).
- 12.08 The Hospital will notify each nurse of the amount of unused sick leave in her or his bank annually.
- 12.09 For nurses whose regular hours of work are other than the standard workday, the short-term sick leave plan will provide payment for the number of hours of absence according to the scheduled tour to a total of 562.5 hours. All other provisions of the existing plan shall apply with the necessary changes.
- 12.10 Absences due to pregnancy related illness shall be considered as sick leave under the sick leave plan.
- 12.11 A nurse who is absent from work as a result of an illness or injury sustained at work and who has been awaiting approval of a claim for WSIB benefits for a period longer than one complete tour or more may apply to the Hospital for payment equivalent to the lesser of the benefit the nurse would receive from WSIB if the nurse's claim was approved, or the benefit to which the nurse would be entitled under the short-term sick portion of the disability income plan (HOODIP or

equivalent plan). Payment will be provided only if the nurse provides evidence of disability satisfactory to the Hospital and a written undertaking satisfactory to the Hospital that any payments will be refunded to the Hospital following final determination of the claim by The Workplace Safety and Insurance Board. If the claim for WSIB benefits is not approved, the monies paid as an advance will be applied towards the benefits to which the nurse would be entitled under the short-term portion of the disability income plan. Any payment under this provision will continue for a maximum of fifteen (15) weeks.

(Articles 12.12, 12.13, 12.14 and 12.15 apply to both full-time and part-time nurses)

12.12 Nurses returning to work from an illness or injury compensable from the Workplace Safety and Insurance Board will be assigned light work as necessary, if available.

12.13 A nurse who transfers from full-time to part-time may elect to retain her or his accumulated sick leave credits to be utilized during part-time or subsequent full-time employment as provided under the sick leave plan in which the nurse participated as of October 23, 1981.

12.14 If the Employer requires the employee to obtain a medical certificate, the employer shall pay the full cost of obtaining the certificate. A medical certificate will include a certificate from a nurse practitioner and/or midwife in the context of the employee's pregnancy.

12.15 Attendance Management

Days of absence arising out of a medically-established serious chronic condition, an ongoing course of treatment, a catastrophic event, absence for which WSIB benefits are payable, medically necessary surgical interventions, or days where the employee is asymptomatic and is under a doctor's care from the commencement of symptoms for a confirmed communicable disease (and has provided medical substantiation of such symptoms) but is required to be absent under the Hospital or public health authority protocol, will not be counted for the purposes of being placed on, or progressing through, the steps of an attendance management program. Leaves covered under the *Employment Standards Act*, 2000 and leaves under Article 11 will not be counted for the purposes of being placed on, or progressing through, the steps of an attendance management program.

NOTE: This clause shall be interpreted in a manner consistent with the *Ontario Human Rights Code*.

ARTICLE 13 – HOURS OF WORK

13.01 The following provision designating regular hours on a daily tour and regular daily tours over the nursing schedule determined by the Hospital shall not be construed to be a guarantee of the hours of work to be performed on each tour or during each tour schedule.

Subject to Article 13.02 below:

(a) The normal daily tour shall be seven and one-half (7½) consecutive hours in any twenty-four (24) hour period exclusive of an unpaid one-half (½) hour meal period, it being understood that at the change of tour there will

normally be additional time required for reporting which shall be considered to be part of the normal daily tour, for a period of up to fifteen (15) minutes duration. Should the reporting time extend beyond fifteen (15) minutes, however, the entire period shall be considered overtime for the purposes of payment under Article 14.

- (b) Nurses shall be entitled, subject to the exigencies of patient care, to relief periods during the tour on the basis of fifteen (15) minutes for each half tour. The scheduling of meal periods and relief periods shall be determined by local negotiations.
- (c) The regular daily tours of duty of a full-time nurse shall average five (5) days per week over the nursing schedule determined by the Hospital. Full-time schedules shall be determined by local negotiation.

Full-time nurses in the bargaining unit engaged in teaching in Schools for R.P.N.'s shall work a flexible schedule, Monday to Friday, averaging 37½ hours per week over the schedule to be determined by local negotiations. (Last paragraph of 13.01 (c) applies to nurses only).

- (d) Where a nurse notifies her or his supervisor that she or he has been or will be unable to take the normal meal break due to the requirement of providing patient care, such nurse shall be paid time and one half (1½) her or his regular straight time hourly rate for all time worked in excess of her or his normal daily hours.
- (e) The Hospital shall not enter into any agreement with employees under Section 17 (2) of the Employment Standards Act, 2000 that conflicts with the collective agreement.

13.02 Where nurses are now working a longer daily tour, the provisions set out in this Article governing the regular hours of work on a daily tour shall be adjusted accordingly.

The normal daily extended tour shall be 11.25 consecutive hours in any 24-hour period, exclusive of a total of forty-five (45) minutes of unpaid mealtime.

Nurses shall be entitled, subject to the exigencies of patient care, to relief periods during the tour of a total of forty-five (45) minutes.

The scheduling of meal and relief periods shall be determined by local negotiations.

The introduction or discontinuance of longer daily tours shall be determined by local negotiations.

Where the Union and the Hospital agree to an extended daily tour that differs from the normal daily extended tour, the provisions set out in this agreement shall be adjusted accordingly and recorded in the Appendix of Local Provisions.

13.03 Innovative Unit Scheduling

Schedules other than those included in Articles 13.01 and 13.02 may be developed in order to improve quality of working life, support continuity of patient care, ensure adequate staffing resources, and support cost-efficiency. The parties agree that

such innovative schedules may be determined locally by the Hospital and the Union subject to the following principles:

- (a) Such schedules shall be established by mutual agreement of the Hospital and the Union.
- (b) These schedules may pertain to full-time and/or part-time nurses.
- (c) The introduction of such schedules and trial periods, if any, shall be determined by the local parties and recorded in the Appendix of Local Provisions. Such schedules may be discontinued by either party with notice as determined within the Appendix of Local Provisions.
- (d) Upon written agreement of the Hospital and the Union, the parties may agree to amend collective agreement provisions to accommodate any innovative unit schedules.

13.04 Unit Weekend Worker

A unit weekend schedule may be developed in order to meet the Hospital's need for weekend staff, and individual nurses' preference for a weekend work schedule.

A unit weekend schedule is defined as a schedule in which a full-time weekend worker nurse works a weekly average of thirty (30) hours and is paid for 37.5 hours at her or his regular straight time hourly rate. The schedule must include two 11.25-hour tours, which fall within a weekend period as determined by the Hospital and the Union. A nurse working a weekend schedule will work every weekend except as provided for in the provisions below.

If the Hospital and the Union agree to a unit weekend schedule, the introduction of that schedule and the manner in which the position(s) are filled, shall be determined by the local parties and recorded in the Appendix of Local Provisions. This unit schedule may be discontinued by either party with notice as determined within the Appendix of Local Provisions. Such agreement shall not be unreasonably withheld. The opportunity for an individual weekend worker nurse to discontinue this schedule shall be resolved by the local parties:

- (a) Weekend and shift premiums shall not be paid.
- (b) Vacation Bank

Vacation entitlement is determined by Article 16.01. For the purposes of Article 16.01 (g), hours worked or credited as paid leave will be based on an accelerated rate of 1.25 hours credit for each hour worked.

Mechanism for the vacation bank is determined by current local practices.

Drawing from the vacation bank will occur at an accelerated rate of 1.25 paid hours for every hour taken as vacation (i.e. 11.25 hours worked equals 14.0625 hours paid; 7.5 hours worked equals 9.375 hours paid).

Vacation must be taken as a full weekend off (i.e. Saturday and Sunday). The maximum number of weekends off cannot exceed the week entitlement level determined by Article 16.01.

Single vacation days may be taken on weekdays, which need not be in conjunction with the Saturday and Sunday. Single vacation days may be taken on the weekend, provided no replacement is required.

Cash-out and carry-over provisions for the bank will be defined locally.

Article 16.05 (a), (b) and (c) do not apply.

(c) Paid Holiday Bank

Nurses qualify in accordance with the collective agreement. The paid holidays are identified in the Local Appendix.

Credit to the paid holiday bank will occur on the date of the holiday.

Drawing from the paid holiday bank will occur at an accelerated rate of 1.25 hours paid for every hour taken (i.e. 11.25 hours worked equals 14.05 hours paid; 7.5 hours worked equals 9.375 hours paid).

If a nurse works on a paid holiday as defined by the local parties, she or he will receive one and one-half (1½) pay for all hours worked on a holiday. The nurse will not receive a lieu day. Article 14.04 also applies.

The holiday bank can be used as income replacement for absences due to illness or for lieu time off on a weekday.

Cash-out and carry-over provisions for the bank will be resolved locally.

(d) Sick Leave

The nurse may utilize the paid holiday bank as income replacement for absences due to illness, as described in Article (c) above.

The nurse is eligible for long-term disability benefits as described in Article 12. A nurse will not receive pay for the first seventeen (17) weeks of any period of absence due to a legitimate illness. Subject to the availability of paid holiday banked hours, the nurse will be eligible for Employment Insurance for weeks three (3) through seventeen (17) for any absence due to a legitimate illness. The Hospital will provide the nurse with sixty-five (65%) percent of her or his regular earnings for weeks eighteen (18) through thirty (30) for any absence due to a legitimate illness.

The nurse may utilize her or his sick leave bank available under Article 12.03 for unpaid absences due to illness and Employment Insurance top-up in accordance with the formula for converting hours as described in Article 10.03.

Nurses may be required to provide medical proof of illness for any absence of a scheduled shift, which is neither vacation nor an approved leave of absence. It is agreed and understood that Article 18.04 will apply in these circumstances.

The provision of medical certificates shall be subject to Article 12.14.

