Target market

The scheme is primarily designed for employed individuals in professional occupations, with insured and spouse/civil partner, who drive vehicles with lower vehicle groupings. Whilst wider age limits exist, the ideal risk is generally between 35-55 years of age.

Are there any groups of customers for whom this product would be unsuitable or would not provide the intended level of value?

The product would be unsuitable for those driving very low value vehicle <£1,000 with regular vehicle changes and for risks requiring young drivers <20 year olds. Equally, someone with a propensity to drive higher performing vehicles would be better suited on a different product.

Date Fair Value Assessment completed	14/08/2024
--------------------------------------	------------

All intermediaries who distribute our products are reminded of their regulatory responsibilities to assess fair value to customers where separate fees are charged and/or premium finance is arranged. This also applies where an add-on product (not manufactured by us) is sold alongside the core product. Commission, fees or charges passed onto the customer must be proportionate to the service provided and provide fair value. We may from time to time request additional management information from our distributors to support the fair value assessment process.
