

Design-build

Learn more about this coverage.

Precise protection for every phase of the project

Access coverage for negligence, errors or omissions claims made against your business while working on design-build projects.

Our protection is extensive as it covers damages to the project itself, but also insures against bodily injuries and property damage which may happen as the result of negligent design.

Eligibility

- Applicants must have in-house design capability
- A majority of projects carried out by the firm must be undertaken under a design-build mandate

Coverage details

- Policy form – claims-made and reported
- Policy period – annual policies
- Capacity – limits range from \$1,000,000 to \$5,000,000
- Deductibles – starting at \$5,000
- Territory – services rendered and claims made anywhere in the world

Policy features

- Automatic 30-day extended reporting period
- Automatic coverage for newly created or acquired firms
