

CYBER

STARR

Starr’s Cyber team offers comprehensive cover for a broad range of industries, helping clients to manage this complex and evolving risk.

Our experienced underwriters work closely with clients to understand their risk profile and ensure that their insurance policy reflects their individual needs. The Cyber team specialises in UK and European risks, with solutions for clients ranging from mid-market to large corporate accounts. Starr operates as both a Lloyd’s Syndicate and Company market and offers cover for Cyber risks on both a Primary and Excess basis.
