Your Duty of Disclosure

Before You enter into a contract of insurance with Us, You have a duty, under the Insurance Contracts Act 1984, to disclose to Us every matter that You know or could reasonably be expected to know, is relevant to Our decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to Us before You extend, vary or reinstate the contract. This duty of disclosure applies until the contract is entered into (or extended, varied or reinstated as applicable).

Your duty however does not require disclosure of any matter:

- that diminishes the risk to be undertaken by Us; or
- that is of common knowledge; or
- that We know or, in the ordinary course of Our business as an insurer, ought to know; or
- as to which compliance with Your duty is waived by Us.

Non-disclosure

If You fail to comply with Your duty of disclosure, We may be entitled to reduce Our liability under the contract in respect of a claim, cancel the contract, or both.

If Your non-disclosure is fraudulent, We may also have the option of avoiding the contract from its beginning.

Privacy information

At Allianz, We give priority to protecting the privacy of Your personal information. We do this by handling personal information in a responsible manner and in accordance with the Privacy Act 1988 (Cth). We may use satellite imagery and any other technology or services to assist Us in the verification process of Your Crop(s) Potential Yield or Harvested Yield.

We reserve the right to undertake, at a reasonable time and frequency, an independent risk audit of the areas of the Property(ies) and Field(s) and the Provisional Yield and Harvested Yield in respect of all Crop(s) for which the Policy applies or should have applied within six (6) months of the expiry of the Period of Insurance.

Cotton Application

Any variations to the risk that materially affects the amount of premium payable or the value of a claim will be adjusted accordingly.

Inspection of Crop(s)

We may need to physically inspect the Crop(s) in order to establish an estimate of Your actual yield. We will provide You with no less than seven (7) days' notice of Our intention to inspect the Crop(s).

You must give Us or Our appointed representative all reasonable access and assistance at a reasonable time and frequency.

Insurers

In accepting Your application, Primacy is acting as agent of the insurer, Allianz Australia Insurance Limited, ABN 15 000 122 850, AFS Licence 234708 in arranging, entering into and administering this insurance.

If You wish to effect similar insurance for the next growing season, it will be necessary for You to complete a new Application.

You must insure Your whole Crop(s)

Unless You have declared a Field(s) as not to be covered in Your Application and We have agreed in writing that specific Field(s) are not to be covered then:

Prior to and including the Audit Date:

If the total area of Crop(s) of the type covered by the Policy and grown on the Property is found to be greater than the area of Crop(s) specified in the Schedule of Insurance by more than 25% for irrigated cotton and 50% for Dryland Cotton or semi irrigated cotton, You shall be considered as being Your own insurer for the difference and shall bear a rateable proportion of the claim accordingly.

After the Audit Date:

If the total area of Crop(s) of the type covered by the Policy and grown on the Property is found to be greater than the area of Crop(s) specified in the Schedule of Insurance by more than 5% per Field, You shall be considered as being Your own insurer for the difference and shall bear a rateable proportion of the claim accordingly.

In the event that the area of a Field has been incorrectly recorded or a Field has been omitted and We have agreed to adjust the insured area, a commensurate premium adjustment will be proposed.

We may cancel Your Policy if there is a change and We can't reach an agreement with You on altered terms and conditions or premium; or We are no longer prepared to insure You because there has been a material change to the risk.
