Public and Product Liability Insurance in the UK

Public Liability insurance covers the cost of claims made by members of the public for incidents that occur in connection with your business and covers the cost of compensation for personal injury, death and loss of, or damage to, third party property.

Product Liability insurance covers the costs of compensating anyone who is injured, made ill or killed by a faulty product that your business designs, manufactures or supplies. So it is an essential form of cover for businesses that interact with clients, suppliers and members of the general public.

At TMK we have extensive specialist knowledge of providing these types of cover across a range of industries. These include manufacturing, construction, food retail, security, distribution and sport and leisure, and we can underwrite across both Company and Lloyd's platforms, whichever best suits your business.

We can cover

- Up to GBP100m capacity for Primary Public Liability/Product Liability
- Up to GBP100m excess layer capacity
- Incidental Professional Indemnity cover up to GBP10m
- US Jurisdiction
- No limitation on % of USA/CAN exports
- Single Projects – no restriction on policy period
