

Companies around the world are facing a new level of risk in their efforts to meet environmental compliance and regulatory requirements. Enter Starr Environmental Shield - a new customized insurance product designed to cover multiple manufacturing risks across global operations with a single underwriter overseeing and streamlining the design.

Starr Environmental Shield allows clients to choose a broad range of flexible and comprehensive liability policies for manufacturers, distributors and waste facilities and elect limits of liability that most effectively address their risks. The streamlined process provides a single point of contact for underwriting.
