

EXCESS LOSS PL/PRODUCTS & EL

Underwritten by market-leading insurers, this facility is available for construction with very few excluded trades. We are prepared to discuss any risk.

Today's society is becoming increasingly litigious. As a result, it is important for businesses to have adequate limits of indemnity in place for

Public Liability, Products & Employers Liability.

Nowadays, most insurers are not keen to give limits in excess of £5m (Employers Liability £10m) as a primary layer, so Excess Layer insurance has become a cost-effective way of purchasing higher limits of indemnity.

BENEFITS

- Excess loss up to £20m on EL and PL
- Competitive premiums
- Single contract or annual policy quotes

TARGET BUSINESS

- Usual construction trades
- Higher risk construction trades
- Hazardous locations works