(e) Leaves of Absence

Article 11 applies for both paid and unpaid leaves. For the purposes of an unpaid 11.25-hour shift, the deduction from pay shall equate to 14.05 hours. For the purposes of an unpaid 7.5-hour shift, the deduction from pay shall equate to 9.375 hours.

(f) Tour Exchange

Weekend tour exchanges will be permitted only between weekend tour nurses. Weekday tour exchanges will be permitted provided the Hospital does not incur additional costs.

In all instances of tour exchange, the tours must be of the same duration.

(g) Overtime

Overtime will begin to accrue after sixty (60) hours in a two (2) week period averaged over the scheduling period determined by the local parties.

Overtime will apply if the nurse works in excess of the normal daily hours.

Payment for overtime is as in Article 14.01 (a).

(h) Scheduling Provisions

The scheduling and premium provisions relating to consecutive weekends off in the Local Appendix do not apply to nurses who accept positions under this provision.

(i) Christmas Period

The local provisions relating to scheduling during this period will apply, except as modified to confirm that the weekend tour nurse will continue to work weekends during this period.

13.05 Individual Special Circumstance Arrangements

Notwithstanding Article 2.04, the Hospital and the Union may agree in certain circumstances, the schedule of an individual full-time nurse may be adjusted to enable an average weekly work assignment of 30 to 37.5 hours.

- (a) Such an arrangement shall be established by mutual agreement of the Hospital and the Union and the nurse affected. The parties agree that the arrangement applies to an individual, not to a position.
- (b) The parties shall determine the introduction of a special circumstance arrangement. Issues related to vacation, paid holidays and benefit coverage will be determined by the Hospital and the Union. The nurse will retain full-time status, including but not limited to seniority and service.

The parties agree that for pension purposes, there will be no reduction in the normal 37.5 hours per week pension contributions made by a nurse and/or the Hospital under this provision, nor shall there be proration of Extended Health Care, Semi-Private or Dental benefits.

(NOTE: If the above proposal is satisfactory to HOOPP and Revenue Canada)

Any party may discontinue the special circumstance arrangement with notice as determined within the agreement. In the event that the nurse affected resigns, transfers, is laid off or terminated, the arrangement will be deemed to be discontinued immediately, unless the parties mutually agree otherwise.

ARTICLE 14 – PREMIUM PAYMENT

14.01 (a) (Article 14.01 (a) applies to full-time nurses only)

If a nurse is authorized to work in excess of the hours referred to in Article 13.01 (a) or (c), she or he shall receive overtime premium of one and one-half (1½) times her or his regular straight time hourly rate. Notwithstanding the foregoing, no overtime premium shall be paid for a period of less than fifteen (15) minutes of overtime work where the nurse is engaged in reporting functions at the end of her or his normal daily tour. If authorized overtime amounts to fifteen (15) minutes or more, overtime premium shall be paid for the total period in excess of the normal daily tour. Overtime premium will not be duplicated for the same hours worked under Article 13.01 (a) and (c) nor shall there be any pyramiding with respect to any other premiums payable under the provisions of this Collective Agreement. Nothing herein will disentitle the nurse to payment of the normal tour differential provided herein. For purpose of clarity, a nurse who is required to work on her or his scheduled day off shall receive overtime premium of one and one-half (1½) times her or his regular straight time hourly rate except on a paid holiday the nurse shall receive two (2) times her or his straight time hourly rate. The Hospital agrees that if the Collective Agreement provided a greater overtime premium for overtime work immediately prior to this Agreement, the Hospital will continue to pay such greater overtime premium. This is not intended to entitle the nurse to be paid for work performed while engaged in the reporting functions as provided herein.

(b) (Article 14.01 (b) applies to part-time nurses only.)

If a part-time nurse is authorized to work in excess of the hours referred to in Article 13.01 (a), she or he shall receive overtime premium of one and one-half (1½) times her or his regular straight time hourly rate. A part-time nurse (including casual nurses but not including part-time nurses who are filling temporary full-time vacancies) who works in excess of seventy-five (75) hours in a two (2) week period shall receive time and one-half (1½) her or his regular straight time hourly rate for all hours worked in excess of seventy-five (75). A part-time nurse who is filling a temporary full-time vacancy shall receive time and one-half (1½) her or his regular straight time hourly rate for all hours worked in excess of an average of 37½ hours per week over the full-time nursing schedule determined by the Hospital. Such averaging will commence at the conclusion of the two week period following the nurse's transfer to the temporary full-time position and will end at the conclusion of the two week period prior to the nurse's return to her or his former position. Notwithstanding the foregoing, no overtime premium shall be paid for a period of less than fifteen (15) minutes of overtime work where

the nurse is engaged in reporting functions at the end of her or his normal daily tour. If authorized overtime amounts to fifteen (15) minutes or more, overtime premium shall be paid for the total period in excess of the normal daily tour. Overtime premium will not be duplicated for the same hours worked under Article 13.01 (a) nor shall there be any pyramiding with respect to any other premiums payable under the provisions of this Collective Agreement. Nothing herein will disentitle the nurse to payment of the normal tour differential provided herein. The Hospital agrees that if the Collective Agreement provided a greater premium for overtime work immediately prior to this Agreement, the Hospital will continue to pay such greater overtime premium. This is not intended to entitle the nurse to be paid for work performed while engaged in the reporting functions as provided herein.

- 14.02 Notwithstanding the foregoing, overtime will not be paid for additional hours worked during a twenty-four (24) hour period either as a result of change in tour on the request of a nurse or a change-over to daylight saving from standard time or vice versa or an exchange of tours by two nurses.
- 14.03 Work scheduled by the Hospital to which a premium is attached under scheduling regulations contained in the Collective Agreement and set out in the Appendix of Local Provisions shall be paid at one and one-half (1½) times the nurse's regular straight time hourly rate or as otherwise provided.
- 14.04 Where a nurse is required to work on a paid holiday or on an overtime tour or on a tour that is paid at the rate of time and one-half (1½) the nurse's regular straight time hourly rate as a result of 14.03 above and the nurse is required to work additional hours following her or his full tour on that day (but not including hours on a subsequent regularly scheduled tour for such nurse) such nurse shall receive two (2) times her or his regular straight time hourly rate for such additional hours worked. Where a nurse is called back from standby and works in excess of the hours of a normal shift on her or his unit, such nurse shall receive two (2) times her or his regular straight time hourly rate for such additional hours worked.
- 14.05 A nurse who reports for work as scheduled, unless otherwise notified by the Hospital, shall receive a minimum of four (4) hours' pay at her or his regular straight time hourly rate. The nurse shall be required to perform any nursing duties assigned by the Hospital which she or he is capable of doing, if her or his regular duties are not available.
- 14.06 Where a full-time or regular part-time nurse has completed her or his regularly scheduled tour and left the hospital and is called in to work outside her or his regularly scheduled working hours, or where a nurse is called back from standby, such nurse shall receive two (2) times her or his regular straight time hourly rate for all hours worked with a minimum guarantee of four (4) hours' pay at two (2) times her or his regular straight time hourly rate except to the extent that such four (4) hour period overlaps or extends into her or his regularly scheduled shift. In such a case, the nurse will receive time two (2) times her or his regular straight time hourly rate for actual hours worked up to the commencement of her or his regular shift.
- 14.07 A nurse who is required to remain available for duty on standby outside her or his regularly scheduled working hours shall receive standby pay in the amount of three dollars and forty-five cents (\$3.45) per hour for the period of standby scheduled by the Hospital. Where such standby duty falls on a paid holiday, as set out in the

Appendix of Local Provisions, the nurse shall receive standby pay in the amount of five dollars and five cents (\$5.05) per hour. Standby pay shall, however, cease where the nurse is called in to work under Article 14.06 above and works during the period of standby.

14.08 The regular straight time hourly rate for a full-time or part-time nurse will be the hourly rate in the wage schedule set forth in Article 19.01 (a).

14.09 Where a full-time nurse has worked and accumulated approved hours for which she or he is entitled to be paid premium pay (other than hours relating to working on paid holidays) such full-time nurse shall have the option of electing payment at the applicable premium rate or time off equivalent to the applicable premium rate (i.e., where the applicable rate is time and one-half [$1\frac{1}{2}$] then time off shall be at time and one-half [$1\frac{1}{2}$]). Where a full-time nurse chooses equivalent time off such time off must be taken within the period set out in the Appendix of Local Provisions or payment in accordance with the former option shall be made.

The application of this clause for part-time nurses will be determined by the local parties.

14.10 A nurse shall be paid a shift premium of two dollars and twenty-five cents (\$2.25) per hour for each hour worked which falls within the hours defined as an evening shift and two dollars and sixty-five cents (\$2.65) for each hour worked which falls within the hours defined as a night shift provided that such hours exceed two (2) hours if worked in conjunction with the day shift. Tour differential will not form part of the nurse's straight time hourly rate. For purposes of this provision, the night shift and the evening shift each consist of 7.5 hours. The defined hours of a night and evening shift shall be a matter for local negotiation.

