

LUCAS FETTES
& PARTNERS

Insurance and risk management solutions
**as individual as your
independent school**

As an independent school you will have unique business and risk issues, some of which can be overlooked by other insurance companies and brokers. Lucas Fettes & Partners are different.

We are one of the few insurance brokers in the country with a team of true education sector specialists and access to a range of markets, including an exclusive relationship with an insurer new to the UK education sector and rated AA- by Fitch.

We recognise that no two schools are the same and know from experience that we can only provide you with the most appropriate advice and solutions if we spend sufficient time understanding the specific risks you face – that is why we come and visit you in person to undertake a full risk assessment and address key areas of concern.

Then, from the comprehensive range of insurance covers and risk management services we have access to, we will take the time to build a tailored programme designed to respond to your individual challenges, giving you the assurance that your budget is allocated where you need it most and your premium represents value for money, whether you purchase individually or as part of a group.

What insurance covers can we provide independent schools?

The covers we can arrange are designed to be tailored to meet your needs. They can include:

For schools and staff:

- Absence Management (including Maternity), Rehabilitation and Supply Cover
- Buildings, Contents and Property Damage, including Accidental or Malicious Damage
- Business Interruption
- Equipment Breakdown for Engineering and Computer Equipment, including Statutory Inspections of Pressure, Lifting and other Plant
- Management Liability including Employers' Liability, Governors' and Officers' Liability and Indemnity for Teachers
- Public Liability
- Fidelity Guarantee
- Legal Expenses
- Motor/Minibus and Occasional Business Use for Teachers' Vehicles
- Personal Accident
- Out-of-school Clubs and Holiday Clubs
- Travel
- Claims Assistance

For pupils:

- Pupils' Personal Accident
- Pupils' Personal Effects including Educational Trips
- Termly School Fees Remission

How can we help you reduce the risks to your school?

We are committed to helping independent schools continually review and reduce their exposure to risk, often attracting lower insurance premiums as a result. Our services include:

Full security review

We can arrange a free review and appraisal of your security measures and provide advice on reducing your future exposure to security risks.

Managing health and safety and employment law risks

Our cost-effective solutions include an online portal which provides specimen forms and templates, legislation updates and news on health and safety, environmental law, employment law and business continuity; telephone advice lines staffed by expert advisers; and employment tribunal insurance.

Business continuity planning

We can help you create or improve your business continuity plan, ensuring that it is robust enough to respond to a wide range of exposures.

Disaster recovery service, including claims assistance

We can arrange cover which, in the event of a disaster, will provide the services of a dedicated Chartered Loss Adjuster who will work with you to help implement the disaster recovery plan, suggest actions to mitigate disruption to your school and negotiate with insurers and third parties on your behalf, ensuring a timely settlement of your insurance claim.

What else can we help with?

Valuations

We can arrange a valuation to assess the true value of your assets to ensure that you are neither under-insured nor overpaying.

Financial planning and employee benefits

We can help you ensure that your employee benefits provision delivers value to your school; helps you attract, retain and protect the right people; and complies with legislation. We can assist you in meeting your automatic enrolment duties under the new pension reform legislation.
