2.1 Bargaining Unit Defined

- (a) The bargaining unit shall consist of all employees of UFV, with the exception of those persons who perform duties that under the Labour Relations Code of BC are reasons for exclusion.
- (b) There are two reasons for determining that a person is not an employee under the Code and, therefore, excluded from a bargaining unit:
 - because the person performs the functions of a manager or superintendent, or
 - because the person is employed in a confidential capacity related to labour relations or personnel.

Persons are excluded in order to avoid a potential conflict of interest between their loyalties to the employer and to the bargaining unit. The two most important factors in determining whether there is a sufficient conflict of interest to justify exclusion are:

- involvement in discipline and discharge, and
- labour relations input.

Another factor is involvement in the hiring, promotion and demotion of employees.

Persons meet the "confidentiality" exclusion where, as a substantial and regular part of their job, they are dealing in matters of a confidential nature which relate to labour relations or personnel.

- (c) The parties may, from time to time and by mutual agreement, exclude additional positions from the bargaining unit.

2.2 Recognition of the Bargaining Agent

UFV recognizes the Association as a trade union pursuant to the Labour Code of British Columbia, with all rights and responsibilities attendant upon such status. More particularly, UFV recognizes the Association as the exclusive bargaining agent for all members of the bargaining unit.

2.3 No Other Agreement

No employee covered by the Agreement shall be required or permitted to make a written or oral agreement with the Employer or its representatives which conflicts with the terms of this Agreement.

2.4 Recognition of Representatives

- (a) The Employer recognizes the Committee of Officers of the Association for the purpose of relations between the Employer and the Association arising out of this agreement. No employee or group of employees shall represent the Association at meetings with the employer without proper authorization of the Committee of Officers.
- (b) The Employer recognizes the Association's right to designate Association Stewards authorized to take up employee grievances through the grievance procedure. The Employer and the Association will agree on the number of stewards, taking into account both operational and geographic considerations. The maximum number of Association stewards will not exceed twelve (12).

- (c) The Association will provide Human Resources with a list of the employees designated as Association Stewards and indicate the jurisdiction of each steward on an annual basis, normally within five (5) working days of the annual election of stewards. Stewards shall process grievances only within their area unless otherwise mutually agreed.

2.5 Association Activities

- (a) Employees who are members of the Committee of Officers of the Association may be allowed up to four (4) hours per month to attend Association Meetings. It is understood that meeting times will be scheduled so as to minimize disruption to the operation of UFV. Hours may not be accumulated from month to month.
- (b) In any one (1) contract year, all members of the Association shall be allowed to attend up to two (2) general meetings of the Association during UFV hours.
- (c) An Association Steward who is assisting in the resolution of a legitimate employee grievance shall be permitted to attend meetings between the employer and the association on the Employer's property without loss of pay or recorded work time.
- (d) An Association Steward, shall obtain the permission of their manager before leaving work to perform duties as a steward. Consistent with Article 2.5(c), time off for processing grievances shall be granted to a steward by the exempt supervisor following a request, but in consideration of job responsibilities. If permission for time off cannot be immediately granted, the exempt supervisor shall arrange for time off at the earliest possible time thereafter. On resuming their normal duties, the steward shall notify their supervisor.
- (e) A record of a steward's work time spent on grievances on behalf of the Association shall be maintained on a basis mutually agreeable between the Association and the department involved. In the event the Employer determines that the amount of work time used by any steward is unreasonable, it may become a topic for mutual discussion between the parties.
- (f) The Employer shall grant, on written request from the Association, release time specified for the purpose of attending training programs, conventions or other events deemed to require representation from the Association, to any Association Officers, and Association Stewards as designated in Article 2.4(b) of this Agreement.
- (g) Association Stewards shall be permitted eight (8) hours of release time in each year of this Agreement to participate in steward training programs.
- (h) All such releases will be granted as per Article 2.6(f).
- (i) The Association shall submit to Human Resources and the appropriate administrator at least one (1) month in advance the names of those stewards for whom the Association is requesting release. The Employer must be satisfied that the granting of a particular request for leave will not be in conflict with or disruptive to the operation of UFV; however, releases will not be unreasonably denied.

2.6 Leaves of Absence: Association Business

- (a) The Employer shall grant, on written request from the Association to Human Resources and to the appropriate exempt administrator, release time for Employees elected to positions with the Association.

- (b) Requests for leaves of absence will be made by the Association in writing to the Associate Vice President, Human Resources and the appropriate exempt administrator as soon as possible after the AGM, but no later than June 1 for Fall semester leaves and November 1 for Winter semester leaves.
- (c) The Employer must be satisfied that the granting of a particular request for leave would not be in conflict with or disruptive to the operation of UFV.
- (d) The Employer agrees that, with the exception of 3 full-time leaves, the granting of leave in excess of halftime for any one individual is subject to the University's educational requirements; approval shall not be unreasonably withheld.
- (e) To facilitate the operation of the Collective Agreement and employer-employee relationships, the Association is entitled to be reimbursed for a one-quarter full-time per annum release. This will be equivalent to twenty-five percent of a top of scale faculty salary.
- (f) Leaves of absence for employees elected to positions with the Association shall be at full replacement cost, including the cost of wages, benefit premiums, statutory holiday pay, vacation pay and payroll burdens which attend the replacement. It is understood that UFV neither makes a savings nor experiences a cost in the replacement process.
- (g) Where an Association leave of absence results in the posting of the resulting vacancy as a permanent position, the Association and the Employer recognize that the employee on leave will exercise bumping rights at the end of the leave.
- (h) An Association member selected for a full-time position in the Federation of Post-Secondary Educators or in any successor organization to FPSE shall be granted a full-time unpaid leave of absence subject to the following conditions:
 - (i) As soon as possible in advance of the leave, the Association shall notify the Employer of the possibility of this clause being invoked. Notwithstanding the foregoing, the Association shall provide the Employer with written notice by June 1 for Fall leaves and November 1 for Spring leaves;
 - (ii) An Association member on leave under this clause shall continue to receive full salary and the benefits from the Employer, and the Association shall, on a monthly basis, reimburse the Employer for the full amount of the member's salary and benefits on a monthly basis.

2.10 Technological and Structural Change Consultation Including Cost Recovery Programs

Where new modes or models of instruction or other service delivery are contemplated, the proposal will be brought to a committee of management and the Association for discussion and consultation. The committee's findings and conclusions shall not be binding on either party, but shall provide a continuing forum for discussion and resolution of problems. Any decision taken will respect UFV's commitment to equitable and comparable compensation, while recognizing that UFV wishes to be flexible and competitive in attracting non-base budget funded programs. The committee shall consist of Association members, selected by the Association from among the general membership and from among those affected by the change, and management representatives as appointed by management.

2.11 Continuing Discussions

Subject to this Agreement, the Employer agrees to continue to discuss practices relating to members of the bargaining unit that traditionally have been the subject of consultation and discussion.

The Employer shall provide an electronic copy of this Collective Agreement to each employee within twenty (20) work days of entry into force of this Agreement as described in ARTICLE 5: (TERM OF THE AGREEMENT), unless unusual circumstances make this impossible. In such an event, the Association will be notified of the problem as soon as possible, and in any case fifty (50) copies of all negotiated contractual changes will be supplied to the Association within ten (10) UFV working days of entry into force of this Agreement, as described in ARTICLE 5: (TERM OF THE AGREEMENT).

4.2 Employment Qualifications

- (a) In relation to employment within UFV, it lies with the Employer to determine whether a candidate for first employment, or an existing employee, has the skills, qualifications and abilities which are required to assume a position and perform the tasks involved in that position. This determination by the Employer will arise in a variety of employment circumstances, including the filling of vacancies on a temporary or permanent basis, promotions, transfers, substitutions, return from long term disability leave, and in connection with layoff, recall and bumping.

Where appropriate, material will be removed from an employee's file in accordance with Article 14.7 (Use of Personnel File Material).

10.2 Picket Line at UFV Premises

The refusal of a member of the Association to cross a legal picket line established by a bona fide trade union will not, of itself, constitute cause for discipline.

10.3 Indemnity

(a) UFV will not seek indemnity against an employee, and will provide legal assistance to an employee (and will pay any judgement against the employee) for actions that result in a judgement against UFV or the employee, providing the employee was not acting in contravention of established UFV policy and was acting in good faith as an agent of the Employer. In any event, the Employer will make a decision on whether or not to take action against an employee only after consultation with concerned parties by means of an ad hoc joint committee. The joint committee shall consist of four (4) members, two (2) selected by the Employer and two (2) selected by the Association.

(b) UFV employees engaged in conducting or assisting in the operation of Study Tours and other UFV-sanctioned activities as agents of the Employer are included in Article 10.3(a) above (Indemnity).

Upon request, the Employer shall provide each employee planning to conduct or assist in the operation of a Study Tour or other UFV sanctioned activity with a copy of the appropriate UFV insurance coverage and will make the employee aware of their protection and possible liability under UFV insurance coverage.

10.4 Academic Freedom

The University of the Fraser Valley is committed to the belief that the exchange of knowledge and ideas in an environment of academic freedom is the indispensable foundation of all education. It is the recognized and necessary condition that allows the university to realize its mandate, strategic directions and learning outcomes.

Academic freedom does not require neutrality on the part of the individual faculty member, nor does it preclude commitment. Rather, academic freedom makes commitment possible.

Academic freedom carries with it the parallel obligation to use that freedom in an honest search for knowledge; it does not entitle a faculty member to promote hatred or contempt for any social, political, national or ethnic group; display incompetence in teaching or scholarship; violate the human rights of students or other persons; or in any way negatively affect the university's relationship of mutual respect with the Sto:lo people.

Academic freedom does not diminish the obligation of faculty members to meet their responsibilities to the university. Furthermore, it obligates all members to recognize and support the academic freedoms of other members of the university community. Academic freedom means that faculty shall not be hindered or impeded in any way for exercising their constitutional rights as citizens, or from expressing opinions about the institution, its administration and the Faculty and Staff Association. It does not, however, constitute legal immunity.

Academic Freedom includes the right of faculty members to teach. This includes the right to discuss the curriculum; engage any topic or viewpoint related to the curriculum; to enable free discussion and inquiry of controversial subject matter. The faculty member has the right and responsibility to present controversial subject matter in such a way as to encourage free discussion, inquiry and expression.

Academic Freedom and critical inquiry depend on the free and uncensored pursuit of scholarship and the open communication of the results of intellectual investigation. It includes the right of faculty members to full freedom in the pursuit of scholarship and research. Members shall have the right to publicly disclose information about risks to research participants or the general public or threats to the public interest that become known in the course of their research.

Academic Freedom includes the right of faculty to read and learn, including the right to access, acquire, and preserve textual, visual, documentary and creative source materials in all forms; and to do so in an environment in which university libraries, archives or other repositories shall not proscribe, remove or censor materials because of doctrinal, prejudicial or partisan reasons.

Librarians have a responsibility to protect academic freedom and are entitled to full protection of their own academic freedom. Within the context of their professional responsibility to maintain and develop the University Library holdings and information systems on the basis of the needs of Faculties, Schools, Academic Departments and the financial resources allocated to the Library, Librarians have the right to express their academic judgment in the development of the Library and the obligation to make the collection accessible to all users in accordance with the University Library policies, even if the materials concerned are considered controversial.

All employees of UFV are citizens, and are entitled to speak, write or act as citizens, and to express opinions on matters of public interest, without institutional censorship or discipline. However, employees should make every reasonable effort to ensure that when they are expressing personal views, they are not seen as spokespersons or representatives of UFV.

Where academic freedom is invoked in defence of a particular practice, an evaluation of the practice shall be undertaken by a community of peers, in this case represented by a six-member Board of Appeal appointed by the University of the Fraser Valley Senate. One appointee shall consist of the UFV President, or their designate. The balance of the appointees shall consist of faculty. The procedure to be followed shall be determined by the Senate on recommendation of this committee of peers in each case.

Any disciplinary action taken as a result of the above practice is the responsibility of the Employer and is subject to the grievance procedure.

10.5 Copyright

- (a) The copyright to all artistic, recorded or written work which is created during the course of employment shall be retained by the employee throughout their lifetime, and upon their death by their heirs and/or assigns, except as noted in Articles 10.5(b) and (c) below. When the stated conditions of employment or duties and responsibilities include the creation of specific artistic, recorded or written work, the copyright to such work shall be retained by UFV.
- (b) UFV shall have the right in perpetuity to use and revise, free of charge, any or all artistic, recorded or written work which was created by an employee during the course of employment at UFV. This shall include the participation of UFV in a provincial television, telephone, or radio network for the purpose of distance education. If such work bears the name of an employee, UFV will not alter, amend, or change in any way the said work without the consent of the employee.
- (c) Any costs incurred by the Employer in the production of artistic, recorded or written work by an employee will be recovered from the employee, should the employee hold the copyright for such work. In no case will the employee's liability for repayment of costs exceed the income received from the work.
- (d) An online course created by an employee who does not have the creation of online courses as a part of their normal work assignment remains the property of the employee unless UFV compensates the employee for development of the course over and above their normal pay, by payment of stipend, course release(s) or other suitable compensation agreed to by both parties.

10.6 Scholarships and Bursaries

Scholarships, bursaries or other grants that employees earn are their sole property.

10.7 Harassment

Definitions, procedures and rights of parties involved in disputes involving personal harassment are described in UFV Harassment Policy 18.

- (a) **Personal Harassment.** Employees shall not be subject to personal harassment. Violations shall be dealt with through UFV policy number 18.
- (b) **Sexual Harassment.** Employees shall not be subject to sexual harassment. Definitions, procedures, and rights of parties involved in disputes about sexual harassment are described in UFV Harassment Policy 18. Violations shall be dealt with through UFV Harassment Policy number 18.
- (c) **Other forms of Harassment.** Employees shall not be subject to other forms of harassment. Definitions of other forms of harassment, procedures, and rights of parties involved in disputes are described in UFV Harassment Policy 18. Violations shall be dealt with through UFV Harassment Policy number 18.
- (d) An employee named in a harassment case shall be entitled to an Association advocate, whose role will be to provide support for the member by listening to the member's concerns, providing information on rights, options, and procedures, and, where appropriate, attending meetings or hearings in an informal capacity as a support person and recorder.

- (e) Where a complaint regarding an Employee is referred to the formal investigation process, the Parties will mutually agree to the investigator to be appointed. Mutual agreement shall not be unreasonably withheld by either Party. If the parties cannot mutually agree within five (5) working days of the Employer notifying the Association of the need to appoint an investigator, the Employer will appoint the investigator.

10.8 Employment Equity

Employment equity shall be dealt with through UFV Educational and Employment Equity policy 16.

10.9 Pay Equity

The parties to our Collective Agreement agree to enforce the principle of Equal Pay for Work of Equal Value. The parties to our Collective Agreement agree to end wage discrimination practices.

10.10 Safe Disclosure (Whistle Blower)

UFV employees who in good faith disclose conduct which they have reasonable grounds to believe may be a violation of University policies or regulations, government legislation, or which constitutes a threat to public interest will be protected from retaliation. UFV will maintain a policy on safe disclosure.

