

NUCLEAR, BIOLOGICAL, CHEMICAL, RADIOLOGICAL (NBCR) INSURANCE

Aspen's Crisis Management team is proud to offer NBCR coverage as a result of terrorism. Our standalone product provides brokers with a differentiated value proposition by providing policyholders affordable, complete protection from a risk that is generally excluded in standard terrorism policies.

COVERAGE

We cover the U.S. and First World Countries, offering up to US\$25 million of coverage against property damage, business interruption and clean-up costs (including decontamination) resulting from a NBCR attack occurring within a 500 meter radius of an insured's premises.

APPETITE

We have a broad and competitive appetite, including primary and excess layers on risks in major U.S. cities and capacity to write in Manhattan.

PREFERRED OCCUPANCY CLASSES

- Commercial Property
- Manufacturing and industrial plants
- Heavy Industry and power generation
- Oil and Gas
- Infrastructure

GENERALLY AVOIDED OCCUPANCIES

- Government owned/occupied assets
- Transportation systems and hubs
- Military assets

VALUE PROPOSITION

Aspen leverages partnerships with intelligence consultancies to execute quick analysis, and our underwriters aim to return quotes for NBCR coverage within 48 hours.

INFORMATION REQUIRED TO QUOTE

- Asset and BI values
- Location of premises
- Occupancy information
- Required limit of cover
