

KIDNAP & RANSOM

Private Family

Kidnap for ransom and extortion are a growing element of global criminal and terrorist activity. There are estimated to be over 30,000 of these incidents a year, most of which go unreported, and they are becoming an ever increasing threat to high net worth individuals and their families. Now, more than ever, it is important to have a comprehensive package of both insurance and service protection to respond to these worldwide crisis events. Whether you are at home, travelling on business or with your family on vacation you could be at risk.
