## Why Choose AgShield?

---

Many standard insurance policies include a number of add-ons that offer little or no real benefit to you or your company and may mean that you pay for cover that is not relevant to your business. More importantly, they often fail to provide the essential cover that Agricultural Machinery Dealers require as a standard Motor Trade policy is normally aimed at the car Industry.

We specifically researched the requirements of Agricultural Machinery Dealers to ensure that the cover is both adequate and relevant.

Our staff are regularly asked to quote against existing Motor Trade policies that have unworkable restrictions, are very expensive and have levels and areas of cover that have not been properly reviewed or are missing completely.

## Why Consider Lucas Fettes & Partners?

---

As one of the UK's largest Independent Insurance Brokers and Independent Financial Advisers, Lucas Fettes & Partners provide specialist insurance solutions to the business community. A number of our staff have been involved in the Agricultural Motor Trade insurance sector for over 25 years.
