Coverage highlights

Directors and officers cover

We offer expansive directors and officers cover, including cover for trustees sitting on the board of an outside entity and investigation costs relating to claims brought against you.

Fiduciary liability

If a company or employer is accused of mismanagement or breach of the provisions of an employee benefits plan, our policy covers the costs they become legally obliged to pay as a result as well as costs and expenses incurred during the process.

Employment practices liability

Our policy provides broad cover for the entity, directors and officers, management personnel, and employees for claims made by employees alleging wrongful acts arising from the employment process.

Cyber and privacy cover

Our cyber and privacy cover protects you against a variety of cyber attacks and data loss scenarios. The cover includes loss or breach of data held in the cloud, cyber extortion, and hack attacks on third parties emanating from your computer systems.

Wide crime cover

Our crime cover goes further than most other policies and protects against cyber crime such as electronic identity theft and fraudulent online money transfers, as well as traditional employee or third party crime involving the misappropriation of company assets.

Kidnap, ransom & extortion cover

Our policy provides cover for kidnap and ransom, including the reimbursement of a ransom and the payment of costs associated with kidnap, such as security consultancy costs, bodily injury, legal liability and emergency evacuation. Our extortion cover extends to cyber extortion, a growing area of exposure for any company with a digital presence.
