## Key ArtWorks – a collection of art coverages

Displaying a priceless masterpiece or a modern art collection is what moves your organisation forward. But maintaining a permanent collection or organising a temporary exhibition comes with risks.

And where risk is involved, great art needs great answers. That's why we've created a flexible financial loss cover especially for museums and art foundations.

### Innovative Coverage

#### Key ArtWorks – Cancellation & Abandonment

Dedicated coverage for cancelled or abandoned fine art exhibitions. You lose not only visitors but time invested for research and preparation of the exhibition.

#### Key ArtWorks – Consequential Loss

Flexible consequential loss coverage when key artworks belonging to a permanent collection are stolen or unfit to be displayed to the public. A loss of visitors could also mean a loss of revenue.

We're one of the world's leading fine art and specie insurers. With the experience and creativity to work with all types of institutions, museums, and art foundations. Top quality service and award-winning, fast and fair claims handling are our priority.