14.11 Ambulance Escort

Where a nurse is assigned to provide patient care for a patient in transit, the following provisions shall apply:

- (a)
 - i) Where a full-time nurse performs such duties during her or his regular shift, the full-time nurse shall be paid her or his regular rate of pay. Where a full-time nurse performs such duties outside her or his regular shift or on a day off, she or he shall be paid the appropriate overtime rate.
 - ii) Where a part-time nurse performs such duties during an assigned shift, she or he shall be paid her or his regular rate of pay. Where a part-time nurse continues to perform such duties in excess of her or his assigned shift, she or he shall be paid the appropriate overtime rate.
- (b) Where such duties extend beyond the nurse's regular shift, the Hospital will not require the nurse to return to regular duties at the hospital without at least eight (8) hours of time off. Where such time off extends into the nurse's next regularly scheduled shift, she or he will maintain her or his regular earnings for that full shift.
- (c) Hours spent between the time the nurse is relieved of patient care responsibilities and the time the nurse returns to the hospital or to such other location agreed upon between the Hospital and the nurse will be paid

at straight time or at appropriate overtime rates, if applicable under Article 14.01. It is understood that the nurse shall return to the hospital or to such other location agreed upon between the Hospital and the nurse at the earliest opportunity. Prior to the nurse's departure on escort duty, or at such other time as may be mutually agreed upon between the Hospital and the nurse, the Hospital will establish with the nurse arrangements for return travel.

- (d) The nurse shall be reimbursed for reasonable out of pocket expenses including room, board and return transportation and consideration will be given to any special circumstances not dealt with under the foregoing provisions.

NOTE 1: (Note 1 applies to full-time nurses only)

The Hospital agrees to continue to pay any greater monetary benefit for ambulance escort duty if such greater benefit has been paid by the Hospital immediately prior to this Agreement. This note applies at Hospitals where this superior condition exists as of December 14, 1987.

NOTE 2: (Note 2 applies to part-time nurses only)

The Hospital agrees to continue to pay any greater monetary benefit for ambulance escort duty if such greater benefit was paid by the Hospital under a Collective Agreement immediately prior to this Agreement. This note applies at Hospitals where this superior condition exists as of December 14, 1987.

14.12 (a) (Article 14.12 (a) applies to full-time nurses only)

The posting of work schedules shall be as set out in the Appendix of Local Provisions. It shall be the responsibility of the nurse to consult posted work schedules. The Hospital will endeavour to provide as much advance notice as is practicable of a change in the posted schedule. Changes to the posted work schedule shall be brought to the attention of the nurse. Where less than forty-eight (48) hours' notice is given personally to the nurse, time and one-half (1½) of the nurse's regular straight time hourly rate will be paid for all hours worked on the nurse's next shift worked.

Where less than forty-eight (48) hours' notice is given personally to the nurse for the cancellation of a shift that was added to her or his schedule, time and one half (1½) the nurse's straight time hourly rate will be paid on the nurse's next shift worked. This shall not include shifts added to her or his schedule within the same forty-eight (48) hour notice period unless the employer paid such premiums under an existing practice as of March 31, 2004.

Where a nurse is cancelled without the required notice on two (2) or more separate occasions prior to working her or his next shift(s), premium pay under this provision will be extended to subsequent shifts worked, such that the number of premium paid shifts equal the number of such separate occasions.

Where a shift that attracts premium pay pursuant to this provision is otherwise a premium paid tour, she or he will be paid two times her or his straight time hourly rate for all hours worked on that tour.

- (b) (Article 14.12 (b) applies to part-time nurses only)
- i) The posting of work schedules for regular part-time nurses shall be determined by local negotiations. It shall be the responsibility of the regular part-time nurse to consult posted work schedules. The Hospital will endeavour to provide as much advance notice as is practicable of a change in the posted schedule. Changes to the posted work schedule shall be brought to the attention of the regular part-time nurse.
 - ii) Where less than twenty-four (24) hours' notice is given personally to the regular part-time nurse, time and one-half (1½) of the nurse's regular straight time hourly rate will be paid for all hours worked on the nurse's next shift worked.

Where less than twenty-four (24) hours' notice is given personally to the nurse for the cancellation of a shift that was added to her or his schedule, time and one half (1½) the nurse's straight time hourly rate will be paid on the nurse's next shift worked. This shall not include shifts added to her or his schedule within the same twenty-four (24) hour notice period unless the employer paid such premiums under an existing practice as of March 31, 2004.

Such changes shall not be considered a lay off.
 - iii) Where a nurse is cancelled without the required notice on two (2) or more separate occasions prior to working her or his next shift(s), premium pay under this provision will be extended to subsequent shifts worked, such that the number of premium paid shifts shall equal the number of such separate occasions.

Where a shift attracts premium pay pursuant to this provision is otherwise a premium paid tour, she or he will be paid two (2) times her or his straight time hourly rate for all hours worked on that tour.
 - iv) Where a nurse is called in to work a regular shift less than two (2) hours prior to the commencement of the shift, and arrives within one (1) hour of the commencement, then the nurse will be paid for a full tour provided that the nurse works until the normal completion of the tour.
 - v) Casual part-time nurses whose work schedule has been pre-scheduled and whose schedule is changed with less than twenty-four (24) hours' notice then paragraph (b) – shall apply to casual part-time nurses.
- (c) Where a hospital is encountering problems around the provision of personal notice to nurses, the parties will endeavour to resolve these concerns at the Hospital-Association Committee.

14.13 When a nurse is required to travel to the hospital or to return home as a result of reporting to or off work between the hours of 2400 – 0600 hours, or at any time while on standby, the Hospital will pay transportation costs either by taxi or by the nurse's own vehicle at the rate of twenty-two cents (\$0.22) per kilometre or hospital policy whichever is greater or such greater amount as the Hospital may in its

discretion determine for each trip between the aforementioned hours. The nurse will provide to the Hospital satisfactory proof of payment of such taxi fare.

- 14.14 A nurse who works a second consecutive full tour shall be entitled to the normal rest periods and meal period for the second tour, but shall be provided at the time of the meal period with a hot meal or six dollars (\$6.00) if the Hospital is unable to provide the hot meal. Other nurses required to work more than two (2) hours overtime on the same day they have worked a full tour shall, after the two (2) hours, receive a ½ hour paid meal period and shall be provided with a hot meal or six dollars (\$6.00) if the Hospital is unable to provide the hot meal.
- 14.15 A nurse shall be paid a weekend premium of two dollars and eighty cents (\$2.80) per hour for each hour worked between 2400 hours Friday and 2400 hours Sunday, or such other 48 hour period as the local parties may agree upon. If a nurse is receiving premium pay under Article 14.03, pursuant to a local scheduling regulation with respect to consecutive weekends worked, the nurse will not receive weekend premium under this provision.

ARTICLE 15 – PAID HOLIDAYS

(Articles 15.01 to 15.07 apply to full-time nurses only)

- 15.01 A nurse who otherwise qualifies under Article 15.02 hereunder shall receive twelve (12) paid holidays as designated in the Appendix of Local Provisions.

In the event that the Provincial Government declares an additional holiday (such as Heritage Day) during the term of this Agreement, such holiday will be substituted for one of the above-mentioned holidays. The designation of the additional holiday for an existing holiday shall be subject to local determination and such designation shall not add to the present number of holidays.

- 15.02 In order to qualify for pay for a holiday, a nurse shall complete her or his full scheduled shift on each of the working days immediately preceding and following the holiday concerned unless excused by the Hospital or the nurse was absent due to:

A nurse receiving WSIB benefits for the day of the holiday shall, subject to the above provisions, be entitled to the difference between the amount of the Workers' Compensation Benefits and the holiday pay.

15.03 Holiday pay will be computed on the basis of the nurse's regular straight time hourly rate of pay times the number of hours for a normal daily tour as set out in Article 13.01 (a).

15.04 Subject to Article 15.02:

- (a) Where a holiday falls during a nurse's scheduled vacation period, the nurse's vacation shall be extended by one (1) day unless the nurse and the Hospital agree to schedule a different day off with pay.
- (b) Where a holiday falls on a nurse's scheduled day off an additional day off with pay will be scheduled.

15.05 A nurse required to work on any of the foregoing holidays shall be paid at the rate of time and one-half (1½) the nurse's regular straight time hourly rate of pay for all hours worked on such holiday subject to Article 14.04. In addition, the nurse will receive a lieu day off with pay in the amount of her or his regular straight time hourly rate of pay times the number of hours in a normal daily tour as set out in Article 13.01 (a).

15.06 Where a nurse is entitled to a lieu day under Article 15.04 or 15.05 above, such day off must be taken within a period as set out in the Appendix of Local Provisions or payment shall be made in accordance with Article 15.03.

15.07 Hospitals presently providing additional paid holidays shall continue to provide such additional holidays.

15.08 (Article 15.08 and the note following Article 15.08 apply to part-time nurses only)

NOTE: Where existing Collective Agreements contain provisions relating to payment to nurses for holidays, whether worked or not, that exceed any payment required under the *Employment Standards Act*, such provisions shall be continued. Payment of holiday pay under this Note applies only to nurses presently enjoying such payment. Nurses presently enjoying holiday pay pursuant to this Note or otherwise as of December 14, 1987 will continue to enjoy such payment until they cease to be employed at the Hospital or until they transfer to a status to which this superior condition does not apply, whichever first occurs.

This note applies to nurses only.

Reimbursement for prescribed drugs covered by the plan will be based on the cost of the lowest priced therapeutically equivalent generic version of the drug, unless there is a documented adverse reaction to the generic drug or unless the beneficiary's doctor stipulates that the generic drug is not an alternative, in which case the reimbursement will be for the prescribed drug.

- (d) The Hospital agrees to contribute 100% of the billed premium towards coverage of eligible nurses in the active employ of the Hospital under HOOGLIP or such other group life insurance plan currently in effect. The Hospital also agrees to make the Hospitals of Ontario Voluntary Life Insurance Plan (HOOVLIP) available to the nurses subject to the provisions of HOOVLIP at no cost to the Hospital.

For those employees transferring from part-time to full-time, there will be no waiting period for benefits, except as provided by the plan, if the part-time employee has over 450 hours worked. Where the nurse has not worked more than 450 hours, she or he will be given credit for those hours worked from date of hire.