ARTICLE 11: VACANCIES WITHIN THE BARGAINING UNIT

11.1 Vacancies

- (a) Wherever possible, Type A or Type B positions will be created instead of a number of temporary positions. When possible, temporary positions will be combined to create Type A or Type B positions. Where the Association can demonstrate detrimental effects on UFV services or the working conditions of Type A or Type B employees, part-time Type A or Type B positions will be combined into full-time positions.
- (b) Notice of all vacant or new positions for which the Association has bargaining authority shall be posted on the Human Resources website and forwarded to any employee laid off within the previous fifteen (15) months, no later than the first date of an internal or external posting, whichever occurs first.
- (c) Posting of vacancies shall appear for at least ten (10) UFV working days before the competition is closed for Type A, Type B, Type C and Type D positions, and five (5) UFV working days for all other posted positions, before the competition is closed. All vacancy postings shall include summary of the position description, required qualifications, commencement date, and for staff positions information on work location, hours of work and salary range.
- (d) In the posting of a vacancy or new position, the hours of work, including days off and the work location may be subject to change consistent with the operational requirements and the provisions of this Agreement.
- (e) When new staff positions are created or existing positions have changes to duties, education, or experience, the Director of Human Resources and an Association member of the JCAC will meet to review the position prior to circulation to determine in which pay group the position should be placed.
- (f) A Selection Advisory Committee may establish a list of qualified applicants for sessional, Type C and Type D positions. This list will be established if, through the regular posting procedure, non-successful applicants are deemed qualified but there are not sufficient vacancies to accommodate them. Should an opening occur within six (6) months of establishing the list, the Director, Department Head or Program Head may recommend that the next eligible candidate be hired.

11.2 Temporary Vacancies and Staff Secondments

- (a) A temporary vacancy in a regular position for a period of less than six (6) months may be filled by the Employer in consultation with the employees of the area. The Employer must notify the applicable Association Contract Administrator of the appointment and post the position after six months of the appointment, unless otherwise agreed to by the Employer and Association.
- (b) If not filled through 11.2(a) above, all departments will fill their auxiliary staffing requirements by application to Human Resources for an Auxiliary Employee or worker from the Auxiliary Employee/Worker List. Human Resources will maintain an up-to-date list of qualified auxiliary employees and workers (Auxiliary Employee/Worker List).

- (c) A temporary vacancy for a period of six (6) months or more will be filled as in Article 11.6 (Selection Advisory Committee) or as in Article 21.2 (Acting in a Higher Capacity) or Article 22.2 (Acting in a Higher Capacity or as a Substitute). If filled by Article 21.2 (Acting in a Higher Capacity) or Article 22.2 (Acting in a Higher Capacity or as a Substitute), ARTICLE 11: (VACANCIES WITHIN THE BARGAINING UNIT) will apply only within the responsible administrator's area.
- (d) Non-probationary type A employees may apply for a temporary staff vacancy that has a minimum contract period of six (6) months.
 - (i) If successful, the Type A applicants (seconded employees), with the authorization of the appropriate excluded administrator, may assume the status, salary and benefits of the temporary position for the length of time they are in that position.
 - (ii) Except in extraordinary circumstances, the seconded employees will remain in their seconded position until the expiration of their temporary contract. Under extraordinary circumstances and with the approval of the appropriate excluded administrator, return to the original position may take place before the end of the secondment contract. In this event, the expiration date of the replacement employees' temporary contracts will be adjusted to correspond to the new date of return of the seconded employees.
 - (iii) If the seconded position is extended beyond the originally approved contract period, the seconded employees must seek approval of the appropriate excluded administrator. The total secondment period is not to exceed two (2) years.
 - (iv) The seconded employees retain the right to enter competitions and the right to accept another permanent job.
 - (v) At the end of their contracts, the seconded employees return to their original position unless they have obtained a permanent position elsewhere.
 - (vi) If the temporary vacancy created by the secondment is filled by a Type C or Type D employee rather than another Type A employee, the Type C or Type D employee maintains the same rights they had in their previous position.
- (e) **Part-time secondments:** With the authorization of the appropriate excluded administrator, Type A employees may apply for a temporary duty replacement. This replacement would allow the employee to take on a different function as part of their on-going position, and allow it to replace a normal function of the on-going job that now would be handled by another employee. To be eligible for part-time secondment, the following must apply:
 - (i) the temporary duty must need an allocation of four hours or greater
 - (ii) the duty to be replaced must be able to be completed in blocks of time of four hours
 - (iii) the employee must present a written document to their supervisor to show how this duty change can be accomplished. The supervisor and employee must then jointly discuss the proposal with the appropriate excluded administrator.

11.3 Job Sharing and Job Exchange

- (a) With the authorization of the appropriate excluded administrator, Type A or Type B employees may share an existing position. The position can be either one of two that the employees now occupy or a vacant Type A or Type B position. In the case of a vacant position a joint application shall be made. This clause is not grievable but an appeal to the UFV President can be made. Should one of the employees leave their part of the position, the remaining employee has the right of first refusal to the portion vacated, provided they meet the minimum qualification standard. Should the SAC process not result in recommending a suitable candidate to fill the vacant portion, the appropriate excluded administrator of the area, the immediate supervisor, the appropriate Association Contract Administrator, and the employee occupying the other part of the position will meet to resolve the problem.
- (b) With the authorization of the appropriate excluded administrator(s) and supervisors, Type A or Type B employees may exchange positions, provided that both employees agree, that they are in the same pay group, and that they can demonstrate they are capable of performing the duties of the position.
- (c) Consistent with 12.12 (Transfers, Promotions or Bumping to a Different Position), the exchanged employees will serve a six-month non-initial probationary period. The positions will become permanent upon completion of the probationary period.
- (d) The exchanging employees have the right to revert back to their original positions within the non-initial six-month probationary period, providing either party wishes to revert.

11.4 Internal Applicants

A Type A or B employee, including those on the layoff list, who applies for and meets the criteria of a vacant position shall be given preference over an outside applicant who has equal or less qualifications to meet the criteria of the position. Type C, Type D, Limited Term or Sessional employees shall not have this preference until they have been hired pursuant to Selection Advisory Committee procedures. Type C, Type D, Limited Term or Sessional employees will be granted this status on successful completion of probation.

11.5 Notice to Unsuccessful Bargaining Unit Employee Applicants

- (a) When bargaining unit employee applicants have not been recommended by an SAC for a bargaining unit position, the following process will be undertaken in the order shown below:
 - (i) The Chair of the SAC shall obtain approval of the SAC's recommendation from the relevant administrator.
 - (ii) If the SAC has recommended an applicant who is not a member of the bargaining unit for the position, the relevant UFV Administrator shall meet with Human Resources to review the SAC process.
 - (iii) If the decision is made to proceed with the offer, the UFV Administrator shall notify the non-bargaining unit applicant that they have been recommended and that the Association and UFV are reviewing to determine if the correct process has been followed.
 - (iv) The UFV Administrator will notify the relevant FSA Contract Administrator in writing of the decision of the SAC, with a copy to Human Resources.

- (v) Immediately following step 4, unsuccessful bargaining unit employee applicants will be notified that they have not been recommended for the position. This notification will be made by the relevant UFV Administrator unless they designate the SAC Chair to do so.
 - (vi) Next, Human Resources and the relevant Contract Administrator will be informed in writing of all notifications and of the date on which they were delivered.
- (b) An unsuccessful bargaining unit employee applicant may request that the Association grieve on their behalf, providing the grievance is brought within five (5) UFV working days of notice that the bargaining unit employee was unsuccessful in their application.

11.6 Selection Advisory Committee

The Employer shall maintain a selection advisory committee procedure, and shall make the details of this procedure widely available through a document titled "Selection Advisory Committee Procedure". Any changes to this policy or procedure need the approval of the Association and the Employer.

The policy supplements any processes and procedures in this clause.

The Employer shall electronically post all vacant positions, and will notify the Association at the same time that the position is posted.

Appointment of employees will be made by the Employer after consultation with employees in the appropriate area with respect to the criteria for the position and qualifications of the candidates.

- (a) Consultation shall take place through a Selection Advisory Committee (SAC). At least fifty percent (50%) of the membership of the Selection Advisory Committee shall be members of the area's Standing SAC.
- (b) The Standing SAC members shall be the Association representatives on the selection committee.
- (c) The Selection Committee chair will be appointed by the Employer.
- (d) The Employer or designate(s), including the chair shall serve as the University representative(s) on the selection committee.
- (e) On any SAC, a request for additional representatives from outside the area may be made by either the Employer or the Employer's representative (SAC Chair) or by the Association. Such appointments to the SAC will be made by Human Resources in consultation with the Association, with the SAC member appointed as a University representative.
- (f) Standing Selection Advisory Committees for the hiring of faculty and staff positions will be formed for each department or functional area. The Standing SAC will consist of 3-7 employees within the department or functional area. The Employer shall be responsible for conducting elections to the Standing SAC. The standing SAC will be formed by the Employer no later than September 15 each academic year. Members of the standing SAC will not be required to participate in all competitions, a subset of the standing SAC will be assigned to individual competitions.
- (g) All Type A and Type B employees within the department or functional area are eligible to nominate, be nominated and elected to the Standing SAC.
- (h) Where the Employer or Standing SAC demonstrates that the Standing SAC members do not have appropriate knowledge or background for a selection, the standing SAC members or Employer may request that an election for the committee be held.

- (i) The Employer shall be responsible for conducting elections or making appointments to a Selection Advisory Committee when required in 11.6(h). All Type A and Type B employees within the department or functional area are eligible to nominate, be nominated and elected to the SAC.
- (j) The Employer shall issue a call for nominations from among the eligible members of a department or functional area. Employees will be given up to four working days to respond. If an insufficient number of individuals are nominated, the Employer will identify a member of the department to serve on the SAC.
- (k) With the agreement of the appropriate Contract Administrator, the Employer may appoint all members to the Selection Advisory Committee in exceptional circumstances.
- (l) Where time is of the essence, the Selection Advisory committee may be waived in the hiring of Limited Term and Sessional faculty. When this article is used, the Administrator shall provide the Human Resources Department and Contract Administrator with a brief written explanation as to why this clause is being invoked, prior to the issuing of the contract of employment.

Following the initial evaluation, the Dean shall confirm whether the Head shall continue for the remaining years of the appointment.

The expectation is that the position of Head be rotated among eligible members of the area wherever feasible. A current Head may apply to continue a second three-year term following the process below for selecting a Head.

After a Head's second term, the onus will be on the instructional area to demonstrate to the Dean and the Association that all other eligible members have had an opportunity to submit an application as Head before the current Head's application for an additional term is accepted. Consecutive reappointments after a second three-year term shall be for a minimum term of one (1) year or a maximum term of two (2) years depending on the needs of the area in consultation with the Dean.

- (vi) Where the vote results in a majority recommendation for any single candidate, the Standing SAC shall formally recommend that candidate to the Dean. If the recommendation is accepted by the Dean, the recommended candidate shall become the next Head. If the recommendation of the committee is not accepted by the Dean, the Standing SAC shall continue meeting in order to recommend another candidate. Should no eligible member of the department be recommended as a result of the continued deliberations of the Standing SAC, the Dean will advise the department in writing of this result and appoint an interim Head for a period of one (1) year but not more than two (2) years, depending on the needs of the area in consultation with the Dean. The expectation is that the position of Director be rotated among eligible members of the area wherever feasible. A current Director may apply to continue a second five-year term following the process below for selecting a Director.

After a Director's second term, the onus will be on the instructional area to demonstrate to the Dean and the Association that all other eligible members have had an opportunity to submit an application as Director before the current Director's application for an additional term is accepted. If the recommendation is accepted by the Dean, the recommended candidate shall become the next Director. If the recommendation of the committee is not accepted by the Dean, the Standing SAC shall continue meeting in order to recommend another candidate. Should no eligible member of the department be recommended as a result of the continued deliberations of the Standing SAC, the Dean will advise the department in writing of this result and appoint an interim Director for a period of one (1) year but not more than two

(2) years, depending on the needs of the area in consultation with the Dean. A copy of this notice will be provided both to Human Resources and to the FSA.

Prior to reappointment, the President (or Provost and Vice President, Academic in the case of decanal direct reports) will carry out consultation with the applicable faculty area through an evaluation process consistent with the provisions of the Agreement on Senior Administrator Evaluations (Article 12.15 Evaluation of Senior Administrators). UFV will advertise to bring candidates in for an informal interview with the Director of Facilities. The Director will decide who should be considered.

(b) On-Call Janitor

This classification is a list of employees who are considered “on-call” for janitorial work. There are no set work schedules. On-call employees are called by the Director or delegate to fill in for employees on temporary or permanent contracts who are unavailable for work. The first 140 hours are paid at the base rate; hours after this will be paid at the JCAC established pay group for Janitors. These employees have no rights to work and are called in no particular order. The Director of Facilities decides if a person is eliminated from the on-call list.

(c) Temporary Contracts

These contracts are variable in length. The successful candidates for these positions are determined through the normal UFV posting process. On-call employees and people new to UFV may apply. Seniority will be used only if the SAC is unable to recommend an order for hiring.

(d) Permanent Contracts

These positions are determined through the normal UFV posting process with the initial interviews being offered to those employees holding temporary contracts.

- (iii) At the end of the trial period, the employee shall be re-evaluated and, as a result of the re-evaluation, shall be returned to a continuing appointment without term unless there is cause for termination as per ARTICLE 14: (TERMINATION AND DISCIPLINE), or unless, by mutual agreement between the employee, the Employer, and the Association, a second trial period (not exceeding the time allowed for the first trial period) is considered an appropriate alternative to termination.
- (iv) There shall be no more than one (1) trial period in succession, except as provided for in Article 12.1(d)(iii) above (Trial Periods).

- (ii) Failure to reappoint to a subsequent Type C Contract for which the employee is qualified and has the most seniority is grievable.

12.6 Type B (Permanent) Faculty Appointments (Excluding Teaching Faculty)

For the period of the 2019-2022 Collective Agreement, all Type B faculty excluding Teaching faculty will be appointed in accordance with Article 12.6.

(a) Appointments

- (i) Employees who are appointed to positions which are intended from the outset as permanent contract positions will be identified as Type B contract status employees at the time of their initial hiring.
- (ii) The Employer maintains the right to post a Type B position within one (1) years time of the original temporary posting if it becomes known that the position will be permanent.
- (iii) A UFV permanent full-time faculty member must maintain UFV as the only employer with whom they hold a permanent full-time faculty appointment.
All permanent employees recognize UFV as their primary employer and should the employee choose to work for another employer, such work must not interfere with their participation in and fulfillment of assigned duties within their department.

(b) Probationary Period

Appointees to Type B contract positions will serve a two (2) year probationary period in one position in one department.

- (i) During the initial probationary period, a probationary employee may be transferred, laid off or dismissed for any stated reason.
- (ii) An employee who is not reappointed in accordance with 12.6(a) (Appointments) and 12.6(c) (Reappointments) will be deemed to have been dismissed and will be treated in accordance with the terms of Article 12.6(b)(i) above.

(c) Reappointments

At least three (3) months prior to the completion of an employee's initial probationary appointment to a Type B contract position, the employee will be advised of reappointment and the terms thereof, or will be advised that reappointment will not be made.

A reappointment to a Type B contract position subsequent to the initial probationary period may be made for:

- (i) A continuing appointment without term; or
- (ii) A further one (1) year probationary period, during which period the employee has complete access to the grievance procedure.
 1. At the time of notification of appointment to a second probationary period the Employer shall provide written notice to the employee of cause for concern about the employee's performance, in order that the employee may have the opportunity for assistance to improve their performance.
 2. In the case of a final probationary period, the employee shall be advised at least two (2) months' prior to the end of the period of their reappointment and the terms thereof, or will be advised that the appointment will not be continued.

- (iii) In the case of reappointment to a trial period, the employee shall be advised at least two (2) months' prior to the end of the period of their reappointment and the terms thereof, or will be advised that the appointment will not be continued.
- (iv) There shall be no more than one (1) trial period in succession.

