

## Environmental Impairment Liability Insurance

Environmental impairment is a growing concern for many businesses that are involved in transportation or trade.

Conventional coverages under a general liability policy are no longer adequate to protect the sophisticated and complex operations of today's businesses. Stricter regulatory requirements have increased the demand for a broader risk management and insurance solution.

Environmental Impairment Liability Insurance can cover a business at their premises (including tanks), while working off-premises, and while in transport by sea, air, road and rail.

### Policy Benefits

Eagle has developed a unique product. Our brokers and clients have many benefits including:

- Customization for a particular peril
- Identification and assessment of a key environmental risk
- Comprehensive information on developing environmental regulations
- Combine with other insurance coverages such as marine liability, aviation liability, cargo liability

### Standard Coverages

EIL provides much wider coverage than a general liability policy:

- 1<sup>st</sup> party clean-up
- 3<sup>rd</sup> party clean-up, bodily injury, property damage, natural resource damage
- Emergency response
- Gradual and sudden
- Transportation
- Contractors / Insured Work
- Business Interruption
- DIC Automobile Pollution

### Key Segments

**Marine** – marinas, terminals, ports, boat yards, ship builders

**Aviation** – airports, fuelers, aircraft operators, manufacturers

**Other transportation** – rail, truck

**Contractors** – maintenance, repair, overhaul, service companies, consultants
