mlxinsurance.com.au

MLX RISK PARTNERS (MLX) IS A WHOLESALE UNDERWRITING PLACEMENT SPECIALIST CREATED SOLELY TO PROVIDE RISK TRANSFER AND INSURANCE CAPACITY SOLUTIONS FOR COMPLEX, LARGE & SPECIALTY COMMERCIAL INSURANCE RISKS.

MLX has access to the leading global insurance markets and capital providers both onshore and in key insurance hubs around the globe. By accessing the vast capabilities of these markets for our broking partners, we can source alternative capital and risk placement solutions for the most complex commercial insurance risks.

OUR FOCUS

- Large commercial / industrial property placements
- Large and/or complex General Liability exposures (e.g. complex risks or requiring excess capacity support)
- Liability excess layers up to 30,000,000 and primary layer up to 20,000,000
- Unique or complex occupancy exposures (e.g. bespoke manufacturing, explosives, mining, storage, recycling, waste management, hospitality, island & catastrophe exposed risk)
- Access to Local and Offshore capital providers, securing optimal solutions tailored to your clients' needs
- Layered placements
- Additional Capacity to our existing Market Lane businesses, ensuring comprehensive coverage for your clients

SUMMARY

- An underwriting placement vehicle with in-house underwriting, risk management and direct access to alternate markets
- No minimum premiums or rates
- Locally based with fast turnaround times
- Access to unique lineslips and AA rated markets in Australia, Singapore and London
- Highly competitive terms on a wide range of large, complex and hard to place risks

RISK APPETITE

Some examples of our risk appetite include: Abattoirs - Amusement parks - Aquaculture - Automotive Industry (e.g. wreckers) - Clients with adverse claims history - CAT-exposed risks, including bushfire & cyclone - Disability Housing - Explosive manufacturing / storage (mining industry) - Food & Beverage Production - Hospitality - Island Resorts and Holiday Accommodations - Medicinal Cannabis Growing / Manufacturing - Mines - Quarries - Recycling - Remote Tourist Parks - Residential Strata (ISR placements) - Tyre Wholesaling / Retailing - Waste Treatment - Woodworking / Sawmills.
