## What is Collectibles Insurance?

- Trusted comprehensive coverage for your collectible items at competitive rates.
- Almost anything that you can collect, PAL can protect.
- Examples: advertising memorabilia, books, comics, coins, ceramics, dolls, fine arts, jewelry, musical instruments, wine, sports memorabilia, and much more.

## Why insure your Collectibles?

Most personal property that can be easily replaced is covered by a homeowners insurance policy. But for those collections that may have taken years to assemble, a homeowners' policy does not go far enough in protecting prized collectibles.
