

Biogas and Solar package

Your insurance package for biogas and solar plants, projects or facilities.

CHUBB®

Chubb's Biogas and Solar package provides a dedicated product which delivers continuity of coverage across all sections of the policy. Claims are handled by Chubb's in house, by our award winning claims team who work in conjunction with an outside dedicated loss adjuster.

We also have a dedicated team of expert risk engineers who can provide your clients with technical, risk engineering and risk management advice.

What we offer

Chubb's package offers a seamless insurance policy covering the construction and operational phases of Anaerobic Digestion (AD) facilities and photovoltaic solar facilities, including:

- Construction of project
- Operation of plant
- Employers' liability
- Public and products liability
- Environmental liability

Who we target

Our target market is:

- Anaerobic digestion and solar plants
- UK based
- Above £1m project value / total insured value

What we cover

All risks during the course of construction, with subsequent maintenance and defect liability cover.

Delay in start-up / advance delay in-start up and primary third party liability coverage.

Excess casualty during the construction phase.

Bespoke primary liability cover in respect of the operational phase of the project.

Environmental cover for new and/or historical pollution risks, including biodiversity damage and odour claims.

Seamless first year operational cover with an option for two years' cover.

First-party business interruption coverage upon completion and operation of the facility.

First-party replacement costs coverage to include green betterments.

Transportation liability as standard for materials transported during the construction phase.

Crisis containment management costs.

Why choose Chubb?

Award winning claims service.

Chubb's claims service is consistently acknowledged as one of the best in the market:

- all claims handled by in-house
- one loss adjuster engaged throughout any claim

No gap in cover. Seamless build-to-operate package.

Loss control. Chubb's global team of 350+ loss control specialists have in-depth knowledge to help your clients mitigate risk.

Expertise. Chubb has more than 40 years' experience in the construction and engineering market.

Strong financial ratings. Chubb's financial strength underpins its long-term ability to pay claims.

Benefits of a dedicated package

Cover/Service	Benefits
Specialist expertise	Through Chubb's specialist experience and knowledge base, we are able to offer support and advice to clients including risk management services tailored to this specialised sector. Early involvement from our risk engineers is beneficial to the client and can ensure best practice from specification stage onwards.
Construction all risks	Cover includes construction all risks during the course of construction (plus maintenance / defect liability provisions), primary third party liability / Delay in Start Up (DSU) or Advanced Loss of Profits (ALoP). Chubb European Group Limited registered number 1112892 registered in England & Wales with registered office at 100 Leadenhall Street, London EC3A 3BP. Authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Full details can be found online at <https://register.fca.org.uk/>

IMPORTANT NOTICE: In order to prepare for the UK's exit from the European Union, Chubb is making certain changes. It is currently anticipated that during 2018 Chubb European Group Limited will convert to a public limited company, when it will be known as Chubb European Group Plc. It is then proposed that the company converts into the legal form of a European Company (Societas Europaea), when it will be known as Chubb European Group SE. The company will still be domiciled and have its registered office at the same address in England and will remain authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority.