Benefits Age 65 and Older

Semi-private hospital insurance, extended health care benefits and dental benefits will be extended to active full-time nurses from the age of sixty-five (65), and up to the nurse's seventieth (70th) birthday, on the same cost share basis as applies to those nurses under the age of sixty-five (65).

In the event that a nurse works past her/his seventy-fifth (75th) birthday, she or he shall be paid an amount equal to 13% of her or his hourly rate of pay in lieu of these benefits.

- (h) i) The Hospital will provide to all employees who retire (including disability retirements) on or after January 1, 2002 and have not yet reached age 65 and who are in receipt of the Hospital's pension plan benefits, semi-private, extended health care and dental benefits on the same basis as is provided to active employees, as long as the retiree pays the Employer the full amount of the monthly premiums, in advance.

- (i) The Hospital will provide to all full-time employees who reach age 57 and retire (including disability retirements) on or after April 1, 2011 and have

not yet reached age 65 and who are in receipt of the Hospital's pension plan benefits, semi-private, extended health care and dental benefits on the same basis as is provided to active employees as long as the retiree pays the Employer their share of the monthly premiums, in advance. The Hospital will contribute fifty percent (50%) of the billed premiums of these benefit plans.

The Hospital will contact employees who retired between April 1, 2011 and the effective date of the award at their last known address on record with the hospital, with a copy to the union, within 30 days of the date of the award to advise them of their entitlement to (i) above.

Such employees will have a period of 60 days from the date of the notice to claim such entitlement and, if they fail to make a claim within the 60 day period, their claim will be deemed to be abandoned.

17.02 For newly hired nurses, coverage as set out in Article 17.01 shall be effective the first billing date in the month following the month in which the nurse was first employed subject to any enrolment or other requirements of the Plan. In no instance shall the first billing date for a nurse occur later than the first day of the fourth full month following the month in which the newly hired nurse was first employed.

17.03 The Hospital may substitute another carrier for any of the foregoing plans (other than OHIP) provided that the level of benefits conferred thereby are not decreased. The Hospital will advise the Union of any change in carrier or underwriter at least sixty (60) days prior to implementing a change in carrier. The Hospital will provide the Union with a summary document outlining the differences, if any, between the levels of benefits provided by the existing and new carrier plans. When the Hospital is made aware, the Hospital will provide the Union with the full details of any changes made by an existing carrier to current plan provisions.

17.04 All present nurses enrolled in the Hospital's Pension Plan shall maintain their enrolment in the Plan (Healthcare of Ontario Pension Plan or another Pension Plan) subject to its terms and conditions. New nurses and nurses employed but not yet eligible for membership in the Plan shall, as a condition of employment, enrol in the Plan when eligible in accordance with its terms and conditions.

17.05 The Hospital shall continue to pay the premiums for benefit plans under Articles 17 and 12 for nurses who are on paid leave of absence or on WSIB or at any time when salary is received, or as provided in Article 10.04. Such payment shall also continue while a nurse is on sick leave (including the Employment Insurance Period) or on Long Term Disability to a maximum of 30 months from the time the absence commenced, or for retirees who are in receipt of Pension Permanent Disability Benefits to a maximum of 30 months from the time the absence commenced.

Nurses who are on layoff may continue to participate in benefit plans, at their request, provided they make arrangements for payment and provided also that the layoff does not exceed one year.

NOTE: For clarification, "retirees" includes nurses who were on sick leave, LTD or WSIB prior to receipt of Pension Permanent Disability Benefits.

- 17.06 Nurses who reside in Quebec shall have equivalent monetary contributions paid in that province with respect to the Quebec equivalent of OHIP.
- 17.07 (a) The Hospital shall provide each nurse with information booklets outlining all of the current provisions in the benefits plans defined in Article 17.01 to Article 17.06 inclusive and the Sick Leave/LTD Plan defined in Article 12. Upon request, the Hospital will make the Plans available to the Union for inspection.
- (b) The Hospital shall notify the Union of the name(s) of the carrier(s) which provide the benefits plans defined in Article 17.01 to Article 17.06 inclusive and the LTD Plan defined in Article 12. The Hospital shall also provide the Union with a copy of all current information booklets provided to the nurses.

17.08 Employment Insurance Rebate

The short-term sick leave plan shall be registered with the Employment Insurance Commission (EIC). The nurses' share of the employer's Employment Insurance premium reduction will be retained by the Hospital towards offsetting the cost of the benefit improvements contained in this agreement. The Hospital shall indicate, annually, to the local Union how it has allocated the rebate.

- 17.09 The parties agree to establish a Benefits Review Subcommittee which will include four representatives from the Union and four representatives from the Participating Hospitals to discuss the terms of the benefit plans (other than pensions) provided under the collective agreement and the administration of benefit plans with a view to increasing the efficiency and effectiveness of the plans. As part of that review, the Committee will be provided with copies of the plan texts and any other relevant information requested by the Committee that pertain to these benefit plans.

- 17.10 The Hospital agrees that part-time nurses may pay, through payroll deductions, for full premium costs of the ONA sponsored benefit program, provided that an individual Hospital's systems can accommodate this. The ONA sponsored benefit plan will provide the Hospital with an administrative rebate, if any.

The Hospital will make no payroll deductions for such benefits in months in which the employee has insufficient earnings. In this circumstance, the employee is responsible for making the full payment to the ONA sponsored benefit plan.

The Union agrees to indemnify and save harmless the Hospital against any claims or liabilities arising or resulting from the operation of this Article.

The parties agree to give the Hospital appropriate time to establish the payroll deduction process. Once established the payroll deduction process for part-time benefits through the ONA sponsored program will be communicated to the Union and the part-time nurses. The Hospital will facilitate access to part-time nurses by providing available benefit literature and other communications as appropriate.

ARTICLE 18 – MISCELLANEOUS

- 18.01 Copies of this Collective Agreement will be provided to each nurse covered by the Collective Agreement by the Union and sufficient copies will be provided to the Hospital and the local Union, as requested. The cost of printing the Collective Agreement, including the printing of the French Translation, will be shared equally

by the Hospital and the local Union. The cost of the French translation will be shared equally by the Union and the Participating Hospitals.

- 18.02 Whenever the feminine pronoun is used in this Agreement, it includes the masculine and non-binary pronoun and vice-versa where the context so requires. Where the singular is used, it may also be deemed to mean plural and vice-versa.
- 18.03 It shall be the responsibility of each nurse to notify the Hospital promptly of any change in address or any change in temporary residency. If a nurse fails to do this, the Hospital will not be responsible for failure of a notice sent by registered mail to reach such a nurse. A nurse shall notify the Hospital of any change to her or his telephone number.
- 18.04 Medical examinations, re-examinations and any tests required under the *Public Hospitals Act* will be provided by the Hospital in compliance with the Regulations. The nurse may choose her or his personal physician for all such examinations, except the pre-employment medical, unless the Hospital has a specific objection to the physician selected.
- 18.05 Current provisions in Collective Agreements relating to the provision of x-rays, laboratory work, immunization injections, gamma globulin and other programs shall be continued.
- 18.06 Prior to effecting any changes in rules or policies which affect nurses covered by this Agreement, the Hospital will discuss the changes with the Union and provide copies to the Union.
- 18.07 Influenza Vaccine

The parties agree that influenza vaccinations may be beneficial for patients and nurses. Upon a recommendation pertaining to a facility or a specifically designated area(s) thereof from the Medical Officer of Health or in compliance with applicable provincial legislation, the following rules will apply:

- (a) Nurses shall, subject to the following, be required to be vaccinated for influenza.
- (b) If the full cost of such medication is not covered by some other source, the Hospital will pay the full or incremental cost for the vaccine and will endeavour to offer vaccinations during a nurse's working hours. In addition, nurses will be provided with information, including risks and side effects, regarding the vaccine.
- (c) Hospitals recognize that nurses have the right to refuse any required vaccination.
- (d) If a nurse refuses to take the vaccine required under this provision, she or he may be placed on an unpaid leave of absence during any influenza outbreak in the hospital until such time as the nurse is cleared to return to work. If a nurse is placed on unpaid leave, she or he can use banked lieu time or vacation credits in order to keep her or his pay whole.
- (e) If a nurse refuses to take the vaccine because it is medically contraindicated, and where a medical certificate is provided to this effect, she or he will be reassigned during the outbreak period, unless reassignment is

not possible, in which case the nurse will be paid. It is further understood and agreed that Article 18.04 applies in these circumstances. It is further agreed that any such reassignment will not adversely impact the scheduled hours of other nurses.

- (f) If a nurse gets sick as a result of the vaccination, and applies for WSIB, the Hospital will not oppose the claim.
- (g) Notwithstanding the above, the Hospital may offer the vaccine on a voluntary basis to nurses free of charge.
- (h) This clause shall be interpreted in a manner consistent with the *Ontario Human Rights Code*.

ARTICLE 19 – COMPENSATION

Articles 19.01(a) and (d) apply to nurses only

- 19.01 (a) The salary rates in effect during the term of the Agreement shall be those set forth in Appendix 3 attached to and forming part of this Agreement. The regular straight time hourly rates for full-time, regular part-time and casual part-time Registered Nurses at hospitals shall be as follows:

6 Years	\$41.94	\$42.36
7 Years	\$44.08	\$44.52
8 Years	\$47.22	\$47.69
25 Years	\$48.05	\$48.53

(Articles 19.01 (b) and 19.01 (c) apply to part-time nurses only)

- (b) The hourly salary rates, inclusive of the percentage in lieu of fringe benefits in effect during the term of this Agreement for all regular and casual part-time nurses shall be those calculated in accordance with the following formula:

Applicable straight time hourly rate + 13%.