12.7 Faculty Appointments for Teaching Faculty

UFV and the FSA affirm the primary importance of teaching for its faculty and the institution; the value of diverse forms of scholarship as an integral and enriching component of university teaching; and the significance and wide range of service as essential to faculty professional activities, community engagement, and academic governance.

Candidates for tenure and promotion will be assessed using the Standards for Tenure and Promotion for Faculty developed within the UFV departments and Faculties, and approved by the University Senate. These standards will apply to teaching; research, scholarly and/or creative activities; and service. They will reflect the working conditions at UFV, a teaching-intensive university that is primarily focused on undergraduate education, with relatively few graduate programs.

In the application of these standards a minimum of 60% of the assessment will be based on teaching, a minimum of 20% on one of service or scholarship, and a minimum of 10% on the remaining component.

In order for promotion and tenure to be fair and equitable, a clear and transparent assessment process must be followed.

(a) Appointments

- (i) All faculty appointments, full or part time, will be tenured, tenure-track, limited term, or sessional.
- (ii) A Tenured Appointment grants permanency of appointment to the Member and may be terminated only through resignation, retirement, dismissal for just cause, or other reasons specified in Article 12.7(d).
- (iii) Tenure-Track Appointments will normally be made at the rank of Assistant Professor. New faculty hires may apply for tenure during the third year of employment in exceptional cases, but most tenure-track faculty will apply during the fourth year and no later than during the fifth year. During this time, the University and the Member are afforded an opportunity for mutual appraisal. Tenure-track appointments end in a tenured appointment or in termination of the appointment. Tenure will not be granted without the achievement of the appropriate, recognized professional accreditation, the terminal degree, or the special conditions as may be set out in the letter of appointment. Faculty

denied tenure may be offered up to a one year terminal limited term appointment to facilitate their search for employment elsewhere.

Faculty granted tenure will simultaneously receive promotion to Associate Professor.

- (iv) Appointees who already hold or held titles of Associate or Full Professor at an accredited university might, upon recommendation of the Dean, be appointed with their previously earned titles.
 - (v) Appointees who were already tenured at an accredited and/or recognized university may be appointed with tenure, upon recommendation of the Dean, contingent on successful completion of a one-year probation period.
 - (vi) Appointees who were on a tenure-track position at an accredited and/or recognized university may apply for tenure after successful completion of a two-year probation period.
 - (vii) Appointees under the Canada Research Chair program or to other externally-funded faculty positions who were already tenured at an accredited and/or recognized university will be considered tenured faculty, and be subject to all provisions of said faculty. All other Canada Research Chairs and externally-funded faculty positions will be considered tenure-track and may apply for tenure after completion of a two-year probationary period recognizing the need for consistency with the primary responsibilities of the externally-funded position.
- (b) Probation
- (i) All appointees to tenure-track or tenured positions will be given a full listing of the criteria, developed at the department and Faculty levels and approved by the Senate, on which they will be evaluated. The Dean and Department head of the area will meet with the appointee to review the criteria and explain what can be expected during both probation and the tenure process.
 - (ii) Except as provided for in Article 12.7(a), all initial probationary appointments to tenure-track or tenured positions will be for a period of two years, which will include four (4) semesters of regular teaching assignment or the equivalent teaching workload. Where an initial date of appointment is inconsistent with this requirement, the two year initial probationary appointment will be extended to enable fulfillment of the four (4) semesters of regular teaching assignment (or equivalent).
 - (iii) An initial probationary appointment is intended to provide the university and the faculty member a mutual opportunity to assess the faculty member's suitability as an employee of the university. During an initial probationary appointment, and upon three months' notice, the university reserves the right to dismiss or layoff the faculty member for stated reason. Where the university has just cause to dismiss a faculty member, it reserves the right to do so without notice.
 - (iv) At least three months prior to the completion of an initial probationary appointment, the Dean, in consultation with the department, will recommend whether the tenure-track faculty member shall:
 - 1. be appointed to a second probationary period, if eligible, and specifying any conditions/expectations attached;

2. be appointed to a tenured appointment if eligible under 12.7(a);
3. be dismissed.

(c) Termination of Tenure-Track faculty

In addition to the university's right to terminate a probationary faculty member pursuant to Article 12.7(b), termination may also occur in the circumstances listed in Article 12.7(d) below.

(d) Loss of Entitlement to Employment

(i) The Association and the University:

1. recognize the importance of tenure as a protection of academic freedom and the long-term commitment made by Teaching Faculty Members to an academic career;
2. acknowledge the importance of long range academic planning;
3. recognize that to serve the goals of the University as a learning environment for faculty, staff and students, the University must maintain the flexibility to add to, delete from and change its academic programs and approaches to learning;
4. recognize that changes in academic programs are normally achieved through processes which do not adversely affect the employment status of members;
5. commit to the principles of openness, fairness and accountability in decisions or actions taken under this Article.

(ii) Tenured faculty will lose their entitlement to employment and all seniority rights where:

1. They voluntarily resign or otherwise terminate their employment, except as provided in Article 15.6 (Seniority on Re-employment or Recall)
 - a) Resignation. The faculty member will signify in writing in a letter to the dean of the area their intention of resigning. Whenever possible, this letter should be submitted six months before the resignation date.
 - b) Retirement. Whenever possible, irrevocable notice of the intention to retire must be provided in writing to the dean of the area at least six months prior to the retirement date.
2. They are discharged for just and reasonable cause and are not subsequently reinstated pursuant to the grievance or arbitration procedure contained in this Agreement.
3. They are on layoff for more than fifteen (15) consecutive months.
4. They lose their recall rights in accordance with the terms of this Agreement.

(iii) Reasons for Layoff of Tenured and Tenure-track Faculty

The Employer shall be reasonable in the reason or reasons for layoff decisions. The reason or reasons for layoff must not be based on bad faith or discrimination against any

tenured or tenure-track faculty member or members. Layoff will occur only for just and reasonable cause. The reasons will not include technological change. The reasons for layoff will be:

1. Discontinuance or partial discontinuance of a program for bona fide reasons, as determined by the UFV Board after receipt of advice from Senate.
 - a) Discontinuance or partial discontinuance of a program will take place only through approved procedures of Senate after a full hearing and consultation with the program area involved.
2. Changes to programs caused by directives of external authorities such as the Provincial government or outside accrediting bodies.
3. Serious economic constraints beyond the control of the university, supported by relevant budgetary documentation.
4. Health or Safety problems outside the control of the Employer.
5. The expiry of a specified term of appointment is neither a layoff nor a discharge and cannot be the subject of a grievance.

(iv) Layoff Procedure

UFV will attempt to avoid layoffs of tenured and tenure-track faculty members by such means as early retirement, or transfer of the employee. Every reasonable attempt will be made to reassign tenured and tenure-track faculty within another department. Faculty who possess acceptable qualifications for transfer to another department may be offered a leave to prepare themselves for working in that department.

The principle of job security will be honoured in all budget decisions. The Employer will provide evidence to support its decision that some or all of the layoffs could not be prevented through non-salary reductions in the operating budget.

As soon as discontinuance is recommended to Senate, The FSA shall be notified of the possible lay off implications of such a decision.

At least one (1) month before a decision that results in layoffs is finalized, the FSA shall be informed of the proposed layoffs and provided with the relevant budgetary information on which the decision was based.

Layoffs will occur in this order: tenure-track faculty, tenured faculty in order of least seniority.

(e) Grandparenting for teaching faculty appointments

- (i) Upon written request to the Dean and submission of a current curriculum vitae, which includes the member's record of teaching, scholarship and service, and a brief statement on teaching philosophy, faculty who have successfully completed the IPEC process plus a three-year evaluation review will be granted tenure and assigned the rank of Associate Professor. All completed submissions must be received in writing by the Dean's office within three (3) months' of notification by the Dean of eligibility to apply for rank and tenure under the provisions of Article 12.7(e)(i). For the period of the 2014-2019 Collective Agreement, laboratory faculty will be granted tenure without rank.

1. Current faculty who have successfully completed the IPEC process plus a three-year evaluation review and who do not submit a written request as specified in

12.7(e)(i) above will be considered tenured faculty, and subject to the same ongoing tenured faculty evaluation processes as stipulated in Article 13.5, but will, with exceptions noted in 12.7(e)(i), be granted the rank of Assistant Professor.

- (ii) Current post-probationary faculty with less than five years of accrued service will be granted tenure and assigned the rank of Associate Professor under the terms of 12.7(e)(i) upon completion of the three-year evaluation review. In the interim, these faculty will be on a continuing appointment as an Assistant Professor.
- (iii) All faculty currently in the IPEC process, upon successful completion of their IPEC probationary period and fulfillment of the three-year evaluation period, will be granted tenure and assigned to the rank of Associate Professor upon fulfillment of the requirements under the terms described in 12.7(e)(i) above. In the interim, these faculty will be on a probationary appointment as an Assistant Professor.
- (iv) Current faculty who have completed the IPEC process and already hold or held the title of Full Professor at an accredited and/or recognized university may, upon recommendation of the Dean, be assigned the rank of Professor.
- (v) Current faculty who were already tenured at an accredited and/or recognized university may be granted tenure after successful completion of their one-year probation period.
- (vi) Current faculty who were on a tenure-track position at another accredited and/or recognized university may, after successful completion of a two-year probation period, elect to continue under the Grandparenting provision Article 12.7(e)(ii) or to apply for tenure under the regular appointment provisions of Article 12.7(a)(vi).
- (vii) Current Canada Research Chairs or other externally-funded faculty positions who were already tenured at an accredited and/or recognized university may be granted tenure after successful completion of a one-year probationary period. All other Canada Research Chairs and externally-funded faculty positions will be considered tenure-track and may apply for tenure after completion of a two-year probationary period.
- (viii) Associate Professors may apply for the rank of Full Professor as soon as the standards and the committee structure for promotion and tenure are in place.
- (ix) Employees with unusual contract histories, such as those who have served in both teaching and administrative or other non-teaching capacities during their employment at UFV, may, upon recommendation by the Dean, be eligible for promotion to Associate or Full Professor. [This clause will not come into effect until the committee structure and standards for promotion and tenure are implemented].

12.8 Cross Functional Appointments

Where sound academic reasons exist for so doing, a faculty member may receive an appointment in two or more departments within the University. A primary department and Chair will be identified for each initial cross-functional appointment. The primary department and Chair will serve all administrative functions with respect to the appointment.

- (a) The primary department will be identified as the department where the appointee has the majority of their workload assignment. In the case where an appointment is initially to a workload split equally between two departments, the Chairs in the relevant departments shall mutually agree to the assignment of a primary department for the member.

- (b) The procedures and criteria for evaluation shall be consistent with the procedures and criteria for members with appointments in a single department. Evaluation committees shall include members from all departments to which the member has been appointed. If departments have different criteria, the criteria for evaluation of the cross-appointed member will be referenced to approved standards within both departments so that an overall profile of career progress can be developed. Teaching/professional role, scholarship and service requirements and expectations for evaluation shall be equivalent to that of a single appointment in a single department.
- (c) Teaching workload and service assignment will be made in a collegial manner with input from the member and the departments to which the member has been appointed. Where service has been assigned in both departments, the total assignment will be sensitive to the requirement not to exceed that of a single appointment in a single department. Service beyond the department is at the discretion of the member.
- (d) A member in a cross-functional appointment shall be entitled to full participation in the affairs of each department to which they are appointed, including voting and eligibility for election and participation in all committees including Faculty Council.
- (e) A cross-appointed member may request a review and potential change to their primary department assignment after completion of probation, with the agreement of both Deans. Any departmental assignment change granted must be maintained for at least one year.

12.9 Limited Term Appointments

- (a) Limited Term Appointments are appointments which are twelve months in duration, carry no implication of renewal or continuation beyond the stated term and no implication that the appointee shall be considered for tenure. Duties of Limited Term faculty fall within Article 18.1, specifically the Teaching and Service components. These faculty are expected to be available for student consultation and to fulfill some departmental service responsibilities which may include service on university-wide committees.
- (b) The decision to allow a probationary appointment or Limited Term appointment to lapse is not grievable. For the duration of the appointment, a Limited Term faculty member recognizes UFV as their primary employer and should the Limited Term faculty member choose to work for another employer, such work must not interfere with their participation in and fulfillment of assigned duties within their department.
- (c) Contractually limited term appointments are utilized:
 - (i) to bring distinguished visitors to the University;
 - (ii) to provide replacements for employees on leave or who are temporarily unable to carry out their responsibilities;
 - (iii) to respond to specific teaching/professional/research/creative needs that the Employer, for academic and/or budgetary reasons, does not wish to result in an appointment in the probationary or tenure/continuing appointment classifications;
 - (iv) to appoint individuals with specialized skills for whom neither the Employer nor the individual intends a long-term association with the University;
 - (v) to meet temporary variations in student enrolment;

- (vi) to temporarily fill vacancies until qualified people acceptable for appointment are available
- (d) The Employer agrees to provide the FSA with a statement of the “specific needs” to be responded to by appointees under 12.9(c) with such information to be conveyed at or about the time of the making of the appointment. The employee shall, at the time of the offer of appointment, be informed as to the nature of the position being offered, including, to the extent practicable, a job description covering the intended period of the appointment.
- (e) Employees appointed to a Limited Term Appointment must hold two limited term appointments over a period of two years to conclude their probation, during which time the university reserves the right to terminate the faculty member for stated reason or reasons.
- (f) A Limited Term faculty member is subject to Selection Advisory Committee procedures prior to the conclusion of the probationary period. The SAC procedure is part of the probationary process. In the event a Limited Term faculty member is the unsuccessful candidate, one month notice shall be given.
- (g) Limited Term faculty employees who have successfully completed the probationary period will be considered internal candidates (Article 11.4), and will be entitled to exercise sessional departmental seniority rights on contracts for which they are qualified, subject to the terms and limitations of Article 18.14 (Assignment of Courses for Faculty).
- (h) Implementation of Limited Term Appointments
 - i. For the 2013-14 academic year, the university will endeavor to implement Limited Term Appointments wherever feasible up to the number of approved and implemented Teaching Faculty Sabbaticals for the 2013-14 year.
 - ii. Commencing in the 2014-15 academic year, the university agrees to fund a maximum of 30 Limited Term Appointments in the 2014-15 academic year.
 - iii. In the 2015-16 academic year the number of funded Limited Term Appointments will be increased to a maximum of 35.

Subsequent to the 2015-16 academic year, the number of funded Limited Term Appointments will be a maximum of 40 in the applicable academic year.

On September 30th of each year, the university will report the number and distribution of Limited Term Appointments made in the previous academic year to LAM.

12.10 Sessional Faculty Appointments

(a) Appointments

Sessional Faculty Contract appointments are temporary instructional faculty appointments made for one or more course offerings on a term by term contract basis.

Sessional faculty who have worked a minimum $\frac{3}{4}$ workload over a full year in one position in one department, and who are offered a Type B contract for the same position in the same department immediately consecutive to their current contract will have the student evaluations from that year’s teaching entered into their file. These evaluations plus the student evaluations from the first year of the Type B probationary period will satisfy the student evaluation requirement for the existing Type B probationary process.

- (b) Probationary Period
- (i) Probationary Sessional Faculty who are not rehired to their original contract do not have access to ARTICLE 16:.
 - (ii) Sessional Faculty must instruct a minimum of four courses over a minimum of four semesters to conclude their probationary period.
 - (iii) A Sessional Faculty member is subject to Selection Advisory Committee procedures prior to the conclusion of the probationary period. The SAC procedure is part of the probationary and re-appointment process. In the event a sessional faculty member is the unsuccessful candidate, one month notice shall be given.
 - (iv) During the probationary period, a probationary employee may be transferred, laid off or dismissed for any stated reason.
 - (v) Sessional Faculty employees who have completed the probationary period will be considered internal candidates (Article 11.4), and will be entitled to exercise departmental seniority rights on contracts for which they are qualified, subject to the terms and limitations of Article 18.14 (Assignment of Courses for Faculty).
 - (vi) An employee who is not reappointed in accordance with 12.10(a) (Appointments) and 12.10(c) (Reappointment), will be deemed to have been dismissed and will be treated in accordance with the terms of Article 12.10(b)(iv) above.

