### Important information concerning your personal information

Please carefully read the following before you sign and date the declaration.

Your insurance cover includes cover for individuals who are either insureds or beneficiaries under the policy (individual insureds). We collect and use relevant information about individual insureds to provide you with your insurance cover and to meet our legal obligations.

This information includes individual insureds' details such as their name and address [and may include more sensitive details such as information about their health and criminal convictions].

We will process individual insureds' details, as well as any other personal information you provide to us in respect of your insurance cover, in accordance with our full Markel privacy notice, a copy of which is available online at http://www.markelinternational.com/foot/privacy-policy/ or on request.

### Information notices

To enable us to use individual insureds' details in accordance with current data protection laws, we need you to provide those individuals with certain information about how we will use their details in connection with your insurance cover.

You agree to provide to each individual insured this short form information notice on or before the date that the individual becomes an individual insured under your insurance cover or, if earlier, the date that you first provide information about the individual to us.

### Minimisation and notification

We are committed to using only the personal information we need to provide you with your insurance cover. To help us achieve this, you should only provide to us information about individual insureds that we ask for from time to time.

You must promptly notify us if an individual insured contacts you about how we use their personal details in relation to your insurance cover so that we can deal with their queries.

### Important information concerning your duty to make a fair presentation of risk

Before the insurance policy takes effect you have a duty to make a fair presentation of the risks to be insured.

A fair presentation of the risk is one

- gives us sufficient information to put us on notice that we will need to make further enquiries for the purpose of revealing those material circumstances, and
- which makes that disclosure in a manner which is reasonably clear and accessible to us, and
- in which every material representation as to a matter of fact is substantially correct and every material representation as to a matter of expectation or belief is made in good faith.

A *material circumstance* is one that would influence our decision as to whether or not to agree to insure you and, if so, the terms of that insurance. If you are in any doubt as to whether a circumstance is material you should disclose it to us.