- (c) The hourly salary rates payable to a regular or casual part-time nurse include compensation in lieu of all fringe benefits which are paid to full-time nurses except those specifically provided to part-time nurses in this Agreement. It is understood and agreed that holiday pay is included within the percentage in lieu of fringe benefits. It is further understood and agreed that pension is included within the percentage in lieu of fringe benefits.

Notwithstanding the foregoing, all part-time nurses may, on a voluntary basis, enrol in the Hospital's Pension Plan when eligible in accordance with its terms and conditions. For part-time nurses who are members of the Pension Plan, the percentage in lieu of fringe benefits is nine percent (9%).

It is understood and agreed that the part-time nurse's hourly rate (or straight time hourly rate) in this Agreement does not include the additional 9% or 13%, as applicable, which is paid in lieu of fringe benefits and accordingly the 9% or 13%, as applicable, add on payment in lieu of fringe benefits will not be included for the purpose of computing any premium or overtime payments.

- (d) The parties agree to maintain the percentage differentials in the wage rates which presently exist between the classification of Registered Nurse and the other classifications which are covered by the Collective Agreement.

19.02 A nurse in the employ of the Hospital who holds a Temporary Class Certificate of Registration as a registered nurse and who obtains her or his General Class Certificate of Registration shall be given the salary of the Registered Nurse as provided in this Article effective the date the nurse informs the Chief Nursing Executive or her or his designate of obtaining her or his General Class Certificate of Registration. The Hospital will validate the nurse's status with the College of Nurses.

NOTE: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, she or he shall be treated in a manner consistent with this Article.

19.03 A nurse is required to have a renewed Certificate of Registration on or before February 15th of each year. The Hospital will obtain evidence that her or his Certificate of Registration is in good standing and currently in effect. Such time will be extended for reasons where the College of Nurses of Ontario permits the nurse's Certificate of Registration to remain in effect. If the nurse's Certificate of Registration is suspended by the College of Nurses of Ontario for non-payment of the annual fee, the nurse will be placed on non-disciplinary suspension without pay. If the nurse presents evidence that her or his Certificate of Registration has been reinstated, she or he shall be reinstated to her or his position effective upon presenting such evidence. Failure to provide evidence within 90 calendar days of the nurse being placed on non-disciplinary suspension by the hospital will result in the nurse being deemed to be no longer qualified and the nurse shall be terminated from the employ of the Hospital. Such termination shall not be the subject of a grievance or arbitration.

NOTE 1: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, she or he shall be treated in a manner consistent with this Article.

NOTE 2: If there is an allegation that this clause has not been interpreted in a manner consistent with the *Ontario Human Rights Code*, it may be subject of a grievance or arbitration.

19.04 (a) A nurse who is promoted to a higher rated classification within the bargaining unit will be placed on the level of the salary schedule of the higher rated classification so that the nurse shall receive no less an increase in salary than the equivalent of one step in the salary range of the

previous classification (provided that it does not exceed the salary range of the classification to which the nurse has been promoted) and the nurse shall retain her or his service review date for purposes of wage progression. For the purpose of this Article, promotion shall be defined as a move from one classification to another classification with a higher salary grid and shall not include a change of status to Registered Nurse when a nurse who holds a Temporary Certificate of Registration obtains her or his General Certificate of Registration. A nurse who is moved to a lower rated classification will be placed at the level on the grid, if any, which most closely recognizes her or his experience level on the other grid. (The last two sentences apply to nurses only).

NOTE: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, she or he shall be treated in a manner consistent with this Article.

- (b) Where the Hospital temporarily assigns a Registered Staff Nurse to carry out the assigned responsibilities of a higher classification (whether or not such classification is included in the bargaining unit) for a period of one (1) full tour or more, at times when the incumbent in any such classification would otherwise be working, the nurse shall be paid a premium of one dollar and fifty cents (\$1.50) per hour for such duty in addition to her or his regular salary. The Hospital agrees that it will not make work assignments which will violate the purpose and intent of this provision.
- (c) A nurse who holds a Temporary Certificate of Registration as a Registered Nurse who obtains a General Certificate of Registration shall be placed on the level in the Registered Nurse's salary grid which represents an increase in salary.

NOTE: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, she or he shall be treated in a manner consistent with this Article.

(d) Group, Unit or Team Leader

Whenever an employee is assigned additional responsibility to direct, supervise or oversee work of employees within her or his classification, and/or be assigned overall responsibility for patient care on the unit, ward, or area, for a tour of duty, the employee shall be paid a premium of two dollars (\$2.00) per hour in addition to her or his regular salary and applicable premium allowance.

NOTE: The local parties may negotiate, in the local issues negotiations, adjustments to the applicable wage grids in circumstances when nurses who assume duties under (b) or (d) above are paid more than nurses in classifications that perform such duties on a permanent basis. Such adjustments will be limited to the equivalent amounts paid under (b) or (d) above. Notwithstanding 19.01(d) such a dispute will fall under the jurisdiction of the Local Issues Arbitration Board.

19.05

Claim for related clinical experience, if any, shall be made in writing by the nurse at the time of hiring on the application for employment form or otherwise. Once

established consistent with this provision, credit for related experience will be retroactive to the nurse's date of hire. The nurse shall co-operate with the Hospital by providing verification of previous experience so that her or his related clinical experience may be determined and evaluated during her or his probationary period. Having established the related clinical experience, the Hospital will credit a new nurse with one (1) annual service increment for each year of experience (for part-time nurses, experience will be calculated pursuant to the formula set out in Article 16.03) up to the maximum of the salary grid.

If a period of more than two (2) years has elapsed since the nurse has occupied a full-time or a part-time nursing position, then the number of increments to be paid, if any, shall be at the discretion of the Hospital. For full-time nurses, the Hospital shall give effect to part-time nursing experience, and for part-time nurses the hospital shall give effect to full-time nursing experience.

NOTE: For greater clarity, related nursing experience includes related nursing experience out of province and out of country.

- 19.06 (a) Each full-time nurse will be advanced from her or his present level to the next level set out in the Salary Schedule, twelve (12) months after she or he was last advanced on her or his service review date. If a full-time nurse's absence without pay from the Hospital exceeds thirty (30) continuous calendar days during each twelve (12) month period, the nurse's service review date will be extended by the length of such absence in excess of thirty (30) continuous calendar days.
- (b) Each regular part-time nurse will be advanced from her or his present level on the salary schedule to the next level on the salary schedule after obtaining one year's service credit, calculated in accordance with the provisions of Article 10.03.
- (c) Casual part-time nurses will then advance on the grid in the same manner as regular part-time nurses. (This clause applies to nurses only.)
- 19.07 (a) A part-time employee whose status is altered to full-time in the same position, will assume her or his same level on the full-time grid. A full-time employee whose status is altered to part-time in the same position will assume her or his same level on the part-time grid. In addition, an employee who is so transferred will be given credit for service accumulated since the date of last advancement.
- (b) A casual part-time employee whose status is altered to regular part-time or vice versa in the same position will assume her or his same level on the grid. In addition, a casual part-time employee who is so transferred will be given credit for service accumulated since the date of last advancement.
- 19.08 (a) When a new classification in the bargaining unit is established by the Hospital or the Hospital makes a substantial change in the job content of an existing classification which in reality causes such classification to become a new classification, the Hospital shall advise the Union of such new or changed classification and the rate of pay established. The Hospital will also provide the Union with any available information on the job posting, job profile, and salary scale of the classification. If requested, the Hospital agrees to meet with the Union to permit it to make representations with respect to the appropriate rate of pay providing any such meeting shall not

delay the implementation of the new classification. Where the Union challenges the rate established by the Hospital and the matter is not resolved following any meeting with the Union, a grievance may be filed at Step No. 2 of the Grievance Procedure within seven (7) calendar days following any meeting. If the matter is not resolved in the Grievance Procedure, it may be referred to Arbitration in accordance with Article 7, it being understood that any Arbitration Board shall be limited to establishing an appropriate rate based on the relationship existing amongst other nursing classifications within the Hospital and duties and responsibilities involved.

Any change in the rate established by the Hospital either through meetings with the Union or by a Board of Arbitration shall be made retroactive to the time at which the new or changed classification was first filled.

- (b) If a nurse becomes disabled with the result that she or he is unable to carry out the regular functions of her or his position, the Hospital may establish a special classification and salary with the hope of providing an opportunity for continued employment.

19.09 Education Allowance

Provisions in existing Collective Agreements providing for educational allowances shall be continued in effect.

Notwithstanding the foregoing, educational allowances for possessing a baccalaureate degree in nursing (BScN) will not be payable to nurses hired on or after April 1, 2017.

- 19.10 All amended provisions are effective the date of the award, unless otherwise provided. Retroactivity, if any, will be paid within four full pay periods of the date of the award on the basis of hours paid. Retroactive pay will be paid on a separate cheque where the existing payroll system allows. Where the existing payroll system does not allow for such separate cheque, the Hospital may pay retroactivity as part of the regular pay. In such circumstances, the Hospital undertakes that the rate of income tax on the retroactivity will not change unless the retroactive pay changes the employee's annual tax bracket.

The Hospital will contact former employees at their last known address on record with the hospital, with a copy to the union, within 30 days of the date of the award to advise them of their entitlement to retroactivity.

Such employees will have a period of 60 days from the date of the notice to claim such retroactivity and, if they fail to make a claim within the 60 day period, their claim will be deemed to be abandoned.

ARTICLE 20 – JOB-SHARING

- 20.01 Job sharing is defined as an arrangement whereby two or more nurses share the hours of work of what would otherwise be one full-time position.

If the Hospital and the Union agree to a job-sharing arrangement, the introduction or discontinuance of such job-sharing arrangements will be determined locally.