(c) Reappointment

For details on Sessional Faculty workload allocation see Article 18.14 (Assignment of Courses for Faculty).

- (i) Subject to the provisions of Article 18.14 (Assignment of Courses for Faculty) the Employer shall offer reappointment to a subsequent sessional faculty contract for which a probationary employee is qualified and has the most seniority unless evaluation results are unsatisfactory.
- (ii) Failure to reappoint to a subsequent Sessional Faculty contract for which the employee is qualified and has the most seniority is grievable.

12.11 Faculty Ratio Target Levels

(a) Target Levels

(i) Institutional Faculty Target Levels

The employer agrees that no more than 30% of all teaching sections taught at UFV will be budgeted to be taught by a combination of sessional and limited term faculty. Should this number be exceeded, Management agrees to create enough regular B positions so the number of sections budgeted to be taught by sessionals or limited term faculty drops to, or below, 30%.

(ii) Target Level Review Process

In March of each year, the Labour and Management Committee (LAM) will meet to determine if the percentage in Article 12.11(a)(i) (Institutional Faculty Target Levels) above is correct and realistic. They will determine if the percentage should decrease or increase with consideration for the need to meet FTE targets and balance UFV's budget.

They will also review the distribution of teaching sections budgeted to be taught by sessional and limited term contracts to determine whether the number of funded limited term contracts should be adjusted.

12.12 Transfers, Promotions or Bumping to a Different Position

- (a) The Employer encourages the concept of a career ladder. An employee who applies for and meets the criteria of a vacant position shall be given preference over an outside applicant who is equally or less able to meet the criteria of the position.
- (b) If a staff employee on a continuing appointment is transferred, promoted, or bumps into a position which is different from the position they previously occupied, they will serve a non-initial probationary period of 912 hours.
- (c) If a Type B permanent contract faculty employee on a continuing appointment is transferred, promoted, or bumps into a different Type B permanent faculty position, they will serve a non-initial probationary period of one (1) year.
- (d) Notwithstanding 12.12(c) above, a Type B permanent contract employee who is transferred, promoted, or bumps into a Type B permanent Instructional Faculty position will serve an initial probationary period of two years if they do not hold a continuing Type B permanent Instructional Faculty appointment.
- (e) An employee will not be required to accept a promotion.
- (f) If, during or upon completion of the probationary period, the employee finds the job unsatisfactory, or the Employer has just and reasonable cause to rate their job performance unsatisfactory, they shall return to the former position if the position is still vacant or to another vacant position of equal salary range for which they meet the criteria. If such return is not possible, every attempt shall be made to place the employee in another vacant position for which they meet the criteria. Except where the employee has already exercised their rights under Article 16.7, the employee shall have the rights of seniority under Article 16.7 (Bumping (Displacing) Less Senior Employees) in order to return to a vacant position of equal salary range, or be re-hired in some other vacant position for which they meet the criteria.

12.13 Academic Administrative Appointments With Term

- (a) Bargaining unit members who hold permanent faculty appointments in academic departments at the time of their appointment to an academic administrative position with term retain the right to return to their departments upon conclusion of their terms.
- (b) Initial appointment: Bargaining unit members appointed to excluded academic administrative appointments with term shall be replaced in their former positions for a maximum of one (1) year through temporary appointments. If bargaining unit members are not reappointed after the initial appointment year, or if they decline such appointment, then they automatically return to their former position without loss of seniority and without loss of salary increment credit.
- (c) Return to faculty: When bargaining unit members appointed to included academic administrative positions with term (e.g. as School Directors) return to their faculty positions on conclusion of their term, there will be a 5-year phase back period on salary to allow a greater turnover in such positions for advancement possibilities for other faculty.

12.14 Excluded Administrative Appointments Without Term (Continuing Appointments)

- (a) Bargaining unit members appointed to excluded administrative positions which are ongoing do not retain the right to return to their bargaining unit positions except as provided for in (b) below.
- (b) Initial appointment: Bargaining unit members appointed to continuing excluded academic administrative appointments shall be replaced in their former positions for a maximum of one (1) year through temporary appointments. If bargaining unit members are not reappointed after the initial appointment year, or if they decline such appointment, then they automatically return to their former position without loss of seniority and without loss of salary increment credit.
- (c) Excluded employees in continuing administrative appointments who have five (5) years of UFV service have the right to a faculty position provided:
 - (i) the employee gives the Employer and the department two (2) semester's notice.
 - (ii) the employee has previously been hired by the department through the SAC process and has taught for the department, or the employee can satisfy the department's standing SAC that they meet the qualifications to teach in the department.
 - (iii) the employee's return must not displace any Type B or Sessional who has workload allocation rights at Step 7 or greater.
 - (iv) if the employee has not previously passed a UFV instructional probationary period, they must be evaluated by the normal faculty evaluation process and serve a probationary period appropriate to the appointment.
- (d) Excluded employees teaching occasional courses: An excluded employee who wishes to teach an occasional course in addition to their regular duties may apply directly to the department(s) in which they wish to teach. The department may accept the application, provided that:
 - (i) the employee can satisfy the standing SAC that they meet the qualifications to teach in the department, and any additional qualifications for the particular course they wish to teach.
 - (ii) the employee must not displace any employee who would normally be offered that course through usual work allocation procedures.

12.15 Evaluation of Senior Administrators

The evaluation model applies to all excluded senior administrators with the exception of the President. Once every three (3) years, feedback will be solicited from all those currently working for the individual being evaluated.

ARTICLE 13: EVALUATION

13.1 Purposes of Evaluation

The purposes of evaluation are:

- (a) To provide employees with information that will enable them to monitor and improve job skills and effectiveness, and to identify opportunities for growth.
- (b) To confirm an employee's suitability for reappointment or continuing appointment.

13.2 Evaluation Criteria and Procedures

- (a) UFV encourages a work environment in which employees and supervisors communicate regularly about job performance. Performance feedback should include the employee's progress toward achieving goals and objectives, recognition of individual accomplishments, and opportunities for growth. Ongoing communication helps ensure that there is a mutual understanding of job performance requirements and of the employee's success in meeting them.
- (b) All employees will be provided with a copy of the criteria and procedures to be used in evaluating them.
- (c) The appropriate supervisor will present the completed evaluation in the form of a written report which will be discussed with the employee. The employee will sign the report to acknowledge that it has been received. The employee may, within five (5) work days, enter a Memorandum into the evaluation file. The evaluation report shall not be changed after the employee has signed it.
- (d) If re-evaluation is requested by the employee within ten (10) work days of signing the evaluation report, the re-evaluation will be prepared by a person other than the person responsible for the immediately preceding report, and that person will be chosen by the President after consultation with the Joint Professional Development Committee.
- (e) In the absence of a regularly scheduled evaluation report, the performance of the employee shall be deemed to be satisfactory for that period.

13.3 Staff Evaluations

For staff employees, evaluation criteria and procedures will be established by the Employer in consultation with employees in the appropriate area and the Joint Professional Development Committee. Evaluation procedures and criteria will

- (a) Be based on current duties and responsibilities as described in the employee's job description;
- (b) Solicit objective and concrete information concerning the employee's performance based on functional behaviours required to perform successfully in a position or group of staff positions
- (c) Inform participants that their identity will remain confidential to Human Resources;
- (d) Include provision for an employee's self-appraisal and a formal response to the completed evaluation.

13.4 Faculty Evaluations

For faculty employees, evaluation criteria and procedures will be established by the Employer in consultation with the employees in the appropriate area and the Standing Committee on Faculty Evaluations.

13.5 Times for Evaluation

- (a) Type B Teaching Faculty employees will be evaluated every three (3) years after completion of their probationary period. Type B Non-Teaching Faculty and Type A Staff employees will be evaluated every two years after completion of their probationary period. When two consecutive evaluations (including the final probationary evaluation) have been satisfactorily completed, the employee may request to waive the next regularly scheduled evaluation; such a request will not be unreasonably denied. When warranted by circumstances and with notification to the FSA, the Employer may evaluate on an annual basis. An employee can request an evaluation sooner than the next regularly scheduled evaluation. It is the Employer's responsibility to ensure that evaluations are carried out.
- (b) All new appointees to Type A Staff positions will be evaluated twice during their probationary period. The first of such evaluations will occur no later than six (6) months after the initial appointment.

13.6 Grieving Evaluation Reports

The violation of the established criteria and procedures for evaluation may be grieved.

ARTICLE 14: TERMINATION AND DISCIPLINE

14.1 Preamble

This Article provides a formal method for the handling of disciplinary procedures. Before formal disciplinary measures as stated below are initiated, the Employer should take all reasonable steps to discuss and resolve the issue with the employee.

14.2 Just Cause

No employee shall be disciplined, suspended, or discharged except for just cause and only on the written authority of the Employer.

14.3 Proof of Just Cause

In all cases of discipline, suspension, and discharge, the proof of just cause shall rest with the Employer.

14.4 Means of Discipline

The means of discipline, in order of increasing severity, are:

- (a) written censure or letter of reprimand;
- (b) adverse evaluation reports;
- (c) trial periods as per Articles 12.1 (Type A Staff Appointments), 12.2 (Type C Staff Appointments) or Article 12.6 (Type B (Permanent) Faculty Appointments);
- (d) withholding or withdrawing an increment as per Articles 21.10 (Increment Anniversary: Staff) or 22.3 (Faculty Advancement);
- (e) suspension;
- (f) dismissal or termination.

14.5 Procedure

- (a) When an employee is reprimanded for conduct which, if repeated, may be grounds for suspension or dismissal, the employee shall, at the time of the reprimand and in the presence of the appropriate Contract Administrator, or any other union official, be verbally given the reason for the action and this reason will be confirmed in writing within five (5) work days of the reprimand. Disciplinary actions shall be limited to the means listed in Article 14.4 above (Means of Discipline). All such material used to support a disciplinary action must be placed in the employee's personnel file, and the employee must receive from the Employer copies of any such documents being placed in their file, as per Article 10.1 (Personnel Records). All such documents shall be removed from the employee's file within twenty-four (24) months of entry into it, provided there has been no further occurrence of the infraction requiring the discipline. The only exception shall be adverse evaluation reports which are not followed by a re-evaluation or a disciplinary action.
- (b) Suspension shall not exceed five (5) work days, unless extended by mutual agreement of the Employer and the Association. An employee may not be transferred or demoted while under suspension.

- (c) When an employee is suspended or discharged, the reason for this action shall, in the presence of the appropriate Contract Administrator, or any other Union official, be given verbally at the time of the suspension or discharge, and written confirmation of such reasons shall be forwarded to the employee and the Association within five (5) work days following the suspension or discharge.

14.6 Right to Grieve

An employee considered by the Association to be wrongfully or unjustly disciplined, suspended, or discharged shall be entitled to recourse under ARTICLE 7: (GRIEVANCE PROCEDURE). All disciplinary actions are grievable.

14.7 Use of Personnel File Material

While the Employer may choose to keep written records of pre-disciplinary actions out of an employee's personnel file, the employee must have signed any such records and be aware of their being kept by the Employer. If such records are to be used in a disciplinary action, they must first be entered into the employee's personnel file and the employee notified as per Article 10.1 (Personnel Records). Only material from an employee's personnel file may be used as documentation in a disciplinary action.

14.8 Unjust Cause

If, as a result of grievance, it is found that an employee has been suspended or discharged for unjust cause, the employee shall be reinstated to their former position without loss of seniority or benefits, and shall be compensated with full back pay for the time lost retroactive to the date of suspension or discharge.

ARTICLE 15: SENIORITY

15.1 Calculation of Seniority

An employee's UFV seniority shall be calculated on the basis of the number of hours worked. No employee may accrue more than one year of seniority within any given year.

15.2 Seniority Lists

- (a) Not later than March 31st of each calendar year, the Employer will provide the Association with a seniority list, with seniority calculated to December 31st of the previous calendar year. The list shall contain the name of every employee of UFV, including those whose names appear on the current recall list. Should unusual circumstances occur, the Association can request the seniority list be published one other time during the calendar year.
- (b) For each employee named in the seniority list, the list will provide the following information:
 - (i) the employee's date of initial hiring;
 - (ii) the employee's accumulated seniority in hours;
 - (iii) the employee's current job title and department;
- (c) At the same time that the Employer provides the seniority list to the Association, copies shall also be posted for the information of the employees.
- (d) Any objection to the accuracy of the seniority list, whether raised by the Association or by an individual employee, should be lodged with the Human Resources department after the list has been provided to the Association.

15.3 Employee Appointments: Limitations on Seniority

- (a) In exercising seniority rights on contracts for which they are qualified, Type C and Type D employees who subsequently receive a Type A appointment will carry their accrued seniority. Such accrued seniority will then be recognized for all purposes of this Agreement relative to their Type A appointment.
- (b) In exercising seniority rights on contracts for which they are qualified, limited term and sessional faculty can exercise only departmental seniority. Limited term and sessional faculty employees who subsequently receive a Type B appointment will carry 80% of their accrued seniority to their new appointment. Effective January 1, 2016, limited term and sessional faculty employees who subsequently receive a Type B appointment will carry 100% of their accrued seniority to their new appointment. Such accrued university seniority will then be recognized for all purposes of this Agreement relative to their Type B appointment.

15.4 Seniority During Leaves of Absence

- (a) An employee on a leave of absence with pay or on a leave for Association business as per Article 2.6 (Leaves of Absence: Association Business) shall continue to accrue seniority, calculated as though the employee continued their regular duties.

- (b) Subject to the exceptions provided for in Articles 24.8 (Status of Employee on Professional Development Leave) and 25.5 (General Leave), an employee on a leave of absence without pay shall maintain but not accrue seniority for leave periods in excess of twenty (20) cumulative work days in any one (1) calendar year.

15.5 Seniority During Absences Due to Illness or Accident

- (a) An employee shall maintain and accrue seniority during absences due to non-occupational illnesses or accidents or injuries, during that period in which the employee receives full pay under the Sick Pay provisions of this Agreement, ARTICLE 26: (SICK AND SHORT-TERM DISABILITY LEAVE). Thereafter, seniority is maintained but not accrued.
- (b) An employee shall maintain and accrue seniority during absences due to occupational illness or accidents or injuries, provided that such an employee is receiving benefits from the WorkSafe BC as a result of such illnesses or accidents or injuries.

15.6 Seniority on Re-employment or Recall

A Type A or Type B employee who resigns from UFV and is subsequently reemployed as a Type A or Type B employee within thirty (30) calendar days, or who is recalled from layoff, shall be credited with their previously accrued seniority.

15.7 Transfer of Seniority Status

In the event that employees change jobs either from a job within the bargaining unit to an excluded position, or from an excluded position to a job in the bargaining unit, their total accumulated UFV seniority transfers with them.

15.8 Conflicting Seniority Claims

In the event that two (2) or more employees have the same UFV seniority then any resulting conflicts shall be resolved by chance or random lottery.

