

Beazley

Small Business Solutions

Specialist insurance for small businesses.

Beazley Small Business Solutions

Beazley has been underwriting small business risks for over 20 years. During this time we have listened carefully to our brokers' feedback and developed our product and service offering in response.

Speed	Service	Price
Premium indications within minutes	Direct access to experienced underwriters who are empowered to make quick decisions on individual risks and scheme opportunities	Interest free direct debit options
Auto renewals	Unique value added services designed for SMEs	Minimal referrals
Urgent treatment of all referrals	A healthy appetite for US exposure	Competitive premiums

Speed, service and pricing considerations form the foundation of our small business solutions. Developing this approach for, and with, our brokers has made us a leader in the sector.

Claims

We have invested heavily in claim support to offer our clients a highly proactive service in the event of a claim. It is a model that brings more value to our clients and provides a "one stop shop" for their insurance needs.

Our SME claims team is made up of small business specialists, most of whom are former lawyers. At Beazley, claims managers work closely alongside underwriters during every step of the underwriting process. They are involved in the drafting of wordings, to ensure that the intention is closely observed, and will accompany underwriters to client meetings when requested.

Target clients

Our specialist knowledge is reflected in the 200 plus professional activities that we currently insure. We have a particularly advanced understanding of the following:

- Technology risks
- Media risks

We welcome conversations with our brokers regarding activities that we are yet to insure.