Once the Hospital has determined that a vacancy exists and the Hospital and the Union have agreed to a job sharing arrangement, the vacancy or vacancies to be posted will be determined locally and will be filled in accordance with Article 10.07.

The nurses involved in a job-sharing arrangement will be classified as regular part-time and will be covered by the provisions of this agreement applicable to part-time nurses.

ARTICLE 21 – SUPERIOR CONDITIONS

21.01 All existing benefits, rights, privileges, practices, terms or conditions of employment which may be considered to be superior to those contained herein and which are set out in Appendix 4 are specifically retained by this Agreement unless otherwise agreed by the local parties.

The parties agree to remove from Appendix 4 those superior conditions which no longer have application.

Where the parties cannot agree on whether a superior condition continues to have application, the issue will be reduced to a grievance and referred to arbitration.

21.02 The Union and the Participating Hospitals agree to establish a committee consisting of two (2) representatives of the Union and two (2) representatives of the Participating Hospitals to review the superior conditions appendices in each of the participating hospitals. This committee will report to their respective negotiating committees prior to the next round of central negotiations.

ARTICLE 22 – DURATION

22.01 This Agreement shall continue in effect until June 7, 2021 and shall remain in effect from year to year thereafter unless either party gives the other party written notice of termination or desire to amend the Agreement.

22.02 Notice that amendments are required or that either party desires to terminate this Agreement may only be given within a period of ninety (90) days prior to the expiration date of this Agreement or to any anniversary of such expiration date.

22.03 If notice of amendment or termination is given by either party, the other party agrees to meet for the purpose of negotiation within thirty (30) days after the giving of notice, if requested to do so.

22.04 Notwithstanding the foregoing provisions, in the event the parties to this Agreement agree to negotiate for its renewal through the process of central bargaining, the Participating Hospitals and the Ontario Nurses' Association will meet to determine the procedures to be followed.

**ONTARIO NURSES' ASSOCIATION (ONA)/HOSPITAL
PROFESSIONAL RESPONSIBILITY WORKLOAD REPORT FORM
GUIDELINES AND TIPS ON ITS USE**

The parties have agreed that patient care is enhanced if concerns relating to professional practice, patient acuity, fluctuating workloads and fluctuating staffing are resolved in a timely and effective manner. The collective agreement provides a problem-solving process for nurses to address concerns relative to their workload issues in the context of their professional responsibility. These issues include but are not limited to gaps in continuity of care, balance of staff mix, access to contingency staff and appropriate number of nursing staff. This report form provides a tool for documentation to facilitate discussion and to promote a problem-solving approach.

PROBLEM SOLVING PROCESS

- 1) At the time the workload issue occurs, discuss the matter within the Unit/Area/Program to develop strategies to meet patient care needs using current resources. Using established lines of communication as identified by the hospital, seek immediate assistance from an individual(s) (e.g. team leader/charge nurse/manager/supervisor) who has responsibility for timely resolution of workload issues.
- 2) Failing resolution of the workload issue at the time of the occurrence or if the issue is ongoing, discuss the issue with the Manager (or designate) on the next day that both the employee and Manager (or designate) are working or within ten (10) calendar days, whichever is sooner, and complete the form. The Manager will provide a written response within ten (10) calendar days of the receipt of the form.
- 3) When meeting with the manager, you may request the assistance of a Union representative to support/assist you in the meeting. Every effort will be made to resolve the workload issues at the unit level. A Union representative shall be involved in any resolution discussions at the unit level. All discussions and action will be documented.
- 4) Failing resolution, submit the Professional Responsibility Workload Report Form to the Hospital-Association Committee within twenty (20) calendar days from the date of the Manager's response or when she or he ought to have responded under Article 8.01 (a) iv). (SEE BLANK REPORT FORM ATTACHED TO THESE GUIDELINES.)
- 5) As per Article 8, the Hospital-Association Committee shall hear and attempt to resolve the complaint to the satisfaction of both parties and report the outcome to the nurse(s) using the Workload/Professional Responsibility Review Tool to develop joint recommendations. Any settlement/resolution under 8.01 (a) (iii) (iv) or (v) of the collective agreement will be signed by the parties.
- 6) Failing resolution of the issues through the development of joint recommendations it shall be forwarded to an Independent Assessment Committee as outlined in Article 8 of the Collective Agreement within the requisite number of days of the meeting in 4) above.
- 7) The Union and the Employer may mutually agree to extend the time limits for referral of the complaint at any stage of the complaint procedure.

TIPS FOR COMPLETING THE FORM

- 1) Review the form before completing it so you have an idea of what kind of information is required.
- 2) Print legibly and firmly as you are making multiple copies.
- 3) Use complete words as much as possible. Avoid abbreviations.
- 4) As much as possible, you should report only facts about which you have first-hand knowledge. If you use second-hand or hearsay information, identify the source if permission is granted.
- 5) Identify the CNO standards/practice/guidelines/hospital policies and procedures you believe to be at risk. College of Nurses Standards can be found at www.cno.org.
- 6) Do not, under any circumstances, identify patients.

APPENDIX 7 – LETTERS OF UNDERSTANDING

LETTER OF UNDERSTANDING **RE: MENTORSHIP GUIDELINES**

“Mentorship” is addressed in Article 9.08 (c). These guidelines are intended to assist the parties in implementing mentorship arrangements in accordance with the requirements of the collective agreement.

Definition

- ❑ Mentorship is a formal supportive relationship between two nurses, which enhances the professional growth and development of a nurse to maximize her or his clinical practice.
- ❑ Mentorship involves a three-way arrangement between the hospital, the nurse being mentored and the nurse doing the mentoring. The mentoring relationship is:
 - time limited,
 - focused on goal achievement, and
 - unique to each mentorship experience.
- ❑ The hospital, the nurse being mentored and the nurse doing the mentoring are expected to clearly understand the goals/expectations of the mentorship relationship. Goals are individually determined based on the learning needs of the nurse being mentored, and, as such, may not be consistent for all nurses. The length of each mentorship arrangement will be individually defined dependent upon the goals for each nurse being mentored. Mentoring assignments will normally consist of full tours; however, it is also possible that mentorship assignments can be for less than a full tour and/or scheduled on an intermittent or one-time basis. It is also possible that more than one mentor may be assigned to a mentee during the course of a mentorship arrangement.

Mentorship does not include:

- ❑ Supervising the activities of students. Supervision of the activities of students is covered in Article 9.08 (a).
- ❑ Providing guidance and advice to members of the multi-disciplinary health care team. This is addressed in Article 9.08 (b). Interaction with other nurses and other multi-disciplinary colleagues is an expected role responsibility for nurses.
- ❑ Orientation to the organization or general functioning of the unit. This may include activities such as:
 - WHIMIS training, the fire lecture, equipment location, generic hospital policies, introduction to staff and the general layout of the unit etc.
- ❑ The employer’s historical use of titles or terms does not define a mentor for the purposes of Article 9.08 (c). We acknowledge, however, that while mentorship is new to the collective agreement, mentorship arrangements are not new to nursing or hospital workplaces. Accordingly, existing titles or terms may, or may not, meet the conditions of Article 9.08 (c).

Key Elements

- ❑ A mentorship relationship includes the nurse doing the mentoring to:

- plan the mentorship experience based on the learning needs of the nurse being mentored, including the identification and co-ordination of learning opportunities with other health care providers.
 - assess the ongoing competence/development of competencies of the nurse being mentored, including assessments of competence gaps, risk management in relation to patient care, and co-ordination of learning experiences.
 - assist the nurse being mentored to effectively meet patient care needs.
 - be responsible for the management of learning for the nurse being mentored.
 - participate in direct skill transfer where there is responsibility for the management of learning for the nurse being mentored.
 - evaluate the learning experience of the nurse being mentored throughout the duration of the mentorship relationship, including the provision of written and/or verbal reports to management regarding progress towards goal achievement.
- It is recognized that the mentor and the nurse being mentored may not be together at all times during the mentorship period.
 - The Hospital will pay the nurse for doing this assigned responsibility [mentoring] a premium of sixty (60) cents per hour, in addition to her or his regular salary and applicable premium allowance.
 - The Hospital will review the workload of the mentor and the nurse being mentored to facilitate successful completion of the mentorship assignment.

Implementation

- A Hospital may implement a mentorship relationship at any time during a nurse's employment when:
 - the nurse is experiencing difficulty in meeting standards of practice.
 - the nurse has a competency gap.
 - one-on-one management of the learning experience from an expert/experienced nurse will be of assistance.
- Mentoring may be implemented in various circumstances such as new hires to a unit; a nurse returns from a layoff or leave of absence (including sick leave or long-term disability) or for purposes of cross-training. This list is not all-inclusive and, as such, other circumstances may arise where the Hospital determines that a nurse requires mentoring.
- The decision to implement a mentorship experience as a mechanism to assist a nurse to meet standards of practice is the responsibility of the employer.
- The Hospital will provide, on a regular basis, all nurses with an opportunity to indicate their interest in assuming a mentorship role, through a mechanism determined by the local parties. The Hospital selects and assigns the mentor for a given mentoring relationship.
- At the request of any nurse, the Hospital will discuss with any unsuccessful applicant ways in which she or he may be successful for future opportunities.
- The mentorship plan/arrangement for each mentoring relationship should be documented.

Evaluation

In addition to the evaluation of the effectiveness of specific mentorship arrangements in relation to pre-established goals and expectations:

- The Committee responsible for addressing professional development issues for nurses pursuant to Article 9.02 will be responsible for reviewing and making recommendations regarding the application of, and effectiveness of, mentorship relationships within the hospital.
- The employer also has a responsibility for evaluating the effectiveness of mentorship arrangements and, therefore, review and evaluation of arrangements should be conducted on a regular basis.