15.9 Loss of Seniority and Entitlement to Employment

Employees will lose all seniority rights and entitlement to employment where:

- (a) They voluntarily resign or otherwise terminate their employment, except as provided in Article 15.6 (Seniority on Re-employment or Recall);
- (b) They are discharged for just and reasonable cause, and are not subsequently reinstated pursuant to the grievance or arbitration procedure contained in this Agreement;
- (c) Type A and Type B employees are on layoff for more than fifteen (15) consecutive months; Type C, Type D and Auxiliary II employees are not rehired for more than five months; or Limited Term and Sessional employees not rehired for three consecutive academic terms;
- (d) They lose their recall rights in accordance with the terms of this Agreement.

ARTICLE 16: LAYOFF AND RECALL

16.1 Reasons for Layoff

- (a) The Employer shall be reasonable in the reason or reasons for a layoff decision. The reason or reasons for layoff must not be based on bad faith or discrimination against any employee or employees.
- (b) Layoff will occur only for just and reasonable cause. These reasons will not include technological change. These reasons will be:
 - (i) a change in UFV priorities such as deleting or adding a program;
 - (ii) change in community needs as demonstrated through factors such as declining enrolment and/or job opportunities;
 - (iii) curtailment of resources by circumstances outside the control of the Employer;
 - (iv) externally imposed regulations or controls;
 - (v) health or safety problems outside the control of the Employer;
 - (vi) change in organization or method of operation due to one or a combination of the preceding reasons;
 - (vii) any other reason which fits within the spirit and intent of the reasons stated above.
- (c) The expiry of a specified term of appointment is neither a layoff nor a discharge and cannot be the subject of a grievance.

16.2 Layoff Provisions for Type C, Type D, Auxiliary II, Limited Term and Sessional Employees

- (a) Type D, Auxiliary II employees and Sessional faculty do not have access to these provisions.
- (b) Limited Term faculty may be laid off in accordance with the provisions of ARTICLE 16: of this Agreement but do not have access to the bumping, recall or severance pay rights within ARTICLE 16:.
- (c) Type C employees may be laid off in accordance with the provisions of ARTICLE 16: (LAYOFF AND RECALL) of this Agreement.

16.3 Application of Seniority Principle

Subject to Article 16.4 (Layoff Procedure), there shall be no exceptions to the principle of "last hired, first laid off" except as noted in Article 16.15 (Right to Grieve).

16.4 Layoff Procedure

When the Employer determines that a reduction in the number of employees or a reduction in the number of an employee's hours of work is necessary, the following procedures will be adopted:

- (a) The Employer will provide advance notice to the Association and to the affected employee in accordance with Article 16.5 (Advance Notice to the Association of Layoff), and Article 16.6 (Notice of Layoff to Affected Employees).
- (b) During the notice period, the Employer and the Association shall meet to discuss alternative measures to layoff. To the extent that the parties agree to alternative measures, the layoff notices or the layoffs may be rescinded.
- (c) Consistent with the reasons for layoff given pursuant to Article 16.1 (Reasons for Layoff), employees who are assigned to similar duties and have similar qualifications will be selected for layoff in reverse order of seniority, within categories, as follows below.

- (a) At least one (1) month (one [1] week for Type C employees and one [1] week for Limited Term faculty) before the advance notices are to be served but not normally later than the date of the submission of the recommended annual budget plan to the Budget Advisory Committee, the Employer will consult with the Association about the layoffs. In consulting with the Association, the Employer agrees to provide the following information:
 - (i) The reason or reasons for the layoff.
 - (ii) Any supporting information which has influenced the Employer's layoff decision. The information includes relevant budgetary or financial information.

- (iii) In those cases where such specific decisions have been made, the information provided shall also include the identification of the specific individual employees who will be the subject of the layoff. Those employees identified shall also receive advance notification in writing that they may be subject to layoff.
- (b) Where layoffs are necessitated in emergency circumstances beyond the control of the Employer, these advance notice provisions are not applicable. In such cases, however, the Employer will provide the Association, as per Article 16.5(a) above, with a full explanation of the emergency circumstances at the earliest possible date.

16.6 Notice of Layoff to Affected Employees

- (a) Type A staff employees who are to be laid off will receive at least twenty five (25) work days advance notice in writing.
- (b) A director or faculty employee who is to be laid off will receive at least four (4) months advance notice in writing, and where possible, such layoffs will commence on the first day of August, of the year in question.
- (c) In the event that Type C Contract employees are laid off, they shall be given advance notice in writing. The length of the notice period shall be one (1) work day for each week remaining in the employee's term of appointment, to a maximum of twenty (20) work days. A minimum of ten (10) work days notice shall be given if the employee has six (6) months of seniority.
- (d) In the event that Limited Term faculty are laid off, they shall be given two (2) months advance notice in writing.

- (h) In circumstances where a Type A or a Type B position is not funded through the regular ongoing UFV operating budget as indicated by the Letter of Allocation issued to UFV annually by the Ministry, an employee subject to layoff or termination shall be entitled to notice of twenty (20) work days.

16.7 Bumping (Displacing) Less Senior Employees

- (a) The qualifications and conditions under which an employee given layoff notice can exercise bumping rights are as follows:
 - (i) Employees can only bump within the same faculty or staff component within the bargaining unit.
 1. An employee on the faculty, lab instructor or director salary schedule cannot bump an employee on the academic/educational advisor or staff salary schedule.
 2. An employee on the education advisor salary schedule cannot bump an employee on the faculty, lab instructor, director or staff salary schedule.

3. An employee on the staff salary schedule cannot bump an employee on the faculty, lab instructor, academic/educational advisor or director salary schedules.
 4. An excluded employee cannot displace (bump) a member of the bargaining unit.
- (ii) Employees cannot bump into a higher paid position. They can only bump into a job position where the pay scale is the same as or lower than their present position.
 - (iii) Employees must have more seniority than the employee in the position into which they wish to bump.
 - (iv) Employees must have the qualifications necessary to fill the position into which they wish to bump. If the employee wishes to bump into a position for which they are not currently qualified but on a reasonable assessment could be equipped to perform with training, then the Employer shall provide in-service training. The obligation of the Employer to provide such in-service training will normally be restricted to those cases where the employee can reasonably be expected to assimilate the training in not more than twenty (20) work days. Training periods of longer than twenty (20) work days shall be approved within provisions of ARTICLE 24: (PROFESSIONAL DEVELOPMENT AND LEAVES). Type C employees are excluded from this provision.
 - (v) Employees must accept the rate of pay and other terms and conditions of employment which are in effect for the job position into which they bump. The rate of pay shall be determined in accordance with Article 21.5 (Rate of Pay on Transfer or Promotion).
 - (vi) Employees must decide within five (5) work days of the date of receipt of advance notice of layoff to exercise bumping rights, and to indicate to the Employer in writing the position of the more junior employee that they wish to bump, or the open position they wish to move into. The Employer will then give the bumped employee notice of layoff in accordance with Article 16.6 (Notice of Layoff to Affected Employees), and the employee then has the right, in turn, to displace another less senior employee.
 - (vii) Once employees have exercised their bumping rights, they cannot change their decision and claim a right to yet another job position. Such further moves can only be made when the Employer decides to fill a vacant position. Such vacant positions will be filled in accordance with ARTICLE 11: (VACANCIES WITHIN THE BARGAINING UNIT).
 - (viii) Type C employees are limited to exercising bumping rights to one (1) position; if they are not successful, the layoff proceeds.
 - (ix) Employees who choose to exercise their bumping rights can only claim back their original positions if it becomes vacant within fifteen (15) months (five [5] months for Type C employees) of the notice of layoff.
 - (x) The exercise of the bumping rights cannot result in any claims for compensation for any expenses or allowances to be paid by the Employer.

16.8 Order of Recall

Employees on layoff shall be recalled in reverse order of layoff as affected through application of Article 16.4 (Layoff Procedure).

16.9 Recall Rights and Obligations

- (a) When a layoff occurs, the Employer shall establish a recall list and a laid off employee's name shall remain on the recall list for a period of fifteen (15) months for Type A and Type B employees (five months for Type C employees) commencing with the effective date of the layoff. The recall list shall include employees who have received layoff notice. Limited Term and Sessional faculty and Type C and Type D employees see Article 16.2 (Layoff Provisions for Type C, Type D, Auxiliary II, Limited Term and Sessional Employees)
- (b) An employee who has been laid off and who wishes to be considered for recall to work must ensure that the Employer is notified in writing of the employee's current address and telephone number. Failure to provide this information will serve to relieve the Employer of any obligation or liability in connection with the recall process.
- (c) Employees who are recalled to work following a layoff cannot be required to serve a new probationary period.
- (d) In the event that the former position of the laid off employee becomes vacant, during an employee's recall period, they shall be offered the position. If an equivalent position which carries the same or equivalent rate of pay as the employee's former position becomes vacant, then the laid off employee shall be offered the position, provided their qualifications are satisfactory.
- (e) In the event that a substantially different job position on the same pay scale or a lower paying job position becomes vacant during an employee's recall period, and provided that the employee is qualified, the laid off employee with the greatest seniority shall be offered the position. If the employee accepts the offer, they must also accept the terms and conditions of employment which are in effect for that job position. The rate of pay shall be determined in accordance with Article 21.5 (Rate of Pay on Transfer or Promotion). The laid off employee shall have the right to refuse this offer and remain on the recall list.
- (f) In the event that an employee refuses a recall offer to their former job position, or to a job position which is substantially the same as their former position and affords the same rate of pay, the Employer may remove the employee's name from the recall list unless there are extenuating circumstances acceptable to the Employer.
- (g) Advice of a recall being given to an employee shall be provided to the Association on the same date that the notice is given or sent to the employee.
- (h) The Employer shall inform all employees on the recall list and the Association of all job vacancies at the same time as internal posting. Notice of vacancies shall be made by telephone, telegram, mail, or by direct personal contact. In the event that an employee on the recall list wishes to be considered for a vacant position, the employee must apply in writing within ten (10) work days from the time the notice of vacancy is given by the Employer. If the employee wishes to be considered for a vacant position other than the position from which they were laid off, the application must include a statement of the qualifications the employee has for the vacant position.

16.10 Notice of Recall

- (a) Notice of recall shall be made by telephone, telegram, special delivery, registered mail, or by direct personal contact. The Association will be advised of the notice or attempted notice at the time it is given. Employees notified by mail will be given ten (10) calendar days from the time that notice was initiated by the Employer in which to acknowledge receipt of the notice and to indicate acceptance of the recall. Employees notified by means other than mail will be given five (5) calendar days notice of recall. The notice or advice of recall will include a time and date specified by the Employer, or a mutually agreeable alternative time and date, by which the employee must report for work if the recall is accepted.
- (b) An employee who has been recalled must report by the time and date directed or agreed to, or the employee may be deemed by the Employer to have voluntarily terminated entitlement to recall unless there are extenuating circumstances acceptable to the Employer.

16.11 Rights of Employees on Layoff

- (a) Employees on the recall list will continue to be covered by this Agreement as specifically provided.
- (b) In the event of layoff, the Employer is obligated to pay affected employees for earned statutory holidays and annual vacation on a pro-rata basis.
- (c) An employee on the recall list is entitled to continue their medical, extended health, dental, and group life insurance benefits during the layoff by paying, in advance each month, the full cost of the premiums for that period, subject to any eligibility requirement established by the respective insurance carriers.

16.12 Employment Qualifications Regarding Layoff, Recall and Bumping

Notwithstanding the general provisions of Article 4.2 (Employment Qualifications) in relation to employment qualifications, the Employer will not establish a Selection Advisory Committee in circumstances which may result in the layoff or bumping of a Type A or Type B employee.

16.13 Contracting Out

In addition to, and without limiting, any provision in this Collective Agreement, UFV will not contract out:

- (a) Any work presently performed by the employees covered by this collective agreement which would result in the layoff of such employees, including a reduction in assigned workload, or
- (b) The instructional activities that are contained in the programs listed and/or funded in the approved annual institutional program profile and that are currently performed by the bargaining unit employees.

The language in this article restricting the contracting out of services predates, and is superseded by, the language above, except where the language below provides the Association with greater protection against contracting out. Readers are directed to read the language above, and then to find additional provisions in the language below.

- (c) The Employer may contract out services or functions provided that such contracting out will not cause any employee with three (3) or more years of service to be laid off.

- (d) The Employer may contract out services or functions in order to improve efficiency without regard to the restrictions in 16.13(a) above, provided employees are reassigned to other equivalent positions for which they are qualified.
- (e) The Employer may contract out functions or services which have come into force after the date of ratification of this Agreement subject to (a) and (b) above.
- (f) In any case, services or functions which were carried out by laid off employees shall not be contracted out while the laid off employees are covered by the recall provisions of this Agreement, unless the Association agrees.

16.14 Employee Records on Layoff

Records of an employee on layoff will be kept by the Employer and references supplied by the Employer at the request of the employee or of an outside agency will clearly state the nature of the employee's termination as a layoff due to the reason stated by the Employer in accordance with Article 16.6 (Notice of Layoff to Affected Employees).

16.15 Right to Grieve

A grievance may be lodged in accordance with ARTICLE 7: (GRIEVANCE PROCEDURE) of this Agreement regarding any decision taken by the Employer in relation to the layoff and recall procedures in this Agreement. Such a grievance may begin at Step One.

16.16 Severance Pay

- (a) Type A or Type B employees who have been given notice of layoff are entitled to severance pay as specified herein, provided:
 - (i) they have not exercised their bumping rights within the time limits set by the agreement, or
 - (ii) they have not been employed in a vacant position for which they are determined by the Employer to have the necessary qualifications, or
 - (iii) they do not elect to have their names placed on the recall list.

- (b) The amount of severance pay shall be calculated on the basis of the employee's normal rate of pay at the end of the layoff notice period and according to the number of completed years of service as follows:

<u>Service</u>	<u>Severance Pay</u>
1 year	2 weeks
2 years	4 weeks
3 years	6 weeks
4 years	8 weeks
5 years	10 weeks
6 years	12 weeks
7 years	14 weeks
8 years	16 weeks
9 years	18 weeks
10 years	20 weeks
11 years	22 weeks
12 years	24 weeks
13 years or more	26 weeks

- (c) If the employee elects to take severance pay, they thereby waive all other rights, claims or entitlements, and sever their relationship with the Employer.
- (d) In order to elect to take severance pay, the employee must submit written notice to the Employer within ten (10) work days after the date on which the layoff notice was given.
- (e) Where layoffs are necessary in emergency circumstances beyond the control of the Employer, the advance notice provisions are not applicable. In such cases, however, employees will receive payment in lieu of notice equal to the payment for the appropriate notice time. It is understood that such payment in lieu of notice is in addition to severance pay.

16.17 Job Security

The principle of job security will be honoured in all budget decisions. Where an employee's present job cannot be continued, the employer will make every effort to find appropriate work for that employee through reallocation of work, transfers, or retraining as appropriate.

ARTICLE 17: WORKING CONDITIONS FOR STAFF EMPLOYEES

17.1 Work Week

Except where a modified work week has been implemented, the work week for full-time employees designated as “staff” shall be five (5) seven-hour (7-hr.) days, thirty-five (35) hours per work week, with no less than two (2) consecutive days off between work weeks.

- (a) Where an employee’s regular work week includes assignment of one or more shifts outside the hours of 08:00 – 17:00, the employee will not be required to return to work fewer than twelve hours after the end of a previous shift.

17.2 Modified Work Week

- (a) A modified work week is a modification of the standard work week described in Article 17.1 (Work Week) which has been mutually agreed to by the employee and the Employer.
- (b) A modified work week may arise at the written request of either the Employer or of the employee; however, an employee cannot be required to work a modified work week.
- (c) The appropriate senior administrator shall use the following criteria in approving requests for a modified work week:
 - (i) the daily work of the work area in which the staff member is employed shall be carried out;
 - (ii) where the work area relates to other components of UFV, the role of the work area shall not be diminished or diluted;
 - (iii) no additional costs to the Employer shall result, for example, by reason of:
 - a requirement for additional staff;
 - paying overtime rates within approved hours.
- (d) Any application for a modified work week shall be sent to the Associate Vice President of Human Resources.

17.3 Shift Premiums

- (a) A shift premium will be paid:
 - (i) for all hours worked outside the employee's regular shift, when less than forty-eight (48) hours notice of change of shift was given the employee;
 - (ii) for all hours worked on a "split" shift, i.e., a shift on which the employee is required to take an unpaid break or breaks totalling two (2) hours or more;
 - (iii) for all hours a staff employee is assigned to work outside the hours of 08:00 to 17:00 hours, whether or not advance notice of the shift assignment was given.

This provision will not apply where a staff employee has elected to work a flexible or modified work week which involves working outside the hours of 08:00 to 17:00 hours.

- (b) Definition of Shifts
 - (i) The shift premium from 16:30 hours until 23:59:59 hours inclusive, will be the afternoon rate.

- (iii) one dollar and fifty cents (\$1.50) per hour worked for the afternoon rate;
 - (iv) one dollar and fifty cents (\$1.50) per hour worked for the night rate.

17.4 Meal Periods

An employee is entitled to an unpaid meal period of thirty (30) to sixty (60) minutes, to be scheduled as close to the middle of the work day as possible. The meal break for an employee working a full time daily shift is sixty (60) minutes. If, as the result of an emergency, the employee is required to stay at their work station for the meal period, then the employee's work day shall be inclusive of that meal period.

17.5 Rest Periods

Full-time employees will be allowed two (2) fifteen (15) minute rest periods each work day – one (1) in each half of the shift, i.e., one before and one after the meal period. These rest periods may not normally or regularly be combined. Combination may be permitted on occasion to facilitate an employee attending a medical, dental, or similar appointment. No untaken rest period will be paid in lieu.

17.6 Overtime

Overtime is work performed by a staff employee in excess of seven (7) daily hours, or in excess of seventy (70) bi-weekly hours of work.

- (a) Recording of Overtime

Overtime must be authorized in advance by the appropriate supervisor, recorded on a time sheet, approved by the staff employee's immediate supervisor, and submitted to Payroll.

- (b) Overtime Rates

An employee shall be entitled to compensation for authorized overtime in excess of seven (7) hours daily or thirty-five (35) weekly hours.

Overtime shall be compensated, in twenty (20) minute increments, at the rate of:

- (i) time and one-half (1 ½ times) the staff employee's regular hourly rate for up to three (3) hours of overtime in any working day or eight (8) hours of overtime in a week;

- (ii) time and one-half (1 ½ times) the staff employee's regular hourly rate for the first three (3) hours worked on the first day off of the employee's scheduled two (2) consecutive days off;
- (iii) double time (2 times) the staff employee's regular hourly rate for any overtime worked in excess of three (3) hours overtime in any working day, or in excess of eight (8) hours overtime in a week;
- (iv) double time (2 times) the staff employee's regular hourly rate for:
 1. all hours in excess of three (3) hours on the employee's first scheduled day off;
 2. all hours worked on the employee's second scheduled day off;
 3. all hours worked on a day the employee was scheduled to receive a statutory holiday or, where a holiday is rescheduled pursuant to Article 29.1(b) (Statutory Holidays), on a scheduled day off in lieu of a statutory holiday.

Overtime rates will be calculated on base rates only, and not on shift premiums.

(c) Overtime Rights

- (i) A staff employee shall refuse to work overtime, except in emergency circumstances, unless the hours are approved and recorded in the department and with Human Resources.
- (ii) A staff employee shall not be required to take time off during regular hours to compensate for overtime worked. By mutual agreement of the employee and their immediate supervisor, authorized overtime may be taken as time off in lieu of paid overtime. Where time off is taken in lieu of overtime, such time off will be taken at the equivalent time of the rate earned when the overtime was worked, and shall be taken at a mutually acceptable time which is convenient to the needs of the department, but no later than the completion of the employee's next scheduled regular vacation period, or March 31st following the vacation.
- (iii) A meal break of one-half (½) hour paid at the applicable overtime rate shall be given to an employee if the overtime worked extends more than two (2) hours beyond the completion of the employee's scheduled shift.

(d) Calculation of Overtime

- (i) For the purpose of calculating the hourly rate, an employee's monthly rate shall be divided by one hundred and fifty-two (152).
- (ii) Should the hourly rate arrived at result in a fraction of one cent (1 cent), it shall be taken to the next highest full cent.

(e) Allocation of Overtime

Whenever practicable, overtime worked within a department shall be allocated among the employees within that department on an equitable basis.

17.7 Call Out

- (a) Employees called out to work before the beginning of their work days or back after completing their work days, where such work is not continuous with their regular shifts, shall be paid for a minimum of four (4) hours.
- (b) Cancellation of call out before the employee starts work shall result in a two (2) hour minimum at the applicable overtime rate.
- (c) On notification from the appropriate area administrator, Human Resources will process a \$200 per week stipend to employees the administrator has designated as “on-call.” All assignments will be made on a minimum weekly basis, and all assignments are expected to conform to one of the following categories:
 - (i) The weekly rate assumes between 3 and 4 call responses per week for on-call employees whose responses are anticipated to require substantive communication to resolve the reported issue or problem.
 - (ii) The weekly rate assumes a reasonable but not limited number of responses per week for on-call employees expected primarily to refer the reported issue appropriately. For example, the on-call employee is expected to contact the appropriate responder from within the department, or alternatively, is expected to advise callers to call a service provider in another area of the university.
 - (iii) Article 17.7(a)(b) provisions will apply when an on-call employee is required to report to work in order to resolve the problem. Reporting to work may include reporting to an authorized off-campus location such as an offsite server/computer configured for this purpose.
 - (iv) All on-call employees will maintain a call response log, which will be reviewed regularly with supervisor. If response activity consistently exceeds the established guidelines, the supervisor will take appropriate action to reduce the number of calls. In each case, the action taken will include notifying the area administrator and providing written notice of the corrective measures implemented to the area administrator and to Human Resources.

17.8 Work Allocation for Staff Within a Department

This work allocation includes the assignment of additional (top-up) work and overtime for staff with shared job titles.

Where additional generalized work in a department is available to be offered to multiple employees who hold the same job title, work will be distributed in the order specified below:

Occasional Work

- Step 1 Type A Staff (permanent employees) with <100% contracts shall be topped up to 100% in an equitable manner according to seniority and qualifications.
- Step 2 Type C and Type D Staff working <100% in a department will be offered additional work up to 100% in an equitable manner according to departmental seniority and qualifications.

Overtime

- Step 3 Type A Staff with 100% contracts shall be offered overtime work in an equitable manner according to seniority and qualifications.

- Step 4 Type A Staff with <100% contracts topped up to 100% in Step 1 (above) shall be offered overtime work in an equitable manner according to seniority and qualifications.
- Step 5 Type C and Type D Staff topped up to 100% in Step 2 (above) will be offered overtime work in an equitable manner according to departmental seniority and qualifications.
- Step 6 Any remaining available work will be assigned at the discretion of the department.

Principles:

Determination of available work as ‘overtime’ will be at the discretion of the Manager/Supervisor.

Where a Supervisor/Manager has determined that work should be offered to existing employees as overtime, “an equitable manner” shall be interpreted to be a reasonable method in which Supervisors/Managers have made every effort to ensure that the most employees benefit, in descending order of seniority, while respecting the particular needs and parameters of the department to meet short-term, unexpected staffing needs and to maintain efficient functioning.

In cases where staff eligible for work have not previously performed the particular work available, the Supervisor/Manager of the area will consult with employees regarding the desire for overtime, review their qualifications, and determine their ability to perform the work.

If an employee is unavailable for top-up or overtime work when offered, they do not lose their place in the call-out order.

Supervisors/Manager will not be expected to split work available on any given day into shifts of less than 7 hours except where the needs of the department are best met by doing so. No shifts of less than 4 hours will be assigned as a result of this agreement.

17.9 Staff Duties

In addition to the duties outlined in the job description, staff duties may include, but not necessarily be limited to, the following:

- (a) approved professional development;
- (b) travel, where an employee is required to work at a location other than the usual location.

17.10 Committee Participation

- (a) In addition to the duties included in their jobs, Type A staff members are expected to participate on UFV committees. Participation will take place on UFV time.
- (b) Staff with Type C contracts are encouraged to participate on UFV committees. Participation will take place on UFV time.
- (c) Participation in more than one (1) UFV committee whose activities require the Type A or Type C employee to be absent from their regular duties requires approval of the appropriate senior administrator. The appropriate senior administrator shall provide the necessary preparation time for such committee work.

17.11 Review of Job Descriptions and Duties

- (a) The Employer shall provide each staff member with a copy of their current job description. In the event a job description is not provided, the posting will be considered to be the job description.

- (b) When new staff positions are created or existing vacant positions have had substantive changes to duties, education or experience, the following will take place:
 - (i) The Director of Human Resources and an FSA member of the JCAC will meet to review the position description prior to circulation to determine in which pay group the position should be placed.
 - (ii) Once the position has been filled, Human Resources will forward the job description to the JCAC. The JCAC will conduct an interim audit based on the written job description and supplementary material such as the posting, the rating for the position which was revised, etc. No interview will be conducted until the probationary period for the incumbent is concluded.
 - (iii) Within six (6) months of the conclusion of the probationary period of the incumbent, JCAC will schedule a regular audit of the position, and which may be based on authorized revisions to the position.
- (c) An employee may at any time formally request that their supervisor review the employee's job description to determine its adequacy. The request will be made in writing to the supervisor, will be accompanied by a copy of the employee's current job description and should include information concerning the reasons for the request.
- (d) The employee and their supervisor will meet within a reasonable and mutually agreed to timeframe to review the job duties.
- (e) Within ten (10) work days of meeting with the employee, the supervisor will consult with the appropriate senior administrator. The supervisor will provide the administrator with a copy of the current job description, and a summary of changes discussed with the employee.
- (f) The senior administrator shall give a written response to the employee within ten (10) work days from the date of the consultation with the supervisor. If the Senior Administrator approves changes in the job description, they will notify the employee that Human Resources has been advised to prepare a revised job description.
- (g) Human Resources shall, within ten (10) work days of receiving notice from the Senior Administrator, prepare a revised job description and forward it to the Senior Administrator for review.
- (h) If the Senior Administrator approves the revised job description, they shall forward the appropriate documentation to the JCAC within five (5) work days and will provide a copy to the employee. The documentation will include a copy of the current audited job description which notes all duties changed; and a copy of the revised approved job description prepared by Human Resources.
- (i) JCAC may from time to time, but not less than five (5) years after a classification review, provide written notification to a Senior Administrator that a routine review of a job description or descriptions in their area of responsibility is due. The purpose of such reviews is to ensure the currency of audited job descriptions. On receiving such notice, the Senior Administrator will request the relevant supervisor to meet with the employee to review the currency of the job description.
- (j) An employee may grieve their job description.

17.12 Additional Hours of Work

- (a) A staff employee whose contract is less than 100% but is consistently offered and accepts additional hours for a period of four months, shall have the contract revised if the additional hours are likely to continue.
- (b) It is the responsibility of either the employee or the Association to request Human Resources to review and revise the employee's contract.
- (c) The employer will supply the Association with a report listing the names of all less than 100% employees submitting time sheets.

ARTICLE 18: WORKING CONDITIONS FOR TEACHING FACULTY

18.1 The University of the Fraser Valley is a primarily undergraduate, teaching university. Therefore, while recognizing that the professional obligations and commitments of its Teaching Faculty members fall into the categories of teaching, scholarship and service, the parties recognize that the assignment or distribution of workload must be in accordance with the principle that teaching is the primary obligation and commitment of all Teaching Faculty at UFV. With this understanding, all these activities shall form the basis of departmental considerations in developing workload assignments which are reasonable and equitable.

18.2 Teaching Faculty Duties

18.3 Assignment of Teaching Faculty Workload

- (a) The duty year for Teaching Faculty shall consist of the following:
- (i) one hundred and ninety (190) days duty time;
 - (ii) twenty (20) days approved professional development time;
 - (iii) forty (40) consecutive days annual vacation.
- (b) Department Heads/Directors are responsible to the deans for managing department resources, including scheduling course offerings to be responsive to student needs and support department/area program and enrolment goals. Department/area members' proposed annual workloads, including proposals for exceptions (article 18.13), will be finalized for the upcoming academic year through a fair, consultative and transparent process, which normally includes a duly constituted department or area meeting. In assigning instructional load, the Head/Director, in consultation with the department, will consider the proposed scholarly and service commitments of faculty members, and the need to ensure equity in the allocation of workloads. Factors to be taken into account shall include but are not limited to the following:
- (i) The number of different course preparations
 - (ii) The number of new courses
 - (iii) The number of new preparations
 - (iv) Class sizes and anticipated enrolments
 - (v) Pedagogy
 - (vi) The number and types of assignments to be marked
 - (vii) The qualifications and expertise of the faculty member in specific areas
 - (viii) The number of Masters or Honours theses supervised
 - (ix) Program needs
 - (x) Extraordinary service work for the Department or the University
 - (xi) Re-assignment of workload granted for research or scholarly activity
 - (xii) The number of directed or independent studies courses
- (c) Upon completion of the workload assignment process, the Department Head/Director will submit the year's department workload assignments to the Dean for approval.

- (d) The University of the Fraser Valley has a commitment to establishing a fund to support scholarly activity, accessible to all faculty, as outlined in Article 24.2 (Professional Development Funds). To support their scholarly activity, within any two year period, Type B teaching faculty may apply to have up to the equivalent of 25% of their annual workload (2 courses) reassigned to scholarship directly related to the faculty member's area of expertise, scholarship being broadly defined. These requests for reassigned work or equivalent funding will take the form of "research options" or "scholarly activity options." Such reassignment of workload shall be made by recommendation of the Department to the Dean, and with the approval of the Dean, and further adjudication by the appropriate committee on scholarship, which shall post in advance the general criteria for granting such options. This reassignment of workload would be factored into the assignment of teaching workloads as outlined in 18.3(b). Scholarship undertaken as a result of the reassignment of workload shall be subject to evaluation as part of the faculty member's regular workload.
- (e) Upon the recommendation of the departments, and with the approval of the appropriate Dean, faculty preparing and teaching courses new to the UFV curriculum or supervising graduating projects in degree-completion programs will have up to one course reassigned to these tasks. This reassignment of workload would be factored into the assignment of teaching workloads as outlined in 18.3(b).
- (f) Teaching Faculty will be expected to work regular schedules, with no less than two (2) consecutive days off per week, to meet the needs of the Employer in general and, specifically, of the department or work group to which the faculty employee is assigned. In special circumstances exceptions to the following guidelines may be made by the Employer after consultation with the employee affected and other employees in the area.
- (g) A teaching faculty employee shall not normally be required to have more than seven (7) class contact hours in any one (1) instructional day, and the length of the instructional day shall not normally exceed twelve (12) hours. The faculty employee shall not normally be expected to teach both an evening section and any block which begins less than twelve (12) hours after the evening section ends on the following day.
- (h) The work week shall not normally include more than thirty-five (35) hours of assigned duty time during which an employee is required by the Employer to be at a specific location.
- (i) Faculty non-instructional duties are to be approved by the appropriate administrator in consultation with the Department Head in accordance with duties described in 18.2 (Teaching Faculty Duties).
- (j) An annual professional plan shall be developed by each faculty member in consultation with their Department Head, and approved by the appropriate Dean or appropriate excluded administrator, regarding duty time as described in 18.3(a)(ii) above. This plan will take into consideration the needs of the faculty member as much as possible, but also respond to the needs of the department, UFV and the students.
- (k) Course assignments will reflect the educational requirements and expertise within the program area or department. As far as is possible, all teaching faculty shall be assigned to teach the full range of UFV offerings within their assigned instructional areas. No faculty in the departments which offer third and fourth-year courses will be exempt from teaching courses at the first and second year levels. In cases where Type B faculty have not qualified by teaching a specialized available course previously, they may request that a standing SAC review their qualifications to teach that course. In cases where qualified faculty members are in conflict over assignment of a course, seniority shall be the initial determining factor, followed, in successive offerings of that course, by rotation among qualified faculty.