NOTE: it is mutually understood that these guidelines are “without prejudice” to either parties’ position with respect to the role of a nurse whose job duties normally include responsibility for teaching and/or educating other nurses.

LETTER OF UNDERSTANDING RE: PAID PROFESSIONAL LEAVE DAYS

The “paid professional leave days” to which nurses may be entitled is a local issue in the current round of bargaining.

NOTE: This issue cannot be referred to local issue interest arbitration.

LETTER OF UNDERSTANDING RE: PART-TIME VOLUNTARY BENEFITS

If the local parties agree, the Hospital will provide part-time employees with the option of voluntary participation in any and all of the group health and welfare benefit programs set out in Article 17. It is understood and agreed that the part-time employees would pay the Employer the full amount of the monthly premiums, in advance.

NOTE: Part-time voluntary benefits are not arbitrable in local negotiations.

LETTER OF UNDERSTANDING RE: SUPERNUMERARY POSITIONS

The Hospital may introduce supernumerary positions to be offered to newly graduated nurses. Where such positions are introduced, the following will apply:

1. Only so many positions will be created as are covered by government funding for supernumerary positions.
2. Newly graduated nurses are defined as those nurses who have graduated from a nursing program or refresher program within the last year.
3. Positions will be created first on medical or surgical units except as the parties otherwise agree. Such agreement will not be unreasonably withheld.

4. No appointment will be made to a supernumerary position without prior discussion with the local Association as to where the supernumerary nurses will be assigned, what will be expected of them, and what mentoring arrangement will apply (see 7 below).
5. Such positions will not be subject to internal postings or request for transfer processes outlined in Article 10.07.
6. Such nurses will be full-time and covered by the full-time collective agreement.
7. Such nurses will be in formal mentorship arrangements in accordance with Article 9.08 (c) and the Letter of Understanding on Mentoring.
8. The duration of such supernumerary appointments will be for the period of funding or such other period as the local parties may agree, provided such period is not less than twelve (12) weeks.
9. Such nurses can apply for posted positions after the probationary period is completed.
10. If the nurse has not successfully posted into a permanent position by the end of the supernumerary appointment, she/he will be reclassified as casual part-time and this will not be considered a lay-off and the nurse will not be reassigned.
11. The Hospital bears the onus of demonstrating that such positions are supernumerary.
12. The Association will be provided with such written information as it may reasonably require regarding each supernumerary position.
13. In the event of a layoff in the area of assignment of the supernumerary nurse, either the Hospital or the Local Association may require that the supernumerary nurse shall be first laid off.

LETTER OF UNDERSTANDING
RE: RETENTION/RECRUITMENT/RATIOS

The parties agree to work cooperatively with the Ministry of Health and Long-Term Care to identify best practices and areas of innovation to address matters pertaining to nursing retention, recruitment and appropriate ratios of full-time and part-time staff.

LETTER OF UNDERSTANDING
RE: PUBLIC HOSPITALS ACT

OHA will send the following letter/bulletin to Hospital CEOs and Board Chairs regarding the Public Hospitals Act, copied to ONA:

The Ontario Nurses' Association (ONA) has raised with the OHA the requirements of the *Public Hospitals' Act* (PHA) related to nurses on committees and we have agreed to remind you of this by drawing it to your attention. Section 4 (1) (f) of Regulation 965 of the PHA requires every Board to pass by-laws for "*the participation of ... staff nurses ... in decision-making related to administrative, financial, operational and planning matters in the Hospital*" and "*the participation at the committee level of ... staff nurses ... including the election by staff nurses of representatives to committees...*"

LETTER OF UNDERSTANDING
RE: GRIEVANCE COMMISSIONER SYSTEM

This is to confirm the discussion of the parties during collective bargaining that they are committed to encouraging early discussion and resolution of labour relations issues at the local level and seek to resolve grievances in a timely and cost efficient manner.

To that end, this is to confirm that pursuant to Article 7, the parties agree that the Employer and Union at individual hospitals may agree to utilize the following process in order to resolve a particular grievance through the utilization of a joint mediation-arbitration procedure:

1. The Employer and Union may mutually agree in writing to invoke the Grievance Commissioner process outlined in this letter rather than proceed to arbitration as set out in Article 7.07 (a) of this collective agreement for an individual, group or policy/union grievance.
2. The Grievance Commissioner shall have the same powers and be subject to the same limitations as a Board of Arbitration hereunder, save and except as expressly provided herein.
3. The roster of potential Grievance Commissioners for an individual hospital shall be mutually agreed upon by the Employer and Union.
4. A Grievance Commissioner (where more than one, acting in rotation) will set aside such time as may be requested by the Employer and Union.
5. The location of any such hearing shall be agreed upon by the local parties.
6. The parties shall provide the Grievance Commissioner with a Statement of Facts Agreed and Not Agreed. In addition they shall provide the Grievance Commissioner and each other with brief written representations on which they intend to rely provided that such are emailed not less than ten (10) days before the commencement of the hearings of the Grievance Commissioner. This information will include the grievance and the Employer's response.
7. The purpose of the hearing is to clarify issues and/or facts in dispute. At the hearing, the parties may make such further representations or adduce such evidence as the Grievance Commissioner may permit or require but the Grievance Commissioner shall not be obligated to conform to the rules of evidence.
8. The parties acknowledge that this is an expedited form of a med-arb process whereby the Grievance Commissioner, based on the evidence and representations provided by the parties during the med-arb session, will decide the grievance. The parties agree that no witnesses will be called throughout this process, except as required by the Grievance Commissioner. The Grievance Commissioner must render his/her written decision, without reasons, to both parties within ten (10) working days of the conclusion of the hearing.
9. If it becomes clear at any point during the process that due to exceptional circumstances the grievance is too complex for the Grievance Commissioner process, the parties may jointly agree to revert to traditional arbitration pursuant to Article 7 of the collective agreement.

10. The decision of the Grievance Commissioner shall only be applicable to the case in question and shall not constitute a precedent nor be used by either party as a precedent in future cases.
11. Notwithstanding anything contained herein, the decision of the Grievance Commissioner shall be in accordance with Article 7.13.
12. The Union and Employer shall each be responsible for one-half (½) of the expenses (including any off-site location of the hearing) and fees payable to the Grievance Commissioner.
13. If any member of the Grievance Commissioner roster agreed to by the parties under paragraph number 3 who, having been requested in turn to act as the Grievance Commissioner, is unable or unwilling to act, he/she shall not again be requested to act as a Grievance Commissioner until his/her name comes up again on the regular rotation of the roster.
14. The parties agree that the Grievance Commissioner can serve as a mediator/arbitrator for more than one grievance on a single day.

The parties agree that nothing in this letter prevents the parties at a Hospital from mutually agreeing to mediation for any other grievances pursuant to Article 7.07 (b).

LETTER OF UNDERSTANDING
RE: SUPERNUMERARY POSITIONS-NURSING CAREER ORIENTATION (NCO)
INITIATIVE FOR INTERNATIONALLY EDUCATED NURSES (IENS)

The Hospital may introduce supernumerary positions that may be offered to Internationally Educated Nurses (IENs). Where such positions are introduced, the following will apply:

1. Only so many positions will be created as are covered by government funding for supernumerary positions.

Nursing Career ORientation (NCO) Initiative nurses are defined as those nurses who have initially (never before) registered with the College of Nurses (CNO) whose location of initial nursing education is outside of Canada. NCO nurses will be recognized as such from the date of inception to a period of time that the MOHLTC continues to implement the NCO. NCO nurses must be hired as supernumerary within six (6) months of initial registration with the CNO.
2. Positions will be created first on medical or surgical units except as the parties otherwise agree. Such agreement will not be unreasonably withheld.
3. No appointment will be made to a supernumerary position without prior discussion with the local Association as to where the supernumerary nurses will be assigned, what will be expected of them, and what mentoring arrangement will apply (see 6 below).
4. Such positions will not be subject to internal postings or request for transfer processes outlined in Article 10.07.
5. Such nurses will be full-time and covered by the full-time provisions of the collective agreement.

6. Such nurses will be in formal mentorship arrangements in accordance with Article 9.08 (c) and the Letter of Understanding on Mentoring.
7. The duration of such supernumerary appointments will be for the period of funding or such other period as the local parties may agree, provided such period is not less than twelve (12) weeks.
8. Such nurses can apply for posted positions after the probationary period is completed.
9. If the nurse has not successfully posted into a permanent position by the end of the supernumerary appointment, she/he will be reclassified as casual part-time and this will not be considered a lay-off and the nurse will not be reassigned.
10. The Hospital bears the onus of demonstrating that such positions are supernumerary.
11. The Association will be provided with such written information as it may reasonably require regarding each supernumerary position.
12. In the event of a layoff in the area of assignment of the supernumerary nurse, either the Hospital or the Local Association may require that the supernumerary nurse shall be first laid off.

LETTER OF UNDERSTANDING
Re: REGISTERED NURSE Workforce – Health Human Resource Planning

Local

The parties agree that health human resource planning may optimize the registered nurse workforce and may improve quality patient care and outcomes and quality work environments. To this end, the parties will work together at the hospital level to effectively and efficiently utilize the registered nurse workforce through the Hospital Association Committee, reviewing:

- overtime hours,
- hours worked by casual part-time nurses,
- hours worked by regular part-time nurses above their commitment as per the local scheduling provisions, and
- hours worked by agency nurses.

Where appropriate, if the hours identified are consistent and recurring, they may be used to add or create full-time or regular part-time positions.

Provincial

The Union and the Participating Hospitals will strike a joint provincial working group to collect data, review and/or establish research related to registered nurse staffing and will work to secure the participation from the Provincial Chief Nursing Officer or equivalent and the Ministry of Health and Long Term Care (MOHLTC) to share solutions with these bodies.