- (l) Regardless of seniority, faculty are responsible for sharing the department's teaching duties on various campuses, and across all time blocks. Departments should make every effort to ensure that times and locations of the department's course load are rotated among Teaching Faculty in an equitable manner.
- (m) Probationary faculty should have workload assignments that permit an emphasis on those activities most important for success in the probationary process – minimally, with reduced emphasis on service responsibilities.
- (n) Faculty who disagree with their workload assignments for the following year may discuss their concerns with the Dean of Faculty (or designate). In the event that the matter has been discussed with the Dean of Faculty and a satisfactory resolution has not been found, faculty may appeal the matter in writing to the Vice-President, Academic, who will make a determination.

18.4 Teaching Assignments for Faculty in Semester-based programs

- (a) Full-time Tenure and Tenure-track faculty teaching semester-based courses that are of duration 3 to 5 contact hours per week will have a seven-course per year load.
- (b) Faculty in Math, CIS, Physics and UUP teach a six-course load per year; for faculty in ESL, the workload will be 12 courses per year.
- (c) Faculty teaching courses in a semester-based program shall not normally be required to prepare more than three (3) different courses per semester, or more than five (5) courses per academic year.
- (d) Faculty teaching in semester-based programs who have not met their regular annual duty load will be required to teach an extra section in the same or following year, or up to one (1) six (6) week course or its equivalent during their professional development/non-instructional duty time as a part of their regular course load, or faculty could agree to increase their class sizes in year two to the equivalent of an extra section.
- (e) For non-science faculty who are not laboratory instructors and whose load includes teaching a lab or a course with a full lab component, the lab or component shall count as .5 of a course. The load for laboratory instructors is 1 lab section per year.

18.5 Workload for Faculty in Science and Physical Geography and Science Kinesiology and Geography Lab Instructors

For the purposes of this section, Science faculty are defined as those who teach in the departments of Biology, Chemistry and Physics. There are two types of faculty in Science, Lecture Faculty and Lab Faculty (also known as Lab Instructors).

- (a) To the extent faculty instruct in labs of courses numbered 099 or below, each lab shall count as 50% of a course. To the extent faculty instruct in first-year labs, each lab shall count as 75% of a course. To the extent faculty instruct in second-year and above labs, each lab shall count as 100% of a course.
- (b) Science Lecture faculty's contact hours will be 16 hours per week. To the extent faculty instruct in labs of courses labelled 099 and below, lab hours count 50% of a lecture hour. To the extent faculty instruct in first-year labs, lab hours are 75% of a lecture hour. To the extent faculty instruct in labs in courses labelled 200 and above, lab hours count 100% of a lecture hour.

Course Number	Lab Equivalent	Lecture Hour Equivalent
099 and below	50%	50%
100 level	75%	75%
200 level and above	100%	100%

- (c) The weekly maximum hours in actual class instructional time shall not exceed 18, except by overload compensation or equivalent reduction in hours of instruction in the ensuing semester or academic year.
- (d) The lab portion of science courses shall not exceed 18 students, except in those courses determined by the department head where the maximum class size may be 24 (Lab instructors will not normally be assigned to instruct these sections), or by invoking the following:
- Lab Instructors will have a faculty workload, the contact hours normally being 18 per week. Departments may, with approval of the Dean and the Lab Instructor(s) affected, alter the number of sections and section sizes to accommodate the same total number of seats available for students. In the departments where labs are offered and in which there are insufficient Lab Technicians available for the resources provided to the departments for technical duties, Lab Instructors may request that a portion of their workload be assigned to technician duties. Any such assignment will require agreement of the Lab Instructor, Department Head, and Dean.
- (e) When sufficient lecture work exists, lecture faculty agree to vacate instruction of first year labs, which will be assumed by lab instructors. On occasion and when required, faculty may teach a first year lab to fill out their instructional workload. When this occurs, no Type B lab instructor can be displaced from a lab.
- (f) The Employer and the Association agree to a lab instructor pay scale of Step 1 to Step 8 inclusive from the faculty scale, as shown in Article 22.9 (Lab Instructor Schedules).
- (g) The Employer agrees that lab instructors who are assigned lab technician duties maintain their faculty position and rate of pay.
- (h) Lecture faculty and lab instructors are obligated to consult and agree on matter of common concern such as the compatible sequences of lectures and labs.
- (i) The Employer agrees to provide lab technician support in those labs offered by lecture faculty, where the Department determines that safety concerns and instructional complexities require two employees.
- (j) The Employer agrees that when a "lab only" course is offered, the actual time of instruction shall apply, as in lecture courses.

18.6 Work Load for Science, Kinesiology and Geography Lab Instructors

The table below shows the workload weights of various combinations of 1st year and other labs. Find the intersection of 1st year labs (leftmost column) with number of other labs (along the top) and read off the total workload weight. The bolded numbers are the workloads closest to 11 without going under. Weights beyond 11 may be paid out or banked. Banked portions of overloads may only be taken when sufficient amounts are banked for a whole section.

18.7 Teaching Loads of Vocational Faculty

- (a) The normal teaching duties for a full-time instructor who teaches in a program organized on a training-day basis or which is funded as a vocational program shall not normally exceed twenty-five (25) hours of classroom instruction per week.
- (b) UFV Administration, in consultation with Program Heads and Department Heads, shall examine closely ongoing curriculum development needs and other indirect instructional considerations of departments to ensure that training-day-based faculty have sufficient time to perform these essential tasks well. It is recognized that some variation will occur across UFV, but conspicuous inequities between all program areas will be reduced to a minimum. Where possible, immediate adjustments will be made to shorten direct instructional loads of training-day-based faculty to reflect these concerns.

18.8 Teaching Loads in Health Sciences

- (a) Nursing Program Faculty
 - (i) Faculty in the Nursing Program will average seventeen (17) contact hours per week, over an academic year. The length of an academic year is two terms of fourteen (14) weeks and one term of four (4) weeks.
- (b) Health Science Faculty in Practical Nursing, Dental Assisting, Dental Hygiene, and Health Care Assistant Programs
 - (i) Teaching workloads for full-time faculty who teach in these health science programs shall not exceed twenty-five hours of classroom instruction per week.
 - (ii) UFV Administration, in consultation with Program Heads and Department Heads, shall examine closely ongoing curriculum development needs and other indirect instructional considerations of departments to ensure that training-day-based faculty have sufficient time to perform these essential tasks well. It is recognized that some variation will occur across UFV, but conspicuous inequities between all program areas will be reduced to a minimum. Where possible, immediate adjustments will be made to shorten direct instructional loads of training-day-based faculty to reflect these concerns.

18.9 Student Loads

- (a) Full-time Type B teaching faculty must teach a student threshold of 150 students or more in an academic year counted on stable enrolment dates. Type B faculty on reduced contracts will have their threshold reduced accordingly.
- (b) Faculty failing to reach their threshold of 150 will be required to teach an extra section in the same or following year OR faculty could agree to increase their class sizes in year two to reach the 150 student limit from year one.
- (c) Science Faculty teaching a double block lab count students in the same manner as a class.
- (d) When reviewing student loads, UFV will take into account whether a faculty member was teaching on more than one campus, departmental needs, physical space limits and other issues that were beyond the control of the instructor. Should UFV decide to use 18.9(b) above to fulfill the 150 requirement, it would go to LAM for a full review prior to implementation.

18.10 Work Load Modification

- (a) Type B teaching faculty may request a one course release or equivalent funding related to their research as research option and/or scholarly activity option.
- (b) Student loads are expected to continue to reach the 150 threshold as per 18.9(a) above. Faculty with concerns regarding meeting the student thresholds should contact the Vice President Academic for assistance.
- (c) Upon recommendation of the departments, and with the approval of the appropriate Dean, instructors preparing and teaching courses new to the UFV curriculum or supervising graduating projects in degree-completion programs will have up to one course reassigned to these tasks.

18.11 Overloads

- (a) No faculty employee shall be required to teach an overload.
- (b) Regular faculty work plans are normally developed and approved for each academic year. Type B teaching faculty may request up to three (3) overload sections within an academic year. Faculty whose work plans include requested overload sections will be paid for overload sections once they have fulfilled their regular workload requirements for that academic year.
- (c) Faculty may bank overload sections to be used later for release of up to a maximum of four (4) courses in any one semester.
- (d) Faculty may request to reduce their workload under the provisions of Article 18.11(c) by providing notice to their departments, for consideration during the annual departmental workload assignment procedures Article 18.3(b). Faculty whose requests are not supported, and who disagree with this decision have access to Article 18.3(n)
- (e) As of May 1, 2011 the maximum number of sections which may be banked is four (4). Faculty who have more than this number of sections banked on April 1 are grandfathered, and may not bank any additional sections until their banks fall below four (4). Faculty with 7 or more banked sections may be asked to submit a plan for the use of these sections; such plans will be consistent with 18.11(c).
- (f) Faculty can ask to be paid out the banked sections at any time.
- (g) Sections banked by Department Heads pursuant to Phase Two of the Agreement on Department Head and Summer Semester Issues will not count as sections under Article 18.11 (Overloads).
- (h) Faculty on Sabbatical Leave are not eligible to teach overload sections during the academic year in which the leave occurs.

18.12 Class Size

- (a) Class size for semester-based courses shall not normally exceed thirty-six (36) students. Class sizes for some courses may have maximum enrolments of less than 36. The laboratory portion of Science courses shall not normally exceed twenty-four (24) students (see 18.5(d) above). Class size for training-day based courses shall not normally exceed twenty-two (22) students. Within the maximum limits stated above, policy decisions regarding class sizes for individual courses will be determined by the Deans in consultation with the area. The Dean will consider any relevant factors, including but not limited to pedagogy (course and curriculum issues, teaching and learning strategies, assessment); resource and institutional support issues; and issues of safety.
- (b) For the purpose of application of class size limits, actual enrolment in a given course section is determined on the date specified by the Ministry of Education for reporting stable enrolment figures.
- (c) The class size of a course may not be unilaterally increased by management. The department members must consent by majority vote in writing to the increase.
- (d) The class size of a course may not be unilaterally decreased by the department. The Dean of the area must consent in writing to the decrease.

ARTICLE 22: FACULTY, ACADEMIC/EDUCATIONAL ADVISOR AND DIRECTORS' WAGE RATES AND SALARY SCHEDULES

22.1 Rates of Pay/Salary Schedules

Employees will be paid wages or salaries in accordance with the Wage and Salary Schedules attached hereto and forming part of this Agreement.

22.2 Acting in a Higher Capacity or as a Substitute

- (a) In the event employees are directed to perform the principal duties of a higher paying position for a period in excess of five (5) work days, they shall receive an increase of ten percent (10%) of their rate of pay for the time in which they are actually performing the higher rated duties.
- (b) If the major responsibilities of the higher rated position are assigned to the employee, the rules of promotion will apply in determining the rate of pay.
- (c) When a faculty member is asked to perform the duties of another employee who is on sick leave, attending a family emergency, or absent for any similar reason, the faculty member is entitled to fair compensation for those duties. For periods of time less than one week, the faculty member will receive this compensation by applying to Human Resources for an honorarium. In situations where these duties are performed for a protracted period of time (the equivalent of a week or more of full-time work), that faculty employee shall receive the additional pay appropriate for a substitute in the position filled. In cases where the faculty member is assuming additional duties by acting in a higher capacity, compensation shall be calculated as \$125.00 for periods greater than two weeks and less than one month. For periods greater than one month a payment will be given that is fair and equitable considering the time and circumstances of each case.

22.3 Faculty Advancement

- (a) Faculty, Education Advisors and Directors will be eligible for placement on the next higher increment (up to maximum on their pay scale) as of the first day of the month following the earning of twelve (12) months of seniority as defined in Article 15.1 (Calculation of Seniority).
- (b) An increment may be withheld or, in the case of an employee at maximum, withdrawn for less than satisfactory service, based on the employee's evaluation report.
- (c) The employer may grant more than the annual one (1) pay increment for improved qualifications. A faculty member, who has completed six (6) months or more of continuous service, may advance one extra step or more on the faculty salary scale in a given year as recognition for an achievement which brings recognition to UFV or for educational or professional achievement. Additional annual steps for improved qualifications may be requested by application to the Associate Vice President of Human Resources. Additional salary steps which may qualify for certain educational and professional achievements are listed in Article 22.6(a) (Schedules and Placement on Schedules). Faculty are encouraged to apply for approval of increased steps for the improved qualifications prior to commencing work on the qualification to ensure that UFV will recognize the qualification being obtained. The salary increases resulting from this advancement shall take effect on the employees' normal increment date.

22.4 Additional Responsibilities

A faculty member who accepts in writing special responsibilities such as serving as a Department Head shall normally be granted the release time necessary to fulfill those responsibilities. However, the appropriate Dean or excluded administrator may, after consultation with the coordination group, grant additional compensation by salary adjustment when the normal duties and responsibilities defined in the relevant job description are exceeded.

22.5 Pay Days

Faculty, Education Advisors and Directors' salaries shall be paid in twenty-four (24) equal instalments. Pay shall be issued at the employee's place of work or at such place as the employee may request in writing and of which the Employer approves.

Minimum qualifications of Doctorate or appropriate journeyman certification and at least fifteen (15) years journeyman experience, or equivalent of either, shall have a base placement of Step Three (3).
- (b) Vocational teaching experience evaluated by the Employer as more than satisfactory shall be considered as equivalent journeyman experience under these provisions.
- (c) Sessional Instructors who are appointed to Type B Faculty positions will have the number of sections taught at UFV taken into account when placement on scale is determined, in addition to experience taken into account under Article 22.7 (Recognition of Previous Comparable Experience).
- (d) Initial placement on the Salary Scale is not grievable.
The Employer may, with the consent of the employee, change the initial placement of the employee.

22.7 Recognition of Previous Comparable Experience

Previous comparable work experience as evaluated by the Employer shall be recognized at the rate of one (1) step for each year of full-time experience. Where such experience is recognized, teaching assistantships, laboratory experience, and related part-time experience shall be recognized on a proportional basis not to exceed point five (.5) to one (1). Comparable work experience shall be determined by the Employer to a maximum of seven (7) additional steps.

ARTICLE 23: ALLOWANCES/DEDUCTIONS

23.1 Travel Requirements

Duties may require employees to travel between the main UFV campuses, or to other locations within or outside the UFV region.

The University being a multi-campus institution, all employees are obliged to arrange for transportation, since they may be expected to teach or work at one or more of the University campuses or other locations where University business is conducted.

Required travel does not include the mileage employees travel in arriving at work and returning home from their place of work.

Expenses for travel required by UFV, including reasonable accommodation and meal expenses in emergency situations, will be paid to employees in accordance with this article.

23.2 Mileage

- (a) Employees required to use private vehicles for UFV business will be reimbursed at the rate of fifty cents (50) cents per kilometre effective September 1, 2008. Effective the first pay period after March 31, 2016, the rate will be fifty-two cents (\$0.52) per kilometre. Effective the first pay period after March 31, 2017, the rate will be fifty-three cents (\$0.53) per kilometre. Effective the first pay period after March 31, 2018, the rate will be fifty-four cents (\$0.54) per kilometre.

For the purposes of mileage calculation, Sessionals teaching a 50% or greater annual duty load in two consecutive semesters will be assigned to the campus where the majority of their teaching load will take place. Type D employees and Sessionals teaching a less than 50% duty load (semester based) do not get mileage to travel between campuses.

Employees are to arrange this through the Payroll Financial Analyst before the start of a semester. Payroll will determine the deduction schedule.

ARTICLE 24: PROFESSIONAL DEVELOPMENT AND LEAVES

24.1 Joint Intent

It is mutually agreed that professional development is in the interest of both parties for the purpose of assisting employees to upgrade present skills and knowledge, adapt to new work methods and procedures, and prepare for career advancement within UFV. Furthermore, levels of funding for professional development should, whenever possible, enable employees to participate fully in the activities defined in this article.

Professional development does not include time and money spent on regular UFV business, nor does the term include training or education required rather than recommended by UFV.

The Employer may refuse to grant leave to an employee where such leave would disrupt the operation of UFV, as determined by the Employer within guidelines established by the Joint Professional Development Committee, but this decision may be grieved by the employee. Such decisions regarding assisted exchange leaves shall be made in consultation with the appropriate employees in the affected area.

ARTICLE 26: SICK AND SHORT-TERM DISABILITY LEAVE

26.1 Sick and Short-Term Disability Leave

Sick and Short-Term Disability Leave (STDL) is intended as a form of income protection against injury or illness which would otherwise result in income loss.

26.2 Eligibility for Sick and STDL

Type A or Type B employees become eligible for sick and/or STDL benefits upon commencement of service with UFV. Type C employees are eligible for sick leave only. All other categories of employees are ineligible for sick or STDL benefits.

26.3 STDL and Workers' Compensation

- (a) In the event that an employee is absent from work as the result of an illness or injury for which the employee is receiving benefits under the Workers' Compensation Act of BC, the employee is entitled to the sick and STDL benefits under this Agreement during such absence, provided that the WorkSafe BC benefits are paid over to the Employer.
- (b) Type C employees receive Sick Leave benefits until the end of their contract period only.

26.4 Calculation of Benefits

- (a) In any one (1) calendar year, a full-time Type A or Type B employee is eligible for the following sick and STDL benefits:
 - (i) a total of thirty (30) work days of coverage at one hundred percent (100%) of the employee's applicable rate of pay. Up to ten (10) of these days may be used for the care of a dependent child under the age of 12 who is ill; a doctor's note may be requested by the employer for such absences;
 - (ii) if and when the thirty (30) days provided for in (i) have been used, a further total of sixty-four (64) work days of coverage at 70% of the employee's applicable rate of pay;
 - (iii) in the event of an absence for reasons of illness or injury which exceeds ninety-four (94) consecutive calendar days, the LTD provisions of this Agreement come into effect and take precedence over the STDL benefits.
- (b) In any one (1) calendar year, a part-time Type A, Type B or Type C employee is eligible on a pro-rata basis. The following formula will be used to calculate the pro-rata entitlement:

$$\frac{ADD \times PTWL \times 100}{1824} = \text{Percentage of sick \& STDL days}$$

Where:

ADD = "Assigned Duty Days": the number of assigned duty days in a calendar year required by a particular appointment.

PTWL "Part-Time Work Load": the work load assigned to the particular employee, expressed in working hours, or equivalent, per day.

1824 = the number of working hours in a full-time work year, calculated on the basis of one hundred and fifty-two (152) work hours per month, multiplied by twelve months per year.

- (c) Faculty and Staff with 50% or greater temporary contracts accrue a proportion of the 30 days sick leave. Faculty and Staff with less than 50% temporary contracts are not eligible for sick leave.

26.5 Qualifications on STDL Absences

The following qualifications apply to any claim for benefits under the STDL plan:

- (a) **Casual Absence:** An absence of four (4) consecutive work days or less due to illness or injury will be referred to as a "casual absence" and will not normally require a physician's certificate. However, where there appears to be excessive use or abuse of such absences, medical certificates acceptable to the Employer may be required.
- (b) **Extended Absence:** An absence of more than four (4) consecutive work days due to illness or injury will be referred to as an "extended absence". A medical certificate acceptable to the Employer shall be required for any such absence.
- (c) **Recurrent or Persistent Absence:** In cases of recurrent or persistent absences due to illness or illnesses, the Employer may:
 - (i) require a medical evaluation of the employee's suitability for continued employment, and/or
 - (ii) require employees to take sick leave until they can produce medical evidence acceptable to the Employer that they are again fit for their employment.
- (d) **Quarantine:** In the event that employees are placed under quarantine due to the illness of others, the employees will be entitled to receive STDL benefits in the same manner as they would if they were suffering from the illness.

26.6 Change in Entitlement

In the event that employees who have been absent due to illness or injury return to work but only to shorter hours or reduced workloads, they shall be entitled to future STDL benefits only on a pro-rata basis.

26.7 Medical Certificates

- (a) In addition to those circumstances specified in relation to casual absences, extended absences and recurring or persistent absences, the Employer may require an acceptable medical certificate in any case where at least twenty (20) work days have elapsed since the last medical certificate was received, and the employee has been in receipt of STDL benefits throughout that period.
- (b) The Employer will only recognize medical certificates completed by medical practitioners qualified to practice in the province of B.C., or a professional consultant to whom the employee is referred by such a medical practitioner.
- (c) The Employer may cease to pay STDL benefits, or may reclaim such benefits which have been paid, when an employee does not provide requested evidence of medical disability during the benefit period, or within five (5) work days after returning to work.

- (d) The costs of medical examinations and certificates, as required to substantiate claims under the STDL plan, shall be the responsibility of the employee. An employee is not entitled to take time off with pay in order to attend such examinations or to obtain such certificates. At the discretion of the Employer, time off with pay may be granted where the employee can demonstrate unusual or emergency circumstances.
- (e) The Employer may require an employee who is claiming STDL benefits to be examined by a medical practitioner selected by the Employer.

26.8 Integration with Other Disability Income

In the event that an employee is entitled to receive disability income benefits from sources other than these STDL provisions for the same illness or injury, then the STDL benefits will be reduced by any amount by which the total benefits received from all sources is in excess of one hundred percent (100%) of the employee's normal earnings from UFV.

26.9 STDL Benefits Not Payable During Certain Periods

STDL benefits will not be paid during the following periods:

- (a) When employees are absent on annual vacation;
- (b) When employees are engaged in other employment. An exception will be made in circumstances where there is medical evidence that the illness or injury prevents them from carrying out their duties for UFV but nevertheless allows them to perform work tasks in other employment without impeding recovery;
- (c) While on strike or locked out, unless the strike or lockout occurred after the commencement of the illness or injury;
- (d) During a suspension without pay;
- (e) During any leave of absence without pay, except where dictated by legislation as in the case of maternity leaves, or as otherwise specifically provided for in this Agreement;
- (f) During any leave of absence with less than normal pay, except as specifically provided for in the granting of such leave, as in the case of Educational Leave;
- (g) Any time period in which the employee would not have been deemed to be working for the Employer under the terms of their appointment.

26.10 Employee's Responsibility

- (a) An employee who is unable to report for work as a result of illness or injury shall inform the Employer, or cause the Employer to be informed, as soon as possible. In all such cases, it is recognized that time is of the essence because of the possible need to schedule relief employees.
- (b) Pursuant to UFV procedures, the employee may be required to inform the Employer of the expected date of return to work, the nature of the illness or injury, and the name of the employee's attending physician.
- (c) All absences will be recorded by the employee on prescribed Absence Reports and submitted to the appropriate administrator.

26.11 Calculation of STDL Periods

STDL will be calculated to the nearest half (½) day in the case of Type A and Type B employees. In the case of Type A and B part-time employees, STDL will be pro-rated as otherwise provided in this Agreement.

26.12 STDL Benefits Upon Layoff

- (a) Subject to (b) below, employees who are receiving STDL benefits shall continue to receive such benefits upon layoff until the termination of the illness or injury or until the maximum benefit entitlement has been utilized, whichever comes first, if the layoff notice is given after the commencement of the illness or injury for which STDL benefits are being paid.
- (b) In the event that the layoff notice was given prior to the commencement of the illness or injury, benefits will cease on the effective date of the layoff only if the illness commenced within two (2) months before the effective date of the layoff.

26.13 Medical and Dental Appointments

- (a) The Employer is under no obligation to grant time off with pay to employees for purposes of medical and dental appointments. At the discretion of the Employer, time off with pay may be granted where the employee can demonstrate unusual circumstances. Leave for non-routine medical and dental appointments is covered by Article 25.7 (Special Leave - Type A or Type B Employees) or Article 26.5(a) (Qualifications on STDL Absences).
- (b) Permission to attend medical and dental appointments during work hours may be granted by an employee's administrator, provided that acceptable arrangements are made, such as making up time or adjusting pay.

26.14 Time Qualifications

- (a) In the event that an employee is absent due to the same illness or injury over a period of time which bridges from one calendar year into the next calendar year, the absence will be recognized to be continuous and the employee does not then begin the new calendar year with a renewed entitlement to STDL benefits. The employee would continue to receive STDL benefits until the total of ninety-four (94) work days of entitlement have been utilized.
- (b) Should the employee then return to work and subsequently be absent in the same calendar year with a new and unrelated illness or injury, the employee's entitlement to STDL is limited to the total of ninety-four (94) work days in that calendar year, less the number of work days already utilized with the first illness or injury in that same calendar year. However, the first thirty (30) days of STDL for the new and unrelated illness or injury will be paid at one hundred percent (100%) of full pay, with the remaining entitlement paid at seventy percent (70%) of full pay.
- (c) In the event that an employee returns to work from an absence due to illness or injury, then suffers a relapse which requires a further absence from work commencing within three (3) months of the return to work, the employee's STDL benefit does not begin again. In such case, the absence is deemed to be continuous for purposes of benefits claimed under the STDL plan.

ARTICLE 31: CONTINUING EDUCATION ACTIVITIES

Under the direction of UFV management, Continuing Education courses and programs are offered on an entrepreneurial model. CE Program Directors work collaboratively with the academic disciplines to provide learning opportunities that complement but do not compete with other UFV programs, and augment the credit offerings but do not replace them.

31.1 FSA Membership

- (a) A Continuing Education instructor who teaches 250 hours or more in each of two consecutive calendar years qualifies for FSA membership. Dues-paying membership commences during the second calendar year, once the 250 hour requirement for that year has been met.
- (b) FSA membership continues for six months from the last day worked.

31.2 Seniority

CE seniority is applicable only to eligibility for CE work of a similar nature (program offerings in the same topical area as previously taught).

31.3 Work Allocation

- (a) The CE Program Director (or designate) is responsible for evaluating the qualifications and suitability of an instructor for CE contracts.
- (b) Subsequent available work shall be assigned by the CE Program Director in the order below:
 - (i) CE instructors who have taught a particular offering in the previous six months shall be given the first right of refusal for repeat offerings, according to their seniority with that work, provided they have received satisfactory evaluations.
 - (ii) CE instructors who have taught in the previous six months and received satisfactory evaluations, will be given the first right of refusal for similar work according to their course seniority provided they are deemed qualified for the similar work by the CE Director. For the purposes of this agreement, “similar work” generally means a programming offering in the same topical area as previously performed.
 - (iii) In the case of two CE instructors of equal qualifications, where one instructor is an FSA member and one is not, the work will be assigned to the FSA member first.
 - (iv) In the case of two CE instructors who both have FSA membership, and are equally qualified, the work will be assigned to the FSA member with the most CE seniority with that particular work.

31.4 Evaluation

CE instructors will be evaluated by the CE Program Director in a fair and consistent manner using the CE instructor evaluation form approved by JPDC. Pending approval from JPDC, CE instructors may also be evaluated using the Instructor Administrative Evaluation. Performance will be considered to be satisfactory in the absence of evaluations.

31.5 Layoff and Expiry of Specified Term

CE Instructors' contracts shall be specified term contracts. The expiry of a specified term of appointment is neither a layoff nor a discharge and cannot be the subject of a grievance.

31.6 Employee Rights

- (a) CE instructors with FSA membership shall be granted internal status for UFV postings.
- (b) CE instructors with FSA membership are entitled to rights or provisions under the following Articles:

- ARTICLE 1: THE AGREEMENT
- ARTICLE 2: ASSOCIATION RECOGNITION AND RIGHTS
- ARTICLE 3: ASSOCIATION DUES AND MEMBERSHIP IN THE ASSOCIATION
- ARTICLE 4: EMPLOYER RIGHTS
- ARTICLE 5: TERM OF THE AGREEMENT

- ARTICLE 10: EMPLOYEE RIGHTS
- ARTICLE 14: TERMINATION AND DISCIPLINE
- ARTICLE 30: OCCUPATIONAL HEALTH AND SAFETY

31.7 Pay Scale

CE instructors shall normally be paid according to the CE instructor salary scale. The Employer shall maintain a consistent placement rationale for the use of this scale. In exceptional circumstances where market demand requires a higher pay rate, and the cost-recovery structure of the programming is able to support it, the CE Program Director may negotiate an individual contract at a higher rate than those in the pay scale.

The CE instructor salary scale rates include vacation and statutory holiday pay.

LETTER OF UNDERSTANDING ON TERMS AND PROCEDURES FOR TENURE AND PROMOTION OF UFV FACULTY

Effective the date of approval of this Letter of Understanding (LOU), the employer and the Association agree that the Terms and Procedures for Tenure and Promotion of UFV Faculty set out in the Appendix to this LOU will apply and will be incorporated into the collective agreement which will commence in 2014 as follows:

1. The Terms and Procedures for Tenure and Promotion of UFV Faculty set out in the Appendix to this Letter of Understanding will become effective on the date of approval of the Standards for Tenure and Promotion by the UFV Senate.
2. The parties agree that a review of the Terms and Procedures for Tenure and Promotion of UFV Faculty set out in the Appendix to this Letter of Understanding will take place during the term of the collective agreement commencing in 2014. This purpose of the review will be to identify modifications the parties agree are necessary to clarify the terms and/or address non-material procedural problems. Preferably the review will take place two years after the procedures are implemented.
3. The review will be carried out by a four-person committee, with two members appointed by the FSA and two members appointed by the employer. The parties agree that all committee members will be familiar with the terms and procedures and that at least one member will have served during the previous two years as chair of one of the Tenure and Promotion committees of faculty and/or Senate.
4. The parties anticipate that Senate approval of the Standards for Tenure and Promotion of UFV Faculty will be complete no later than December 31, 2014, leading to a January 1, 2015 implementation date for the Terms and Procedures for Tenure and Promotion of UFV Faculty. The review committee would therefore commence its work on January 1, 2017 and deliver its report to the LAM committee on April 30, 2017. After reviewing the report, the LAM Committee will refer recommended modifications to the Agreements Committee of the UFV/FSA Collective Agreement and to the parties' principals for approval with the intention of enabling changes to be in place prior to the August 1 normal appointment date for new faculty. The actual dates for the review will be established by LAM with the intent of enabling changes before the normal August 1 Start date for UFV faculty.
6. Where the parties do not agree on a recommended modification or modifications to the Terms and Procedures for Tenure and Promotion of UFV Faculty, the parties agree that the relevant language set out in this Letter of Understanding will remain in effect, and that the recommendations will serve to inform the principals to this agreement with respect to future negotiations.