E. Glossary of Terms
<p>A. Practice Environment</p> <p><u>Incident Reports:</u> Hospitals across the province use a variety of incident reporting systems to document, collect, monitor, and analyze adverse events. Adverse events are unintended injuries or complications resulting from care management, rather than by the patients underlying disease, and that lead to death, disability at the time of discharge or prolonged hospital stays (Canadian Adverse Event Study, 2004). Examples of adverse events include medication errors and falls. Please note the definition of adverse events is inclusive of critical incidents and near misses.</p> <p><u>Replacement Staff:</u> The availability of nursing staff needed in addition to baseline staff in order to maintain the appropriate workload for staff while meeting patient needs (RNAO, 2007). Examples include casual and part-time nursing pool, Nursing Resource Team/Unit, agency nurses and reassignment from one patient care unit to another.</p>
<p>B. Competency</p> <p><u>Nurse Competency (key skills/knowledge):</u> Distribution of staff with minimum required RN and RPN entry to practice credential i.e.: BScN or diploma preparation (Important note: as of 2005, entry to practice for the RN is BScN and entry to practice for the RPN is diploma); and, distribution of staff with nationally recognized nursing or health care specialty credential for example, Critical Care, Advanced Cardiac Life Support (ACLS), and Canadian Nurses Association (CNA) Specialty Certification.</p>
<p>C. Resources/Support</p> <p><u>Clinical:</u> Nursing, physician, and other regulated health human resources examples include: Nursing Clinical Educators, Dieticians, Registered Respiratory Therapists, Physiotherapists and Pharmacists. The accessibility and availability of consultative resources should be considered.</p> <p><u>Non-clinical:</u> Unregulated human resources examples include clerical, porters and housekeeping.</p> <p><u>Practice Supports:</u> Tools that facilitate care provision examples include medical directives, care plans and pathways, policies, procedures, protocols, assessment tools and role descriptions. This can also include equipment and supplies.</p>

 - i) seventy-five (75%) percent of the affected nurses in the unit so indicate by secret ballot; and

- ii) the Hospital agrees to implement the 4on/5off schedule, such agreement shall not be withheld in an unreasonably, arbitrary manner.
- iii) When less than seventy-five percent (75%) of the nursing staff in a particular nursing unit vote as outlined in Article F.8 in favour of a 4on/5off schedule by secret ballot, the Union may approach the Employer and ask them to consider the implementation of the combination of extended tour and 4on/5off extended tour in a particular nursing unit. The hospital reserves the right to deny such requests.

(b) A 4 On 5 Off Schedule may be discontinued in any unit when:

- i) seventy-five (75%) percent of the affected nurses in the unit so indicate by secret ballot; or
- ii) the Hospital states its intention to discontinue because of:
 - A) adverse effects on patient care,
 - B) inability to provide a workable staffing schedule.

(c) When notice of discontinuation is given by either party then:

- i) the parties shall meet within two (2) weeks of the giving of notice to review the requests for discontinuation; and
- ii) where it is determined that the 4on/5off extended tour schedule will be discontinued based on the above criteria, affected nurses shall be given sixty (60) days notice before the schedules are so amended.

Subject to Article 13.03, where a 4 On 5 Off Schedule is implemented, the terms and conditions of Extended Tours in Article F are applicable save and except for the following:

- i) Employees will be given the option of choosing to use banked lieu time, statutory holiday lieu days or to schedule extra shifts. If the employee opts to use statutory holiday lieu days, such days will be scheduled according to Article G.5 in order to meet the 1,950 hours per year; or

F.10 Unit Weekend Schedule

Pursuant to Article 13.04 of the Collective Agreement between the Ontario Nurses' Association and the Participating Hospitals, the parties agree that weekend schedule will be implemented as follows:

1. When an individual employee requests to her manager, in writing with a copy to the Local Association and the Employee and Labour Relations Department, to work a weekend schedule, the Hospital shall agree to such request if the needs of the unit can be met by such a schedule and the granting of such a schedule does not have an adverse effect on any full-time or regular part-time nurse's schedule on that unit. In the event that the granting of schedule does have an adverse effect on any full-time or regular part-time nurse's schedule, the matter shall be put to a vote as described in #3 below.
2. In the event that management identifies a new or vacant position(s) on a unit that could accommodate a unit weekend schedule and nurses on the unit, through the vote arrangement described in #3 below, indicate their support for a unit weekend schedule, then the schedule will be introduced on the unit as follows:
 - (a) Opportunity to transfer to a weekend schedule rotation will be offered to all nurses on the unit. The weekend worker schedule will be granted to the senior nurses who so request.
 - (b) The resulting vacancy will be posted in accordance with Article 10.07 of the Central Collective Agreement. This position could be posted as a weekend worker position, after a successful vote on the unit.
3. Where a vote is required, eighty (80) percent of the nurses in the unit must indicate by secret ballot that they are in favour of a weekend worker schedule.
4. The schedule shall average 30 hours worked per week and such schedule must include two 11.25 hour shifts on the weekend and one 7.5 hour shift on a day to be mutually determined by the nurse and the manager. For units that work exclusively eleven and one quarter (11.25) hour extended tours, the nurses schedule would average one hundred and eighty (180) hours per six (6) week period. The nurse will rotate between days and nights, unless another arrangement is agreeable between the nurse and the unit manager.
5. For the purpose of covering the weekend worker's vacation or incidental absences, shifts may need to be scheduled to the regular part-time or casual nurses on the unit, according to regular staffing practices and the Collective Agreement.
6. For the purpose of vacation scheduling the nurses will be included in the unit vacation roster.

7. If a weekend worker transfers to regular full-time position (that is not a weekend worker position), any vacation/holiday bank shall remain intact to be used for scheduled vacation or lieu time. If a weekend worker transfers to a part-time position or terminates employment all vacation/holiday credits will be paid out.
8. An employee or her manager may discontinue the weekend worker schedule on a particular unit with sixty (60) days' written notice to the other.
9. Should there be any issues arising out of the implementation of this agreement, either party can request a meeting with the other party with sixty (60) days' notice to discuss such issues. Should either party to this agreement decide to discontinue weekend worker scheduling at HRH the terms of discontinuance will be negotiated, subject to #8 of this agreement.
10. It is expected that from time to time the weekend worker may need to be scheduled on weekdays to attend necessary in-service programs.

ARTICLE L – JOB SHARING

It is agreed that a full-time job may be shared by two employees on the following basis:

L.1 Job Sharing requests with regard to full-time positions shall be considered on an individual basis.

L.2 Where the job sharing arrangement arises out of the filling of a vacant full-time position, both job sharing positions must be posted and selection based on the criteria set out in the Collective Agreement.

An incumbent full-time employee wishing to share her position may do so without having her half of the position posted. However, the other half of the job shared position must be posted and the selection based on the criteria set out in the Collective Agreement.

L.3 If one of the job sharers leaves the arrangement her position will be posted. If there is no successful applicant to the position, the shared position must revert to a full-time position. The remaining employee will have the option of continuing in the full-time or another part-time position. If she does not continue full-time, the position must be posted according to the Collective Agreement.

(ii) Job sharers shall not be required to work any tours outside the tours of the full-time position.

(iii) It is expected that both job sharers will cover each other's incidental illnesses and vacation. If, because of unavoidable circumstances, one cannot cover the other, the unit supervisor must be notified to book coverage. Job sharers are not required to cover for their partner in the case of prolonged or extended absences. Job sharers shall be offered additional unscheduled tours only if they have made their availability known as per Article F.12. It is understood that they may only make themselves available on tours which would not result in premium payment.

(iv) Pregnancy Leave and other Leaves pursuant to Article 11 of the Central Agreement:

In the event that one member of the job sharing arrangement goes on any of the above leaves of absence, the coverage will be discussed with the Unit Manager, but it is hoped that the remaining member of the position would be prepared to cover the leave of absence as much as possible.

- L.6 Each job sharer may exchange shifts with her partner, as well as with other employees in accordance with the Collective Agreement.
- L.7 The job sharers involved will have the right to determine between themselves which partner will work on scheduled paid holidays subject to the conditions of the Collective Agreement. In the case of an unresolved dispute, the Unit Manager's decision will be final and binding.

Re: Scrub Card Use & Process

During a nurses' working shift, it may be necessary for a nurse to require a change of uniform in the event the nurses' uniform becomes soiled. The following process will be followed to obtain a clean scrub using the Scrub Card:

- Advise the Nurse Manager (NM) that the nurse requires a replacement scrub;
- If the NM is not available then report to the Team Leader (TL), Resource Nurse (RP) or Manager of Patient Flow (MPF);
- Go to the NM's office to obtain the Scrub Binder. If the NM's office is locked, call Security to open the office along with the TL, RP or MPF;
- Fill out and sign the "Scrub Replacement Form" and leave it in the NM's office;
- Take the "Scrub Card" and proceed to the Scrubex Machine to obtain a replacement scrub;
- Swipe the "Scrub Card" to activate the machine and select the appropriate size;
- Return the "Scrub Card" to the NM office;
- Return the scrub on the Scrubex Machine on the next shift worked.

To return the used scrub to the Scrubex Machine:

- Obtain the "Scrub Card" from the NM's office along with the TL, RP or MPF and security if the office is locked;
- Take the "Scrub Card" to the Scrubex Machine and select "Deposit";
- Place your scrub in the return drawer. Scrubs are scanned when returned and the credit is reapplied to the "Scrub Card";
- Return the "Scrub Card" to the NM office and sign off the return on the Scrub Replacement Form in the Scrub Binder.

Locations of Scrubex Machines can be found in the Emergency Department, the Operating Room (OR), Endoscopy and Labour & Delivery.
